The Way of All Flesh is one of the time-bombs of literature," said V. S. Pritchett. "One thinks of it lying in Samuel Butler's desk for thirty years, waiting to blow up the Victorian family and with it the whole great pillared and balustraded edifice of the Victorian novel." Written between 1873 and 1884 but not published until 1903, a year after Butler's death, his marvelously uninhibited satire savages Victorian bourgeois values as personified by multiple generations of the Pontifex family. A thinly veiled account of his own upbringing in the bosom of a God-fearing Christian family, Butler's scathingly funny depiction of the self-righteous hypocrisy underlying nineteenth-century domestic life was hailed by George Bernard Shaw as "one of the summits of human achievement."

A School for Unusual Girls is the first captivating installment in the Stranje House series for young adults by award-winning author Kathleen Baldwin. #1 New York Times bestselling author Meg Cabot calls this romantic Regency adventure "completely original and totally engrossing." It's 1814. Napoleon is exiled on Elba. Europe is in shambles. Britain is at war on four fronts. And Stranje House, a School for Unusual Girls, has become one of Regency England's dark little secrets. The daughters of the beau monde who don't fit high society's constrictive mold are banished to Stranje House to be reformed into marriageable young ladies. Or so their parents think. After accidentally setting her father's stables on fire while performing a scientific experiment, Miss Georgiana Fitzwilliam is sent to Stranje House. In the fall of 1948, Ernest Hemingway made his first extended visit to Italy in thirty years. His reacquaintance with Venice, a city he loved, provided the inspiration for *Across the River and into the Trees*, the story of Richard Cantwell, a war-ravaged American colonel stationed in Italy at the close of the Second World War, and his love for a young Italian countess. A poignant, bittersweet homage to love that overpowers reason, to the resilience of the human spirit, and to the worldweary beauty and majesty of Venice, *Across the River and into the Trees* stands as Hemingway's statement of defiance in response to the great dehumanizing atrocities of the Second World War. Hemingway's last full-length novel published in his lifetime, it moved John O'Hara in *The New York Times Book Review* to call him "the most important author since Shakespeare."

A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history.

During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America ' s westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana ' s stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

This early work by H. H. Munro was originally published in 1911 and we are now republishing it with a brand new introductory biography. 'The Chronicles of Clovis' is a collection of short stories, including 'The Great Weep', 'Tobermory', 'Adrian', and many more. Hector Hugh Munro was born in Akyab, Burma in 1870. He was raised by aunts in North Devon, England, before returning to Burma in his early twenties to join the Colonial Burmese Military Police. Later, Munro returned once more to England, where he embarked on his career as a journalist, becoming well-known for his satirical 'Alice in Westminster' political sketches, which appeared in the Westminster Gazette. Arguably better-remembered by his pen name, 'Saki', Munro is now considered a master of the short story, with tales such as 'The Open Window' regarded as examples of the form at its finest.

A Cruel and Shocking Act Simon and Schuster

Few of us have been spared the agonies of intimate relationships. They come in many shapes: loving a man or a woman who will not commit to us, being heartbroken when we're abandoned by a lover, engaging in Sisyphean internet searches, coming back lonely from bars, parties, or blind dates, feeling bored in a relationship that is so much less than we had envisaged - these are only some of the ways in which the search for love is a difficult and often painful experience. Despite the widespread and almost collective character of these experiences, our culture insists they are the result of faulty or insufficiently mature psyches. For many, the Freudian idea that the family designs the pattern of an individual's erotic career has been the main explanation for why and how we fail to find or sustain love. Psychoanalysis and popular psychology have succeeded spectacularly in convincing us that individuals bear responsibility for the misery of their romantic and erotic lives. The purpose of this book is to change our way of thinking about what is wrong in modern relationships. The problem is not dysfunctional childhoods or insufficiently self-aware psyches, but rather the institutional forces shaping how we love. The argument of this book is that the modern romantic experience is shaped by a fundamental transformation in the ecology and architecture of romantic choice. The samples from which men and women choose a partner, the modes of evaluating prospective partners, the very importance of choice and autonomy and what people imagine to be the spectrum of their choices: all these aspects of choice have transformed the very core of the will, how we want a partner, the sense of worth bestowed by relationships, and the organization of desire. This book does to love what Marx did to commodities: it shows that it is shaped by social relations and institutions and that it circulates

in a marketplace of unequal actors.

"Profound, funny ... wild and moving ... heartbreaking accounts of a lonely black childhood.... Brown sees

racial oppression in national and global context; every political word she writes pounds home a lesson about

commerce, money, racism, communism, you name it ... A glowing achievement. ” —Los Angeles Times

Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words:

“ I have all the guns and all the money. I can withstand challenge from without and from within. Am I right,

Comrade? ” It was August 1974. From a small Oakland-based cell, the Panthers had grown to become a

revolutionary national organization, mobilizing black communities and white supporters across the

country—but relentlessly targeted by the police and the FBI, and increasingly riven by violence and strife

within. How Brown came to a position of power over this paramilitary, male-dominated organization, and

what she did with that power, is a riveting, unsparing account of self-discovery. Brown ’ s story begins with

growing up in an impoverished neighborhood in Philadelphia and attending a predominantly white school,

where she first sensed what it meant to be black, female, and poor in America. She describes her political

awakening during the bohemian years of her adolescence, and her time as a foot soldier for the Panthers, who

seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther

leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover

and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise;

and the scars that she both suffered and inflicted in that era ’ s paradigm-shifting clashes of sex and power.

Stunning, lyrical, and acute, this is the indelible testimony of a black woman ’ s battle to define herself.
