Seven short stories by the Prix Goncourt winner— “ the most distinctive voice of his generation . . . master magician of the contemporary French novel ” (The Washington Post). France ’ s preeminent fiction writer, Jean Echenoz is celebrated for his ability to craft stories with such precision that readers are caught off guard by the intense emotion and imagination just beneath the

placid surface of his writing. As Gary Indiana put it in his essay “ Conjuror of St. Germain ” , “ Echenoz risks everything in his fiction, gambling on the prodigious blandishments of his voice to lure his readers into a maze of improbabilities and preposterous happenings. ” The Queen ’ s Caprice—seven stories available in English for the first time—reveals Echenoz at the height of his talents, taking readers on a journey across radically different landscapes. The title story explores a tiny corner of the French countryside; “ Nelson ” offers a brilliant miniaturist portrait of the hero of the Battle of Trafalgar; “ In Babylon ” sketches the ancient city of Mesopotamia, based on trace descriptions from Herodotus; and other stories visit the forests of England, the Luxembourg Gardens in Paris, Tampa Bay, and the interior of a submarine. Amid the thrill and allure of this voyage of words, “ again and again we pause to savor the richness of Echenoz ’ s

startling, crystalline observations ” (Lydia Davis). “ [A] terrific sense of humor tinged with existential mischief. ” —L ’ Express

A Dictionary of Moroccan Arabic Hachette UK In a lively gastronomical tour around the world and through the millennia, *Uncorking the Past* tells the compelling story of humanity's ingenious, intoxicating search for booze. Following a tantalizing trail of archaeological, chemical, artistic, and textual clues, Patrick E. McGovern, the leading authority on ancient alcoholic beverages, brings us up to date on what we now know about

the creation and history of alcohol, and the role of alcohol in society across cultures. Along the way, he integrates studies in food and sociology to explore a provocative hypothesis about the integral role that spirits have played in human evolution. We discover, for example, that the cereal staples of the modern world were probably domesticated in agrarian societies for their potential in fermenting large quantities of alcoholic beverages. These include the delectable rice wines of China and Japan, the corn beers of the Americas, and the millet and sorghum drinks of Africa. Humans also learned how to make mead from honey and wine from exotic fruits of all kinds: even from the sweet pulp of the cacao (chocolate) fruit in the New World. The perfect drink, it turns out—whether it be mind-altering, medicinal, a religious symbol, liquid courage, or artistic inspiration—has not only been a profound force in history, but may be fundamental to the human condition itself. This coffee table book will sate the curiosity of any armchair historian interested in the long history of food and wine.

For a long time, France and its culture have been one and the same. However, of this past glory, all that is left today is navel-gazing, nostalgia and timidity. Covering art, fashion, philosophy, literature and cinema, Donald Morrison argues that French culture no longer has the kind of international standing it once did.

French-English Medical Dictionary Penguin
"C'est facile, d'écosser les petits pois. Une pression du pouce sur la fente de la gousse et elle s'ouvre, docile, offerte. Quelques-unes, moins mûres, sont plus réticentes - une incision de l'ongle de l'index permet alors de déchirer le vert, et de sentir la mouillure et la chair dense, juste sous la peau faussement parcheminée. Après, on fait glisser les boules d'un seul doigt. La dernière est si minuscule. Parfois, on a envie de la croquer. Ce n'est pas bon, un peu amer, mais frais comme la cuisine de onze heures, cuisine de l'eau froide, des légumes épluchés - tout près, contre l'évier, quelques carottes nues brillent sur un torchon, finissent de sécher. Alors on parle à petits coups, et là aussi la musique des mots semble venir de l'intérieur, paisible, familière. On parle

de travail, de projets, de fatigue - pas de psychologie".

Giovanna's pretty face is changing, turning ugly, at least so her father thinks. Giovanna, he says, looks more like her Aunt Vittoria every day. But can it be true? Is she really changing? Is she turning into her Aunt Vittoria, a woman she hardly knows but whom her mother and father clearly despise? Surely there is a mirror somewhere in which she can see herself as she truly is. Giovanna is searching for her reflection in two kindred cities that fear and detest one another: Naples of the heights, which assumes a mask of refinement, and Naples of the depths, a place of excess and vulgarity. She moves from one to the other in search of the truth, but neither city seems to offer answers or escape. "Another spellbinding

Doria's father, aka the Beard, has headed back to their hometown in Morocco, leaving her and her mom to cope with their mektoub, their destiny, alone. Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien's children. Inside would be a letter in a strange, spidery handwriting and a beautiful colored drawing or painting. The letters were from Father Christmas. They told wonderful tales of life at the North Pole: how the reindeer got loose and scattered presents all over the place; how the accident-prone North Polar Bear climbed the North Pole and fell through the roof of Father Christmas's house into the dining room; how he broke the Moon into four pieces and made the Man in it fall into the back garden; how there were wars with the troublesome horde of goblins who lived in the caves beneath the house, and many more. No reader, young or old, can fail to be charmed by Tolkien's inventiveness in this classic holiday treat.
