Rural Odyssey is a story that follows the family and life of a young man who grew up in rural America. This book is made up of the many experiences and stories and incorporates secrets that were involved in all relationships in his parents' families and in his own family. It also weaves in the accounts of growing up in a straight Pentecostal and faith-based life. The young man's life is shaped by his experiences and is followed as he grows up in a minister's family. His education is begun in a rural one room schoolhouse and then advances to the usual elementary and secondary school systems, attendance at a state university, and entry in medical school at 19 years of age. Multiple successes and failures are included. The intricacies of his life along with multiple marriages, children, and drug associated problems are told through stories. Always trying to be a knight in shining armor and everything to everyone caused many problems. Faith was the glue that kept his life together. 50 years in the practice of general surgery has brought about a lot of observations and many varied and entertaining stories. Many technical advances are noted both in life and medical practice. Problems are presented and interesting simple solutions are given. All in all, this is very readable, understandable, hilarious, and intensely fascinating adventure of growing up in the country and memories of family, faith, and secrets.

FCI Assistant Grade- III (Technical) Phase- 2 (Paper 1) 2020 | 10 Mock Test EduGorilla

The book is about me and my interaction with students, faculty, and everyone else. I want to move through my life from birth to the present. The 85 years of life have been eventful, and I am grateful for those who helped me arrive at this point in life. I want to convey the events that guided me through my early years, grade, high school, Army, marriage, college, teaching, and retirement. Each day was a learning experience. The goal was to make teaching more rewarding to the students. Many assignments that are included were not present when I started in 1965. My work during the summers helped me understand the innovations – NC (numerical control), CNC (computer numerical control), EDM (electric discharge machining). That learning helped me convey that knowledge to the students. Included are jobs made by the students that were designed to provide similar experiences found in the machining industry. There are stories about students and teachers that filled my days as a teacher. Lastly, there are assignments a person can try. My only comment is, "don't do the last two because they are difficult." That was a favorite comment to get students to work the difficult problems.

"Antiracist Teaching" is about awakening students to their own humanity. In order to teach about this awakening one must be in the process of awakening oneself. The author shares personal anecdotes to illustrate the kinds of changes he experienced as a result of his antiracist teaching. His book explores the questions, Why is teaching about racism and white privilege to white students so difficult? and What can educators do to become more effective antiracist teachers for all of their students? Amico examines the cognitive and emotive obstacles that students experience in the classroom and argues that understanding these difficulties can lead to their resolution. He considers a variety of different approaches to antiracist teaching and endorses a dialogic approach. Dialogue is the centerpiece of students classroom experiences; students engage in dialogue at nearly every class meeting. The dialogic approach is effective in a variety of different learning settings from K 12 classrooms, trainings, retreats, workshops, and community organizations to the college classroom. Further, the book discusses how to bring antiracist teaching into the core of university curricula."

The first letter received by the author, dated September 9, 1988, is from a former student from 1977 who sends happy-birthday wishes, and condolences for a double tragedy. The last 2 letters are both written Easter Sunday 2010: one, by the author to his friend Rudy. They met in first grade in September 1932; their friendship has lasted 78 years. The other letter is from the youngest of the authors 4 children, his son Matt, who was born in 1959 after 3 daughters. Matt also has 3 daughters, and in his letter conveys unexpected but good news from Austin, Texas. Before the author retires in June 1991 from teaching advanced placement English for 40 years at 2 high schools, he corresponds with several former students, friends, and family, including 4 younger brothers who live in Chicago, St. Louis, San Francisco, and Seattle. After he retires, the author travels extensively on escorted tours to continental Europe and England, as well as to Turkey, and several times visits a friend in London. During his retirement years, the author

battles prostate cancer and heart surgery, tutors for an adult literacy program at Abington townships public library, makes several trips to New York for Broadway shows and Metropolitan Opera productions. After Matt gives his father a laptop, the author spends most of his time writing about his travels. After his oldest grand-child marries, she gives birth to a son. The author becomes a great-grandfather.
