Popular Mechanics UBD-Gregory's

The Muncie 4-speeds, M20, M21, and M22 are some of the most popular manual transmissions ever made and continue to be incredibly popular. The Muncie was the top high-performance manual transmission GM offered in its muscle cars of the 60s and early 70s. It was installed in the Camaro, Chevelle, Buick GS, Pontiac GTO, Olds Cutlass, and many other classic cars. Many owners want to retain the original transmission in their classic cars to maintain its value. Transmission expert and veteran author Paul Cangialosi has created an indispensable reference to Muncie 4-speeds

that guides you through each crucial stage of the rebuild process. Comprehensive ID information is provided, so you can positively identify the cases, shafts, and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and complete the rebuild. It also explains how to choose the ideal gear ratio for a particular application. Various high-performance and racing setups are also shown, including essential modifications, gun drilling the shafts, cutting down the gears to remove weight, and achieving race-specific clearances. Muncie 4-speeds need rebuilding after many miles of service and extreme use. In addition, when a muscle car owner builds a high-performance engine that far exceeds stock horsepower, a stronger high-performance transmission must be built to accommodate this torque and horsepower increase. No other book goes into this much detail on the identification of the Muncie 4-speed, available parts, selection of gear ratios, and the rebuild process.

Bath, 1852. As a girl, Nancy Bloom would go to Bath's Theatre Royal, sit on the hard wooden benches and stare in awe at the actresses playing men as much as the women dressed in finery. She longed to be a part of it all and when a man promised her parents he could find a role for Nancy in the theatre, they believed him. His lie and betrayal led to her ruin. Francis Carlyle is a theatre manager, an ambitious man always looking for the next big thing to take the country by storm. A self-made man, Francis has finally shed the skin of his painful past and is now rich, successful and in need of a new female star. Never in a million years did he think he'd find her standing on a table in one of Bath's bawdiest pubs. Nancy vowed never to trust a man again. Francis will do anything to make her his star. As they engage in a battle of wits and wills, can either survive with their hearts intact? The second in Rachel Brimble's thrilling new Victorian saga series, Trouble for the Leading Lady will whisk you away to the riotous, thriving underbelly of Victorian Bath.
