The price of betrayal is more than thirty pieces of silver. Two days after Jesus Christ's crucifixion, Judas Iscariot receives an anonymous note stating, I know what you did. Wrapped with it is an eye, complete with trailing optic nerve, and a splintered tooth - trophies ripped from two recently butchered friends. Someone, it seems, knows what Judas did on that fateful night following the Last Supper. And that someone is intent on exacting a bloody and gruesome revenge. As more acquaintances and family members die in increasingly brutal ways, Judas finds himself in a desperate race against time to make amends for his act of treachery, and to uncover the identity of the mysterious hooded killer. A relentlessly paced, gripping thriller, which further explores one of the darkest bargains in human history. You might just find yourself engaged in the unthinkable: rooting for the man who betrayed Christ.

Make your message stick with expert help from this classic trainer's resource *How to Run Seminars and Workshops* is the classic guide for trainers and presenters in any industry. Packed with clear advice and real-world practicality, this book covers all aspects including planning, setup, delivery, coaching, and more—including valuable guidance on selling your services. This new Fourth Edition has been updated and expanded, with new information on training simulations, self-marketing, and online delivery. New templates and worksheets help you sell your presentation more effectively, and insider tips leave you equipped to handle any situation that might arise. Novice presenters will find extensive guidance for every phase of the process, and even veteran presenters will learn how to fine-tune and adjust their methods to suit their audience and mode of delivery. Most trainers and presenters know all they need to know about their chosen topic, but very few know how to present it effectively. For more than a decade, this book has been training the trainers—from behind-the-scenes preparations to "in the pit" performance and working with trainees hands-on, straightforward guidance shows you how to: Capture and hold the audience's interest with expert pacing and visual aids Take advantage of new technologies that make training more accessible Prepare each session thoroughly to avoid mistakes, malfunctions, and delays Offer effective feedback, fine-tune delivery, market your services, and more As training departments shrink—many disappearing entirely—more and more companies are turning to keynote and workshop delivery as a way of reaching key clients. Podcasts are replacing live training, and new technology is continually changing the way presentations are made.

Professional trainers and speakers must understand the nuances of any audience/delivery permutation, and tailor their methods to match. *How to Run Seminars and Workshops* is a trusted resource for presenters seeking to boost their effectiveness at any level, in any industry.
