Best 30 Lawn Mower Repair in Denver, CO with Reviews - YP.com

Mower loses power: If a lawn mower is losing power while in use, this can mean that there is either bad gas in the mower or the air filter is dirty and needs to be replaced. Lawn mower is overheating: Many lawn mower models are equipped with cooling fins and engine shrouds. If these components fill up with dirt, grass clippings and other debris, it can cause the mower to quickly overheat.
