Noah Grow is a bird-watcher. If you're picturing some kid in a big floppy hat, peering up into trees through giant binoculars . . . well, good job. That's exactly what he does. Right now, Noah is on a quest to find a wood duck. According to his calculations, aka the Drake Equation, the odds are good—really good—for spotting one. That's why he gets off the bus at the wrong stop. And that's how he

ends up running down a hill, crashing into a fence, and landing right next to a strange, glittery disk. Noah and his best friends, Jason and Jenny, soon discover that the mysterious disk is, well, mysterious. It gives Noah peculiar powers. As things go from odd to outrageous, Noah is swept up in a storm of intergalactic intrigue and middle-school mayhem. There's much more at stake than Noah realizes. Bart King delivers a hilarious sci-fi adventure with just the right mix of heart and

humor that will have readers looking out for birds—and strange alien objects. Five Days at Memorial Kensington Books The surprising true story of Mexico's hunt, arrest, and conviction of its first female serial killer For three years, amid widespread public outrage, police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women, many of whom had been strangled

in their homes with imagination. a stethoscope by someone posing as a government nurse. When Juana Barraza Samperio, a female professional wrestler known as la Dama del Silencio (the Lady of Silence), was arrested—and eventually sentenced to 759 years in prison—her crimes as the Mataviejitas (the little old lady killer), her case disrupted traditional narratives about gender, criminality, and victimhood in the popular and criminological deviance, a disruption of what scholars call mexicanidad, or the masculine notion of what it means to be Mexican. Cervantes also challenges our conception of victimhood—specifically, who “counts” as a victim. The Little Old Lady Killer presents a fascinating analysis of what serial killing—often considered “killing for the pleasure of killing”—represents to us.

Marshaling ten years of research, and one of the only interviews that Juana Barraza Samperio has given while in prison, Susana Vargas Cervantes deconstructs this uniquely provocative story. She focuses, in particular, on the complex, gendered aspects of the case, asking: Who is a killer? Barraza—with her “manly” features and strength, her career as a masked wrestler in *lucha libre*, and her violent crimes—is presented, here, as a study in gender

This book contains the papers from the

IMEchE's Sustainable Vehicle Technologies 2012 conference. An innovative technical conference organised by the Automobile Division of the IMechE, it follows on from the 2009 Low Carbon Vehicle conference, which established a high standard with presentations primarily focussed on powertrain technology. The conference examines the latest advances in technology with a view towards understanding the consequences of carbon dioxide reduction over the entire vehicle lifecycle. Papers cover all aspects of the finite resources available for vehicle production, operation and recycling. Presents the papers

from this leading conference Covers time emissions and sustainability over the entire product life-cycle Considers all areas of environmental pollution in addition to the goals for delivering low-carbon vehicles Teen Idol Bethany-Kris Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost

sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field

research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

R. Andrew Chesnut offers a fascinating portrayal of Santa Muerte, a skeleton saint whose cult has attracted millions of devotees over the past decade. Although condemned by mainstream churches, this folk saint's supernatural powers appeal to

millions of Latin Americans and immigrants in the U.S. Devotees believe the Bony Lady (as she is affectionately called) to be the fastest and most effective miracle worker, and as such, her statuettes and paraphernalia now outsell those of the Virgin of Guadalupe and Saint Jude, two other giants of Mexican religiosity. In particular, Chesnut shows Santa Muerte has become the patron saint of drug traffickers, playing an important role as protector of peddlers of crystal meth and marijuana; DEA agents and Mexican police often find her

altars in the safe houses of drug smugglers. Yet Saint Death plays other important roles: she is a supernatural healer, love doctor, money-maker, lawyer, and angel of death. She has become without doubt one of the most popular and powerful saints on both the Mexican and American religious landscapes.

For fans of *The Invisible Life of Addie LaRue* and *Life After Life*, a poignant genre-bending debut novel about a man and woman who must discover why they continue to meet in different versions of their lives—a thrilling and imaginative exploration of the infinite forms of love and how our choices can change everything. Thora and Santi have met before. Two strangers in a foreign city, Thora

and Santi meet in a chance encounter. At once, they recognize in each other a kindred spirit—someone who is longing for more in life than the cards they’ve been dealt. Before their friendship can blossom, though, a tragic accident cuts their story short. They will meet again. But this is only one of the many connections they share. Like satellites trapped in orbit around each other, Thora and Santi will find each other again: as husband and wife; teacher and student; caretaker and patient; cynic and believer. In recurring lifetimes they become friends, partners, lovers, and enemies. Only they can make sure it’s not for the last time. As strange

patterns and blurred memories compound, Thora and Santi come to a shocking revelation. They must work together to discover the true reason behind their repeating realities . . . before their many lives come to one, final end.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons.

"Terrifying...

Eloquent... A heart-rending drama of human yearning."
—New York Times

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the

West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the

disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are

illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page. Mystery, Book 4) HarperCollins Emily M. DeArdo was diagnosed with cystic fibrosis at eleven, so she knows what it's like to live with a keen awareness of her own mortality. She draws on the medieval practice of memento mori, "remember you must die," and shares her personal story with unique and compelling insight into the meaning of Christian life and death. Using the Stations of the Cross as a framework, DeArdo leads you to trust in God's

providence as you confront suffering and death and develop enduring spiritual strength and courage along the way. Sr. Theresa Aletheia Noble, F.S.P., kicked off a rediscovery of memento mori on social media when she began tweeting about #mementomori and what it's like living with a plastic skull on her desk. Emily DeArdo said the practice caught on with millennials like her who are searching for what's real, true, and lasting in life. Trying to find the

answer to "is this all there is?" often leads to thinking about death and what happens afterward, she noted. In *Living Memento mori*, DeArdo shares the insight she has gained from living her life on the precipice of death: a willingness to embrace the Cross of Christ can transform the pain and loss we all inevitably experience into a source of spiritual growth. DeArdo shows you how even a life of considerable suffering can be full of joy, hope, and peace.

DeArdo's life and reflections on mortality give a fresh voice to the traditional themes found in the Stations of the Cross. She offers you the courage to face your own suffering and concerns about death and to follow Jesus wherever he leads. You will discover: how memento mori can help you live a deeper spiritual life how to unite your sufferings with those of Jesus what the Catholic faith teaches about the meaning of suffering Station by station, DeArdo links her personal

and spiritual journey to the suffering of Christ and shows readers how to do the same. Each chapter of *Living Memento Mori* begins with scripture, includes a quotation from Pope John Paul II's *Salvifici Doloris* (The Christian Meaning of Human Suffering), and closes with three questions for personal reflection or group discussion. An appendix provides readers with a guide to praying the Stations of the Cross with original meditations in the spirit of memento

mori. **Filthy Marcellos: Legacy** Cambridge University Press
Soon after Gwenda moved into her new home, odd things started to happen. Despite her best efforts to modernize the house, she only succeeded in dredging up its past. Worse, she felt an irrational sense of terror every time she climbed the stairs. In fear, Gwenda turned to Miss Marple to exorcise her ghosts. Between them, they were to solve a "perfect" crime committed many years before. [Into the Wild](#) University of Michigan Press
Long treated as

peripheral to music history, dance has become prominent within musicological research, as a prime and popular subject for an increasing number of books, articles, conference papers and special symposiums. Despite this growing interest, there is a need for thorough-going critical examination of the ways in which musicologists might engage with dance, thinking not only about specific repertoires or genres, but about fundamental commonalities between the two, including embodiment, agency, subjectivity and consciousness. This volume begins to fill this gap. Ten chapters illustrate a range of conceptual, historical and interpretive

approaches that advance the interdisciplinary study of music and dance. This methodological eclecticism is a defining feature, integrating insights from critical theory, cultural studies, the visual arts, phenomenology, cultural anthropology and literary criticism into the study of music and dance. From the author of *You Must Not Miss* comes a haunting contemporary horror novel that explores themes of mental illness, rage, and grief, twisted with spine-chilling elements of Stephen King and Agatha Christie. Following her father's death,

Jane North-Robinson and her mom move from sunny California to the dreary, dilapidated old house in Maine where her mother grew up. All they want is a fresh start, but behind North Manor's doors lurks a history that leaves them feeling more alone . . . and more tormented. As the cold New England autumn arrives, and Jane settles in to her new home, she finds solace in old books and memories of her dad. She steadily begins making new friends, but also faces bullying from the resident "bad seed," struggling to tamp down her own worst nature in response. Jane's mom also seems to be spiraling with the return of her childhood home, but she won't reveal why.

Then Jane discovers that the "storage room" her mom has kept locked isn't for storage at all -- it's a little girl's bedroom, left untouched for years and not quite as empty of inhabitants as it appears . . . Is it grief? Mental illness? Or something more . . . horrid?
