The True Confessions of Charlotte Doyle (rack) Bond Street Books

The great interest of Jocelyn Playfair's book for modern readers is its complete authenticity. Set sixty years ago at the time of the fall of Tobruk in 1942, one of the low points of the war, and written only a year later when we still had no idea which way the war was going.

The Politics of Kim Campbell Simon and Schuster

A vibrant novel from Booker Prize winner Penelope Lively—a wry, wise story about the surprising ways lives intersect When Charlotte Rainsford, a retired schoolteacher, is accosted by a petty thief on a London street, the consequences ripple across the lives of acquaintances and strangers alike. A marriage unravels after an illicit love affair is revealed through an errant cell phone message; a posh yet financially strapped interior designer meets a business partner who might prove too good to be true; an old-guard historian tries to recapture his youthful vigor with an ill-conceived idea for a TV miniseries; and a middle-aged central European immigrant learns to speak English and reinvents his life with the assistance of some new friends. In this engaging, utterly absorbing and brilliantly told novel, Penelope Lively shows us how one random event can cause marriages to fracture and heal themselves, opportunities to appear and disappear, lovers who might never have met to find each other and entire lives to become irrevocably changed. Funny, humane, touching, sly and sympathetic, How It All Began is a brilliant sleight of hand from an author at the top of her game.

"Gripping" (The Sydney Morning Herald) From the author of the beloved national bestseller *Migrations*, a pulse-pounding new novel set in the wild Scottish Highlands. Inti Flynn arrives in Scotland with her twin sister, Aggie, to lead a team of biologists tasked with reintroducing fourteen gray wolves into the remote Highlands. She hopes to heal not

only the dying landscape, but Aggie, too, unmade by the terrible secrets that drove the sisters out of Alaska. Inti is not the woman she once was, either, changed by the harm she's witnessed—inflicted by humans on both the wild and each other. Yet as the wolves surprise everyone by thriving, Inti begins to let her guard down, even opening herself up to the possibility of love. But when a farmer is found dead, Inti knows where the town will lay blame. Unable to accept her wolves could be responsible, Inti makes a reckless decision to protect them. But if the wolves didn't make the kill, then who did? And what will Inti do when the man she is falling for seems to be the prime suspect? Propulsive and spell-binding, Charlotte McConaghy's *Once There Were Wolves* is the unforgettable story of a woman desperate to save the creatures she loves—if she isn't consumed by a wild that was once her refuge.

The Night Book Doubleday Books

The #1 International Bestseller from the Booker Prize-shortlisted author of *Stone Yard Devotional* "The Big Chill with a dash of Big Little Lies . . . Knife-sharp and deeply alive." —The Guardian (London) "An insightful, poignant, and fiercely honest novel about female friendship and female aging." —Sigrid Nunez, National Book Award-winning author of *The Friend* "Friendship, ambition, love, sexual politics and death: it's all here in one sharp, funny, heartbreaking, and gorgeously written package. I loved it." —Paula Hawkins, author of *The Girl on the Train* Three women in their seventies reunite for one last, life-changing weekend in the beach house of their late friend. Four older women have a lifelong friendship of the best kind: loving, practical, frank, and steadfast. But when Sylvie dies, the ground shifts dangerously for the remaining three. They are Jude, a once-famous restaurateur; Wendy, an acclaimed public intellectual; and Adele, a renowned actress now mostly out of work. Struggling to recall exactly why they've remained close all these years, the grieving women gather at Sylvie's old beach house—not for festivities this time, but to clean it out before it is sold. Can they survive together without her? Without Sylvie to maintain the group's delicate equilibrium, frustrations build and painful memories press in. Fraying tempers, an elderly dog, unwelcome guests, and too much wine collide in a storm that brings long-buried hurts to the surface—and threatens to sweep away their friendship for good. The Weekend explores growing old and growing up, and what happens when we're forced to uncover the lies we tell ourselves. Sharply observed and excruciatingly funny, this is a jewel of a book: a celebration of tenderness and friendship from an award-winning writer.

Reluctant Genius Penguin

The popular image of Alexander Graham Bell is that of an

elderly American patriarch, memorable only for his paunch, his Santa Claus beard, and the invention of the telephone. In this magisterial reassessment based on thorough new research, acclaimed biographer Charlotte Gray reveals Bell's wide-ranging passion for invention and delves into the private life that supported his genius. The child of a speech therapist and a deaf mother, and possessed of superbly acute hearing, Bell developed an early interest in sound. His understanding of how sound waves might relate to electrical waves enabled him to invent the "talking telegraph" before his rivals, even as he undertook a tempestuous courtship of the woman who would become his wife and mainstay. In an intensely competitive age, Bell seemed to shun fame and fortune. Yet many of his innovations—electric heating, using light to transmit sound, electronic mail, composting toilets, the artificial lung—were far ahead of their time. His pioneering ideas about sound, flight, genetics, and even the engineering of complex structures such as stadium roofs still resonate today. This is an essential portrait of an American giant whose innovations revolutionized the modern world.

A gold mine. A millionaire. An island paradise. An unsolved murder. A missing fortune. The story of the infamous Sir Harry Oakes as only Charlotte Gray can tell it. On an island paradise in 1943, Sir Harry Oakes, gold mining tycoon, philanthropist and "richest man in the Empire," was murdered. The news of his death surged across the English-speaking world, from London, the Imperial centre, to the remote Canadian mining town of Kirkland Lake, in the Northern Ontario bush. The murder became celebrated as "the crime of the century." The layers of mystery deepened as the involvement of Oakes' son-in-law, Count Alfred de Marigny, came quickly to be questioned, as did the odd machinations of the Governor of the Bahamas, the former King Edward VII. Despite a sensational trial, no murderer was ever convicted. Rumours were unrelenting about Oakes' missing fortune, and fascination with the Oakes story has persisted for decades. Award-winning biographer and popular historian Charlotte Gray explores, for the first time, the life of the man behind the scandal, a man who was both reviled and admired - from his early, hardscrabble days of mining exploration, to his explosion of wealth, to his grandiose gestures of philanthropy. And Gray brings fresh eyes to the bungled investigation and shocking trial in the remote colonial island streets, proposing an overlooked suspect in this long cold case. Murdered Midas is the story of the man behind the newspaper headlines, who, despite his wealth and position, was never able to have justice.

A time-travel story that is both a poignant exploration of human identity and an absorbing tale of suspense. It's natural to feel a little out of place when you're the new girl, but when Charlotte Makepeace wakes up after her first night at boarding school, she's baffled: everyone thinks she's a girl called Clare Mobley, and even more shockingly, it seems she has traveled forty years back in time to 1918. teachers think she's slow, the other girls find her odd, and, as she spends more and more time in 1918, Charlotte starts to wonder if she remembers how to be Charlotte at all. If she doesn't figure out some way to get back to the world she knows before the end of the term, she might never have another chance.

Mrs. King Macmillan + ORM

Faulks's first novel since the extraordinary success of *Birdsong* is written with the same passion, power and breadth of vision. Set in England and France during the darkest days of World War II, Charlotte Gray, like *Birdsong*, depicts a complex love affair that is both shaped and thwarted by war. It is 1942. London is blacked out, but France is under a greater darkness, as the occupying Nazi forces encroach ever closer in a tense waiting game. Charlotte Gray, a volatile but determined young woman, travels south from Edinburgh. Working in London, she has a brief but intense love affair with an RAF pilot. When his plane is lost over France, she contrives to go there herself to work in the Resistance and to search for him--but then is unwilling to leave as she finds that the struggle for the country's fate is intimately linked to her own battle to take control of her life. Faulks's novel is an examination of lost paradises, politics without belief, the limits of memory, the redemptive power of art and the existence of hope beyond reason. It is also a brilliant evocation of life in Occupied France and, more significantly, a revelation of the appalling price many Frenchmen paid to survive in unoccupied, so-called Free France. As the men, women and children of Charlotte's small town prepare to meet their terrible destiny, the truth of what took place in wartime France is finally exposed. When private lives and public events fatally collide, the roots of the characters' lives are torn up and exposed. These harrowing scenes are presented with the passion and narrative force that readers will recall from *Birdsong*. Charlotte Gray will attract even more readers to Faulks's remarkable fiction.

She Landed By Moonlight Potter Style

"Like a modern day vagabonding beat poet, the possible love-child of Patti Smith and Charles Bukowski - Eriksson is a rare soul in today's society. Carefully balancing between wanting to defy the world, and wanting nothing more than to be a part of it." At 18 years old she left her home in Sweden and took off on her own to embark on the long journey of creating a life for herself. A life she could be proud of. A life that made her excited to wake up every morning. With nothing but a guitar, her stories and a dream, she spent a year wandering in England, sleeping at train stations, airports and helpful fans' couches. Singing for whoever was willing to listen and collecting stories. Her first book *Empty Roads & Broken Bottles*; in search for *The Great Perhaps*, is Charlotte's own journey of fighting for her dream, living rootless, learning solitude, the difference between having a home and feeling at home and how she finally found a home in herself, in her music, in her words. An ordinary girl created a community, now with thousands of fans following her journey. Aspiring to inspire others to follow their hearts and go against the tide, showing that you can achieve and become exactly who you want to be, if you just want it bad enough. "She seems to have such a deep love for life and experience, both the good and the bad, this book made me want to go out and live my life to the fullest. I want to feel all of this too." This book is filled with philosophical explorations, inspiring stories of facing fear and doubts, words on love and loss, hurting and healing. The second part of the book is Charlotte's own journals, written during her wandering year in England. Bold and honest, raw from stream-of-consciousness. She doesn't cover up how hard life can really be, how deep love can cut, or how mesmerising a simple conversation can be. Now, a few years later, Charlotte has become a prolific songwriter and author. She's released 3 critically acclaimed albums, published 3 books, and had excerpts from her books shared on large platforms such as Thought Catalog, *Bella Grace Magazine*, *Berlin ArtParasites* and *Word Porn*. She's taken on the challenge of writing comforting words on mental illness, depression, wanting more, heartbreak, chasing a dream and losing people. But this, is where it all started. "I wanted to turn my life into art, my very existence into a poem. This is my story. It might not always be easy, but it will always be beautiful." ***** "Instant coffee and a tip from the sound-guy. I'm learning sounds, lying wide awake on different sofas every night. I know the

difference between a well built wall and broken strength. I'm learning mindfulness, reading about gurus and poets every day on different trains to nowhere. I don't know what I'm learning but I hope I will understand one day. I'm selling my heart with each album and a silent prayer that they'll be gentle with it, gentle with me. And then the concerned looks they throw when I point at my worn out bag and broken guitar case as the answer to where I live. Sure I could spend a year or two selling my days and time for money, and I could buy all these things people want to have without never really needing it. It's just that when I'm on that stage every night, it all just seems so stupid. My guitar, my voice, my words, my story. That's all I want, that's what makes my heart beat. What am I supposed to do with belongings and material stuff when all I want is this. The open road and a new beginning every day."

Once There Were Wolves HarperCollins Publishers

Catharine Parr Traill and Susanna Moodie are icons of the Canadian imagination. Yet most of what we know of these two English gentlewomen who spent their adult lives struggling in Britain's harsh and vigorous colony comes from their own self-consciously crafted

writings and from other writers' sometimes fanciful depictions of them. But what were the women behind the authorial voices really like? In *Sisters in the Wilderness*, award-winning author Charlotte Gray breathes life into two remarkable and fascinating characters and brings us a vivid picture of life in the backwoods of Upper Canada.

Night Magic Simon and Schuster

On the night of the 22 September 1943 Pearl Witherington, a twenty-nine-year-old British secretary and agent of the Special Operations Executive (SOE), was parachuted from a Halifax bomber into Occupied France. Like Sebastian Faulks' heroine, Charlotte Gray, Pearl had a dual mission: to fight for her beloved, broken France and to find her lost love. Pearl's lover was a Parisian parfumeur turned soldier, Henri Cornioley, who had been taken prisoner while serving in the French Logistics Corps and subsequently escaped from his German POW camp. Agent Pearl Witherington's wartime record is unique and heroic. As the only woman agent in the history of SOEs in France to have run a network, she became a fearless and legendary guerrilla leader organising, arming and training 3,800 Resistance fighters. Probably the greatest female organiser of armed maquisards in France, the woman whom her young troops called 'Ma Mère', Pearl lit the fires of Resistance in Central France so that Churchill's famous order to 'set Europe ablaze', which had brought SOE into being, finally came to pass. Pearl's story takes us from her harsh, impoverished childhood in Paris, to the lonely forests and farmhouses of the Loir-et-Cher where she would become a true 'warrior queen'. Shortly before Pearl's death in 2008, the Queen presented her with a CBE in Paris. While male agents and Special Force Jedburghs received the DSO or Military Cross, an ungrateful country had forgotten Pearl. She had been offered a civilian decoration in 1945 which she refused, saying 'There was nothing civil about what I did.' But what pleased her most was to receive her Parachute Wings, for which she had waited over 60 years. Two RAF officers travelled to her old people's home and she was finally able to pin the coveted wings on her lapel. Pearl died in February 2008 aged 93.
