The American Stravinsky BRILL

"A crack in time saves 99" But what do those ominous words mean? Ray is about to find out, whether he's ready or not. His 'deceased' twin sister, Ravynn, is warning him of impending disaster, but Ray can't seem to convince himself, or his wife, that he's not crazy. But Ray isn't the only one communicating with his sister. Ravynn's surviving daughter, Amelia, seems to know things that defy reason, in a time when reason is slowly slipping away. When Ray's brother-in-law offers evidence of something terrible coming in the form of prophetic journals Ravynn wrote before her death, Ray can't doubt the truth any longer. The world is falling down. The family struggles to hold themselves together as the world they once knew and understood begins to collapse all around them, leading up to a cataclysmic end. Can Ray save his family in time?

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the

future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced – physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com

In the summer of 2016, Disney introduced its first Latina princess, Elena of Avalor. *Princesa of the Periphery* explores this Disney property using multiple case studies to understand its approach to girlhood and Latinidad. Following the circuit of culture model, author Diana Leon-Boys teases out moments of complex negotiations by Disney, producers, and audiences as they navigate Elena's circulation. Case studies highlight how a flexible Latinidad is deployed through corporate materials, social media pages, theme park experiences, and the television series to create a princess who is both marginal to Disney's normative vision of princesshood and central to Disney's claims of diversification. This multi-layered analysis of Disney's mediated Latina girlhood interrogates the

complex relationship between the U.S.'s largest ethnic minority and a global conglomerate that stands in for the U.S. on the global stage.

A Confederacy of Dunces W. W. Norton & Company

He has bought a demon house in Indiana that has been described as a "portal to hell," summoned the devil at the Hellfire Club in Ireland, and been attacked by a possessed doll in Mexico. But sometimes it's his interactions with the living that rattle him the most, from innocent people harboring evil spirits to crazed fans to the victims of violent spirit attacks. Through his investigations of the world's most haunted places, Zak has learned far more about the living and the dead than anyone should. He's been to the edge of death and back and come away with a spiritual key that unlocks doors to another world that few have ever seen. Come along for the ride.

Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue."—The New York Times Book Review *A Confederacy of Dunces* is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

Warriors Don't Cry W. W. Norton & Company

The groundbreaking debut by the award-winning author of *Wayward Lives, Beautiful Experiments*, revised and updated. Saidiya Hartman has been praised as "one of our most brilliant contemporary thinkers" (Claudia Rankine, New York Times Book Review) and "a lodestar for a generation of students and, increasingly, for politically engaged people outside the academy" (Alexis Okeowo, The New Yorker). In *Scenes of Subjection*—Hartman's first book, now revised and expanded—her singular talents and analytical framework turn away from the "terrible spectacle" and toward the forms of routine terror and quotidian violence characteristic of slavery, illuminating the intertwining of injury, subjugation, and selfhood even in abolitionist depictions of enslavement. By attending to the withheld and overlooked at the margins of the historical archive, Hartman radically reshapes our understanding of history, in a work as resonant today as it was on first publication, now for a new generation of readers. This 25th anniversary edition features a new preface by the author, a foreword by Keeanga-Yamahtta Taylor, an afterword by Marisa J. Fuentes and Sarah Haley, notations with Cameron Rowland, and compositions by Torkwase Dyson.

From *We Need Diverse Books*, the organization behind *Flying Lessons & Other Stories*, comes another middle-grade short-story collection--this one focused on exploring acts of bravery--featuring some of the best own-voices children's authors, including R. J. Palacio (*Wonder*), Rita Williams-Garcia (*One Crazy Summer*), Linda Sue Park (*A Long Walk to Water*), and many more. Not all heroes wear capes. Some heroes teach martial arts. Others talk to ghosts. A few are inventors or soccer players. They're also sisters, neighbors, and friends. Because heroes come in many shapes and sizes. But they all have one thing in common: they make the world a better place. Published in partnership with *We Need Diverse Books*, this vibrant anthology features thirteen acclaimed authors whose powerful and diverse voices show how small acts of kindness can save the day. So pay attention, because a hero could be right beside you. Or maybe the hero is you. **AUTHORS INCLUDE:** William Alexander, Joseph Bruchac, Lamar Giles, Mike Jung, Hena Khan, Juana Medina, Ellen Oh, R. J. Palacio, Linda Sue Park and Anna Dobbin, Cynthia Leitich Smith, Ronald L. Smith, Rita Williams-Garcia, and short-story contest winner Suma Subramaniam "As with the two previous anthologies from *We Need Diverse Books*, this collection admirably succeeds in making available to all readers a wider and more representative range of American voices and protagonists." —The Washington Post

Treating such issues as animal sex, species politics, environmental justice, lesbian space and "gay" ghettos, AIDS literatures, and queer

nationalities, this lively collection asks important questions at the intersections of sexuality and environmental studies. Contributors from a wide range of disciplines present a focused engagement with the critical, philosophical, and political dimensions of sex and nature. These discussions are particularly relevant to current debates in many disciplines, including environmental studies, queer theory, critical race theory, philosophy, literary criticism, and politics. As a whole, *Queer Ecologies* stands as a powerful corrective to views that equate "natural" with "straight" while "queer" is held to be against nature.

From the bestselling author of *Swindle and Ungifted* comes the funny, fantastic story of an underachiever who ends up achieving much more than any overachiever could ever imagine. Cameron Boxer is very happy to spend his life avoiding homework, hanging out with his friends, and gaming for hours in his basement. It's not too hard for him to get away with it . . . until he gets so caught up in one game that he almost lets his house burn down around him. Oops. It's time for some serious damage control--so Cameron and his friends invent a fake school club that will make it seem like they're doing good deeds instead of slacking off. The problem? Some kids think the club is real--and Cameron is stuck being president. Soon Cameron is part of a mission to save a beaver named Elvis from certain extinction. Along the way, he makes some new friends--and some powerful new enemies. The guy who never cared about anything is now at the center of everything . . . and it's going to take all his slacker skills to win this round.

The 25th-anniversary edition of "a novel that in the sweep and inevitability of its events...is a major contribution to Native American literature." (Wallace Stegner) In the Two Medicine Territory of Montana, the Lone Eaters, a small band of Blackfoot Indians, are living their immemorial life. The men hunt and mount the occasional

horse-taking raid or war party against the enemy Crow. The women tan the hides, sew the beadwork, and raise the children. But the year is 1870, and the whites are moving into their land. Fools Crow, a young warrior and medicine man, has seen the future and knows that the newcomers will punish resistance with swift retribution. First published to broad acclaim in 1986, Fools Crow is James Welch's stunningly evocative portrait of his people's bygone way of life. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. * "Maldonado excels at depicting realistic and authentic interactions between middle school boys."--School Library Journal (starred review) A Washington Post Best Children's Book of 2018! Tight: Lately Bryan's been feeling it in all kinds of ways. He knows what's tight for him in a good way--reading comics, drawing superheroes, and hanging out with no drama. But drama's hard to escape where he's from, and that gets him wound up tight. And now Bryan's new friend Mike is challenging him to have fun in ways that are crazy risky. At first, it's a rush following Mike, hopping turnstiles, subway surfing, and getting into all kinds of trouble. But Bryan never feels right acting wrong. So which way will he go when he understands that drama is so not his style? Fortunately his favorite comic heroes shed light on his dilemma, reminding him that he has power--the power to choose his friends and to stand up for what he believes is right . . . Torrey Maldonado delivers a fast-paced, insightful, dynamic story. Readers will connect with Bryan's journey as he navigates a tough world with a heartfelt desire for a different life.

This book addresses the history of the senses in relation to affective piety and its role in devotional practices in the late Middle Ages, focusing on the sense of touch. It argues that only by deeply analysing this specific context of perception can the full significance of sensory religious experience in the Late Middle Ages be understood. Considering the centrality of the body to medieval society and Christianity, this collection explores a range of devotional practices, mainly relating to the Passion of Christ, and features manuscripts, works of devotional literature, art, woodcuts and

judicial records. It brings together a multidisciplinary group of scholars to offer a variety of methodological approaches, in order to understand how touch was encoded, evoked and purposefully used. The book further considers how touch was related to the medieval theory of perception, examining its relation to the inner and outer senses through the eyes of visionaries, mystics, theologians and confessors, not only as praxis but from different theoretical points of view. While considered the most basic of spiritual experience, the chapters in this book highlight the all-pervasive presence of touch and the significance of 'affective piety' to Late Medieval Christians.
