In the year 1492, the Inquisition has all of Spain in its grip. After centuries of pogrom-like riots encouraged by the Church, the Jews - who have been an important part of Spanish life since the days of the Romans - are expelled from the country by royal edict. Many who wish to remain are intimidated by Church and Crown and become Catholics, but several hundred thousand choose to retain their religion and depart; given little time to flee, some perish even before they can escape from Spain. Yonah Toledano, the 15-year-old son of a celebrated Spanish silversmith, has seen his father and brother die during these terrible days - victims whose murders go almost unnoticed in a time of mass upheaval. Trapped in Spain by circumstances, he is determined to honor the memory of his family by remaining a Jew. On a donkey named Moise, Yonah begins a meandering journey, a young fugitive zigzagging across the vastness of Spain. Toiling at manual labor, he desperately tries to cling to his memories of a vanished culture. As a lonely shepherd on a mountaintop he hurls snatches of almost forgotten Hebrew at the stars, as an apprentice armorer he learns to fight like a Christian knight. Finally, as a man living in a time and land where danger from the Inquisition is everywhere, he deals with the questions that mark his past. How he discovers the answers, how he finds his way to a singular and strong Marrano woman, how he achieves a life with the outer persona of a respected Old Christian physician and the inner life of a secret Jew, is the fabric of this novel. The Last Jew is a glimpse of the past, an authentic tale of high adventure, and a tender and unforgettable love story. In it, Noah Gordon utilizes his greatest strengths, and the result is remarkable and moving.

A Murder on the Appian Way Open Road Media

This New York Times Notable Book is a "sweeping historical drama" of a physician and his family on the Illinois frontier in the nineteenth century (The New York Times Book Review). Dr. Robert Judson Cole travels from his ravaged Scotland homeland, through the operating rooms of Boston, to the cabins of frontier Illinois. In the wilderness he befriends the starving remnants of the Sauk tribe, who have fled their reservation. In the process, he absorbs their culture and learns native remedies that enrich the classical medical education he received at Edinburgh University. He marries a remarkable settler woman he had saved from illness. The details of how their deaf son manages to become a physician also, despite his handicap, and the story of how the Cole family is sucked into the bloody vortex of the Civil War and survives, makes an exceptional reading experience.

A man travels to Israel to uncover a diamond's remarkable past in this vivid historical saga from the New York Times—bestselling author of The Physician. A diamond cutter and seller from a long, respected line of precious-gem dealers, New Yorker Harry Hopeman is intrigued by the story of the so-called "Jerusalem Diamond," a magnificent yellow jewel rumored to date back to the biblical time of King Solomon. So when he's asked to broker a deal that will return the legendary gemstone to Israel, he eagerly accepts. Arriving in the volatile Middle East, Hopeman soon discovers that his assignment will be anything but easy. Representatives of the Holy Land's three major religions—Judaism, Christianity, and Islam—are all laying claim to the priceless jewel that once adorned the miter of Pope Gregory, and they will do anything to possess it. Partnering with Israeli government agent Tamar Strauss—a beautiful and courageous Yemenite war widow who inspires the visiting American's passion as well as his respect—Hopeman is soon entangled in a web of mystery and intrigue that crosses continents and stretches back thousands of years. As the duo follows the twisting travels of the gem and the bloody conflicts it has ignited throughout its extraordinary past—a history that intertwines with Hopeman's own family saga—the story of a breathtaking land and its people unfolds in all its drama and glory. International-bestselling author Noah Gordon—whose acclaimed historical novel The Physician was the inspiration for the major motion picture of the same name starring Ben Kingsley—"has packed a suspense tale with religious, historical and archeological underpinnings, along with fascinating insights into an industry whose conduct is generally shrouded from outside scrutiny" (The Philadelphia Inquirer).

New York Times—bestselling author: In 19th-century Spain, the son of a vineyard owner builds a life for himself, but a dangerous plot threatens it all . . . Josep Alvarez is a young man in the tiny grape-growing village of Santa Eulàlia, in northern Spain, where his father grows black

grapes that are turned into cheap vinegar. Joseph loves the agricultural life, but he is the second son, and his father's vineyard will be inherited by his brother Donat, the firstborn. Josep needs to keep his hands in the soil. He yearns for a job growing grapes and for an opportunity to marry Teresa Gallego. In Madrid, an assassination plot, conceived against the political leader of Spain by men of wealth and power, creates a storm of intrigue that sucks into its vortex a group of innocent young farm workers in Santa Eulàlia. How Josep's life is changed drastically by these events, and how, ironically, they gradually turn him into an inspired vintner with an evolving vision of life, is the fascinating story of The Winemaker.

Bodega La bodega

A masterful blend of Christian scholarship and thrilling adventure, The Last Cato is a novel about the race to find the secret location of the Vera Cruz, the True Cross on which Christ was crucified, and the ancient brotherhood sworn to protect it. Holy relics are disappearing from sacred spots around the world—and the Vatican will do whatever it takes to stop the thieves from stealing what is left of the scattered splinters of the True Cross. Brilliant paleographer Dr. Ottavia Salina is called upon by the highest levels of the Roman Catholic Church to decipher the scars found on an Ethiopian man's corpse: seven crosses and seven Greek letters. The markings, symbolizing the Seven Deadly Sins, are part of an elaborate initiation ritual for the Staurofilakes, the clandestine brotherhood hiding the True Cross for centuries, headed by a secretive figure called Cato. With the help of a member of the Swiss Guard and a renowned archaeologist, Dr. Salina uncovers the connection between the brotherhood and Dante's Divine Comedy, and races across the globe to Christianity's ancient capitals. Together, they will face challenges that will put their faith—and their very lives—to the ultimate test.

An orphan leaves Dark Ages London to study medicine in Persia in this “rich” and “vivid” historical novel from a New York Times–bestselling author (The New York Times). A child holds the hand of his dying mother and is terrified, aware something is taking her. Orphaned and given to an itinerant barber-surgeon, Rob Cole becomes a fast-talking swindler, peddling a worthless medicine. But as he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools, but claiming he is a Jew, he studies under the world’s most renowned physician, Avicenna. How the woman who is his great love struggles against her only rival—medicine—makes a riveting modern classic. The Physician is the first book in New York Times–bestselling author Noah Gordon’s Dr. Robert Cole trilogy, which continues with Shaman and concludes with Matters of Choice.
