Algebra Part 1 is mathematics that are learned typically in elementary school as basic math. This can vary from multiple different math products, but allows the math to stay simple for those new to the math field. Algebra Part 1 can include addition, subtraction, multiplication, division, and possibly even more. Math is important to everyone in this world. Algebra Part 1 will benefit everyone as they head into the real world. Every job will require their employees to know basic math no matter what the type of job is. Math is used in every job and kids must learn it.

Star of Fear, Star of Hope

HarperCollins

The classic ghost story from Penelope Lively, one of the modern greats of British fiction for adults

and children alike. When James' family moves to a ancient cottage in Oxfordshire (with grounds that are great for excavations and trees that are perfect for climbing), it doesn't take long for odd things to start happening. Doors crash open and strange signs appear, written in an archaic hand. James soon discovers the culprit: a ghost! It's the spirit of Thomas Kempe, a 17th century apothecary who wants James to be his apprentice. The problem? No one else believes in ghosts. It's up to James to get rid of him... An iconic ghost story for children, The Ghost of Thomas Kempe is adored by generations of readers.
