This book focusses on structural bonding, including many facets, like fundamental aspects of adhesion, science and technology of surfaces, adhesive materials, mechanical properties of bonded joints, innovative

designs and applications, testing and standardization, industrial aspects, quality procedures, environmental and ecological aspects. This first volume of the new series gathers selected contributions of the 6th international conference on structural adhesive bonding AB 2021, held in Porto, Portugal, 8-9 July 2021, represents the latest trends and serves as a reference volume for researchers and graduate students working in this field.

Instauration Heinemann
African countries and South Africa in particular, being multilingual and multicultural societies, make for exciting sociolinguistic and applied language analysis in order to tease out the complex relationship between language and identity. This book applies sociolinguistic theory, as well as critical language awareness and

translanguaging with its many facets, to various communicative scenarios, both on the continent and in South Africa, in an accessible and practical way. Africa lends itself to such sociolinguistic analysis concerning language, identity and intercultural communication. This book reflects consciously on the North – South debate and the need for us to create our own ways of interpretation emanating from the South and speaking back to the North, and on issues that pertain to the South, including southern Africa. Aspects such as language and power, language planning, policy and implementation, culture, prejudice, social interaction, translanguaging, intercultural communication, education, gender and autoethnography are covered. This is a valuable

resource for students studying African sociolinguistics, language and identity, and applied language studies. Anyone interested in the relationship between language and society on the African continent would also find the book easily accessible.

A book of poetic essays written in English, Kahlil Gibran's *The Prophet* is full of religious inspirations. With the twelve illustrations drawn by the author himself, the book took more than eleven years to be formulated and perfected and is Gibran's best-known work. It represents the height of his literary career as

he came to be noted as 'the Bard of Washington Street.' Captivating and vivified with feeling, *The Prophet* has been translated into forty languages throughout the world, and is considered the most widely read book of the twentieth century. Its first edition of 1300 copies sold out within a month.

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy.

Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

An African Discovery Peter Lang D

From best-selling author Holly Webb comes a brand new series full of mystery and intrigue following the adventures of a very determined heroine and her dog! Holly Webb fans will be thrilled to pieces to discover the adventures of Maisie Hitchins, the pluckiest little detective in Victorian London. Maisie Hitchins lives in her grandmother's boarding house, longing for adventure. She idolizes the famous detective, Gilbert Carrington, and follows his every case. But Maisie is about to be given the opportunity of a lifetime: her own mystery to solve! In the first book in this fantastic new series, Maisie rescues a puppy in peril whilst running an errand, and adopts him. She decides to investigate the puppy's original cruel owner, but instead gets tangled

up in an intriguing plot involving stolen sausages, pilfered halfpennies and a fast-paced bicycle chase. The streets of Victorian London are never safe, but Maisie's on the case!

Research Ethics in Africa

For years, it has been what is called a 'deteriorating situation'. Now all over South Africa the cities are battlegrounds. The members of the Smales family - liberal whites - are rescued from the terror by their servant, July, who leads them to refuge in his native village. What happens to the Smaleses and to July - the shifts in character and relationships - gives us an unforgettable look into the terrifying, tacit understandings and misunderstandings between blacks and whites.

And Still I Rise Springer

Since the historic Nuremberg Trial of 1945 an international customary law principle has developed that commission of a core crime under international law – war crimes, genocide, crimes against

humanity and aggression – should not go unpunished. History shows, that when in Africa such violations occurred, especially as a result of election disputes, national and regional actors, including the African Union, resorted to political rather than legal responses. However, when crimes against humanity were alleged to have been committed in Kenya during the 2007-2008 post-election violence, a promising road map for criminal accountability was agreed upon alongside a political solution. In the spirit of this road map, the author analyzes the post-election violence in Kenya from a legal point of view. He extensively examines legal options for domestic criminal accountability and discusses both retributive (prosecutions) and restorative justice (mainly truth commission) mechanisms, being the main legal responses to the gross

violations of human rights. Furthermore, he thoroughly investigates the Kenya situation before the ICC and the legal-cum-political responses to the ICC intervention in Kenya. Practitioners and academics in the field of international criminal law and related disciplines, as well as political sciences and (legal) history will find in this book highly relevant information about alternative legal approaches of the fight against and punishment of crimes against humanity, as defined under the ICC Statute.

Languages, Identities and Intercultural Communication in South Africa and Beyond

Good Press

Now a New York Times bestseller! From the author of *Truths I Never Told You*, *Before I Let You Go*, and the *The Warsaw Orphan*, Kelly Rimmer's powerful WWII novel follows a woman's urgent search for answers to a family mystery

that uncovers truths about herself that she never expected. "Kelly Rimmer has outdone herself. I thought that *Before I Let You Go* was one of the best novels I had ever read...If you only have time to read one book this year *The Things We Cannot Say* should be that book. Keep tissues handy."—Fresh Fiction "Fans of *The Nightingale* and *Lilac Girls* will adore *The Things We Cannot Say*." —Pam Jenoff, *New York Times* bestselling author In 1942, Europe remains in the relentless grip of war. Just beyond the tents of the Russian refugee camp she calls home, a young woman speaks her wedding vows. It's a decision that will alter her destiny...and it's a lie that will remain buried until the next century. Since she was nine years old, Alina Dziak knew she would marry her best friend, Tomasz. Now fifteen and engaged, Alina is unconcerned by reports of Nazi soldiers at the Polish border, believing her neighbors that they pose no real threat, and dreams instead of the day Tomasz returns from college in Warsaw so they can be married. But little by little,

injustice by brutal injustice, the Nazi occupation takes hold, and Alina's tiny rural village, its families, are divided by fear and hate. Then, as the fabric of their lives is slowly picked apart, Tomasz disappears. Where Alina used to measure time between visits from her beloved, now she measures the spaces between hope and despair, waiting for word from Tomasz and avoiding the attentions of the soldiers who patrol her parents' farm. But for now, even deafening silence is preferable to grief. Slipping between Nazi-occupied Poland and the frenetic pace of modern life, Kelly Rimmer creates an emotional and finely wrought narrative. *The Things We Cannot Say* is an unshakable reminder of the devastation when truth is silenced...and how it can take a lifetime to find our voice before we learn to trust it. Don't miss Kelly Rimmer's latest gripping novel, *The German Wife*. For more by Kelly Rimmer, look for *Before I Let You Go* *Truths I Never Told You* *The Warsaw Orphan*

This book discusses "tourism and hospitality" from different perspectives and disciplines. In addition, this book, considering the tourism and hotel management terminology, is expected to be a source book for the theoretical and practical scientific studies in the fields which is in close relationship such as gastronomy, recreation and marketing.

The Things We Cannot Say
Random House
CIOMS, in association with the World Health Organization, started its work on ethics in health-related research in the late 1970s. Accordingly, CIOMS set out, in cooperation with WHO, to prepare guidelines to

indicate how the ethical principles set forth in the Declaration of Helsinki of the World Medical Association, could be effectively applied, particularly in low-resource settings, given their socio-economic circumstances, laws and regulations, and executive and administrative arrangements. Since then revised editions of the CIOMS ethical guidelines were published in 1993 and 2002. New developments in research have prompted CIOMS to again revise their ethical guidelines. The result is now available in this new publication. In the new 2016 version of the ethical guidelines, CIOMS provides answers to a number of pressing issues in research ethics. The Council does so by stressing the need for research having scientific

and social value, by providing special guidelines for health-related research in low-resource settings, by detailing the provisions for involving vulnerable groups in research and for describing under what conditions biological samples and health-related data can be used for research. Progress towards a world where all can enjoy optimal health and health care is crucially dependent on all kinds of research including research involving humans. Involving humans in medical research is necessary to improve the knowledge base on which medicine should be based. At the same time, individuals participating in health-related research have individual human rights and have a right to be protected against the risks that

research may bring to them. The tension between these two considerations has led the medical community to endorse ethical guidelines for health-related research. Research Ethics Committees can use these guidelines to evaluate whether a given research protocol is ethically acceptable or not.

An African Elegy Springer Nature

Academia's Digital Voice: A Conversation on 21st Century Higher Education provides critical information on an area that needs particular attention given the rapid introduction and immersion into digital technologies that took place during the pandemic, including quality assurance and assessment. Sections discuss the rapid changes called into question as student mobility,

pedagogical readiness of academics, technological readiness of institutions, student readiness to adopt online learning, the value of higher education, the value of distance learning, and the changing role of administration and faculty were thrust upon institutions. The unprecedented speed of international lockdowns caused by the pandemic necessitated HEIs to make rapid changes in both teaching and assessment approaches. The quality of these and sacrosanctity of the academic voice has long been the central tenet of higher education. While history is replete with challenges to this, the current, rapid shift to online education may represent the greatest threat and opportunity so far. Focuses on the academic voice in

Domestic and International Legal Responses Penguin UK

Dreams are the currency of Okri's writing, particularly in this first book of poems, *An African Elegy*, but also in his books of short stories and prize-winning novel *The Famished Road*. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, *Times Literary Supplement*
