An O, The Oprah Magazine LGBTQ Book "Changing the Literary Landscape" A gorgeously illustrated collection of essays written by today's queer heroes—featuring contributions from Elton John, Tan France, Gus Kenworthy, Paris Lees, Russell Tovey, Munroe Bergdorf, and many others. The Queer Bible is a celebration of LGBTQ+ history and culture, edited by model, performer, and GQ contributing editor Jack Guinness. Our queer heroes write about theirs. In 2016, model and queer activist Jack Guinness decided that the LGBTQ+ community desperately needed to be reminded of its long and glorious history of stardom—and he was spurred to action. The following year, QueerBible.com was born, an online community devoted to celebrating queer heroes, both past and present. "So much queer history is hidden or erased," says Guinness. "The Queer Bible is a home for all those personal stories and histories." In this book, contemporary queer heroes pay homage to those who helped pave their paths. Contributors include Vogue columnist Paris Lees (writing on Edward Enniful), singer and songwriter Elton John (writing on Divine), comedian Mae Martin (writing on Tim Curry), author

Joseph Cassara (writing on Pedro Almodóvar), and many others, honoring timeless queer icons such as Susan Sontag, David Bowie, Sylvester, RuPaul, and George Michael through illuminating essays paired with stunning illustrations. The Queer Bible is a powerful and intimate essay collection of gratitude, and an essential, enduring love letter to the queer community. We stand on the shoulders of giants. Now we praise their names. In Love With My Best Friend Algonquin Young Readers She was a vision. She was a siren. She was a nightmare. She was dead. Now he needed her to disappear. And he knew just how to make it happen. The Palm Beach elite go to great lengths to protect their own—and their own no longer includes Elena Estes. Once upon a time a child of wealth and privilege, Elena turned her back on that life. Betrayed and disillusioned by those closest to her, she chose the life of an undercover cop, the hunt for justice her own personal passion. Then a tragic, haunting mistake ended her career. Now Elena exists on the fringes of her old life, training horses for a living. But a shocking event is about to draw her back into the painful vortex she's fought so hard to leave behind. First she finds the body—a young woman used, murdered, and dumped in a canal. Not just a victim, but a friend. As Elena delves into her dead friend's secret life, she discovers ties not only to the Russian mob but also to a group of powerful and wealthy Palm Beach bad boys known for giving each other alibis to cover a multitude of sins. A group that includes a man Elena once knew very well—her former fiancé, Bennett Walker, a man she knows has already escaped justice at least once in his life. Finding her friend's killer will put Elena at odds with her old life, with her new lover, and with herself. But she is determined to reveal the truth—a truth that will

shock Palm Beach society to its core, and could very well get her killed.

Landry's Last Love Simon and Schuster Scholarly essays on the achievements of female artists working in and inspired by the American South Looking back at her lengthy career just four years before her death, modernist painter Nell Blaine said, "Art is central to my life. Not being able to make or see art would be a major deprivation." The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by Life magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised "not as notable women artists but as notable artists who happen to be women." In *Central to Their Lives*, twenty-six noted art historians offer scholarly insight into the achievements of female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms, educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors: Sara C. Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants. She eschews referring to our current epoch as the Anthropocene, preferring to conceptualize it as what she calls the Chthulucene, as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices. The Chthulucene, Haraway explains, requires sym-poiesis, or making-with,

rather than auto-poiesis, or self-making. Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures.

Theoretically and methodologically driven by the signifier SF—string figures, science fact, science fiction, speculative feminism, speculative fabulation, so far—Staying with the Trouble further cements Haraway's reputation as one of the most daring and original thinkers of our time.
