**Crying for a Dream** Ballantine Books

Edited by Harvey Arden, with an Introduction by Chief Arvol Looking Horse, and a Preface by former Attorney General Ramsey Clark. In 1977, Leonard Peltier received a life sentence for the murder of two FBI agents. He has affirmed his innocence ever since--his case was made fully and famously in Peter Matthiessen's bestselling *In the Spirit of Crazy Horse*--and many remain convinced he was wrongly convicted. *Prison Writings* is a wise and unsettling book, both memoir and manifesto, chronicling his life in Leavenworth Prison in

Kansas. Invoking the Sun Dance, in which pain leads one to a transcendent reality, Peltier explores his suffering and the insights it has borne him. He also locates his experience within the history of the American Indian peoples and their struggles to overcome the federal government's injustices.

*Saloons of the Old West* Harper Collins

"I am Crow Dog. I am the fourth of that name. Crow Dogs have played a big part in the history of our tribe and in the history of all the Indian nations of the Great Plains during the last two hundred years. We are still making history." Thus opens the extraordinary and epic account of a Native American clan. Here the authors, Leonard Crow Dog and Richard Erdoes (co-author of *Lakota Woman*) tell a story that spans four generations and sweeps across two centuries of reckless deeds and heroic lives, and of degradation and survival. The first Crow Dog, Jerome, a contemporary of Sitting Bull and Crazy Horse, was a witness to the coming of white soldiers and settlers to the open Great Plains. His son, John Crow Dog, traveled with Buffalo Bill Cody's Wild West Show. The third Crow Dog, Henry, helped introduce the peyote cult to the Sioux. And in the sixties and seventies, Crow Dog's principal narrator, Leonard

Crow Dog, took up the family's political challenge through his involvement with the American Indian Movement (AIM). As a wicashá wakan, or medicine man, Leonard became AIM's spiritual leader and renewed the banned ghost dance. Staunchly traditional, Leonard offers a rare glimpse of Lakota spiritual practices, describing the sun dance and many other rituals that are still central to Sioux life and culture.

The Education of Little Tree tells of a boy orphaned very young, who is adopted by his Cherokee grandmother and half-Cherokee grandfather in the Appalachian mountains of Tennessee during the Great Depression. "Little Tree" as his grandparents call him is shown how to hunt and survive in the mountains, to respect nature in the Cherokee Way, taking only what is needed, leaving the rest for nature to run its course. Little Tree also learns the often callous ways of white businessmen and tax collectors, and how Granpa, in hilarious vignettes, scares them away from his illegal attempts to enter the cash economy. Granma teaches Little Tree the joys of reading and education. But when Little Tree is taken away by whites for schooling, we learn of the cruelty meted out to Indian children in an attempt to assimilate them and of Little Tree's perception of the Anglo world and how it differs from the Cherokee Way. A classic of its era, and an enduring book for all ages, The Education of Little Tree has now been redesigned for this twenty-fifth anniversary edition.

**Confessions of a Muckraker** Houghton Mifflin Harcourt

The bestselling memoir of a Native American woman's struggles and the life she found in activism: "courageous, impassioned, poetic and inspirational" (Publishers Weekly). Mary Brave Bird grew up on the Rosebud Indian Reservation in South Dakota in a one-room cabin without running water or electricity. With her white father gone, she was left to endure "half-breed" status amid the violence, machismo, and aimless drinking of life on the reservation. Rebelling against all this—as well as a punishing Catholic missionary school—she became a teenage runaway. Mary was eighteen and pregnant when the rebellion at Wounded Knee happened in 1973. Inspired to take action, she joined the American Indian Movement to fight for the rights of her people. Later, she married Leonard Crow Dog, the AIM's chief medicine man, who revived the sacred but outlawed Ghost Dance. Originally published in 1990, Lakota Woman was a national bestseller and winner of the American Book Award. It is a story of determination against all odds, of the cruelties perpetuated against American Indians, and of the Native American struggle for rights. Working with Richard Erdoes, one of the twentieth century's leading writers on Native American affairs, Brave Bird recounts her difficult upbringing and the path of her fascinating life.

In this bold theoretical work, Bruce Lincoln explores the ways in which myth, ritual, and classification hold human societies together--and how, in times of crisis, they can be used to take a society apart and reconstruct it. Without overlooking the role of coercive force in the maintenance (or overthrow) of social structures, Lincoln argues his thesis with compelling illustrations drawn from such diverse areas as Platonic philosophy, the Upanishads of India, ancient Celtic banquets, professional wrestling, and the Spanish Civil War. This wide-ranging interdisciplinary study--which draws on works in history, semiotics, anthropology, sociology, classics, and indology--offers challenging new insights into the complex

A powerful collection of text and full-color photographs that offers an intimate glimpse of Native American life. • Includes rare photos and firsthand accounts of the sun dance, sacred pipe, yuwipi, and vision quest ceremonies. • By internationally recognized ethnographer Richard Erdoes, author of *Lame Deer: Seeker of Visions and Gift of Power*. How do you go about knowing a people? In this phenomenal combination of landscape, ceremony, individual portrait, and prose, Richard Erdoes brings forth the lesser seen world of the Native American experience and vision. With the aid of firsthand accounts collected during three decades of personal interactions with indigenous tribes, Erdoes chronicles the traditional rites, individual lives, and historical persecution of North America's indigenous peoples. The images and words of *Crying for a Dream* represent Erdoes' finest work. His focus on the natural and sacred world of North America's indigenous peoples includes elements of the Sioux ceremonial cycle and portraits of native peoples from the plains, mesas, and deserts. The sun dance, sacred pipe, yuwipi, and vision quest are described by the author and his subjects and are illustrated with more than 70 photographs.

*Around the World in Eighty Days* was published in 1873 and features Phileas Fogg as the protagonist. Fogg, a noble Londoner who lived on Savile Row, had made a wager at the Reform Club, for £20,000 (worth over a million pounds in 21st century value) that he could travel around the world

in eighty days. Fogg is a very careful and precise man who has just fired his manservant for bringing him shaving water that was two degrees colder than he asked for. Fogg has a new valet, Jean Passepartout, a young Frenchman, who is looking forward to a quiet life with Phileas. *Around the World in Eighty Days* is Verne at his most fun – there was plenty of comic relief in the novel. He was able to use his own experience of recent travels to provide background for the narrative. The book was finished under a punishing deadline Verne set for himself – not unlike Fogg's deadline for circumnavigating the world. The book was the most successful in terms of sales during the author's lifetime, selling 108,000 copies before his death. This annotated edition includes a biography and critical essay.

Bold and impassioned, sharp and defiant, Leslie Marmon Silko's essays evoke the spirit and voice of Native Americans. Whether she is exploring the vital importance literature and language play in Native American heritage, illuminating the inseparability of the land and the Native American people, enlivening the ways and wisdom of the old-time people, or exploding in outrage over the government's long-standing, racist treatment of Native Americans, Silko does so with eloquence and power, born from her profound devotion to all that is Native American. *Yellow Woman and a Beauty of the Spirit* is written with the fire of necessity. Silko's call to be heard is unmistakable; there are stories to remember, injustices to redress, ways of life to preserve. It is a work of major importance, filled with indispensable truths--a work by an author with an original voice

and a unique access to both worlds.

"Bear Medicine" tells the story of a young half-blood Lakota, Rachel Hennessy, who is drawn by personal heartbreak from a comfortable life in white suburbia to the rigors of the Pine Ridge Indian Reservation where her grandfather, Bill Whitefeather, is a shaman. There, Bill reveals that Rachel is destined to become the most powerful of all Lakota healers, a bear medicine woman. Weak and broken by the recent tragedies in her life, Rachel is sure she has nothing to give, yet she finds herself walking a new spiritual path. In so doing, she develops power she never suspected she had and the wisdom to help heal her native people. Even more important, Rachel finally confronts the evil that has haunted her family for three generations in the person of Raven Elkhorn, a wicasa winyan - evil witch doctor. In the end,

Rachel, renamed Jade by the Lakota, learns that healers must first heal themselves, that evil is the result of wounds left to fester, and that the truest medicine is compassion.

Prison Writings Harper Collins

Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of psychotropic plants, bestselling author Carlos Castaneda immersed himself in the sorcerer's magical world. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—psychotropic plants are merely a means to understanding alternative realities that one cannot fully embrace on one's own. Journey to Ixtlan introduces these clear new ideas—omitted from Castaneda's classic volumes *The Teachings of Don Juan* and *A Separate Reality*—to the reader for the first time. Castaneda explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, and shares with us what it is like to truly "stop the world" and perceive reality on his own terms.
