Laboratory Topics in  
Botany 8th Edition  
solutions manual

These laboratory topics  
are not what I was hoping  
for. They seemed  
elementary in form  
(learning about mitosis,  
meiosis, parts in  
Eukaryotic cells, and  
diffusion). In addition, I  
had a hard time with the  
actual textbook for this  
same course due to it  
being so much more  
complex in each subject  
matter.
