All Sharp products have
a model number stated
on them, some in more
than one place. The
model number can be
found on the original
box the item was
purchased in, on the
product manual, and on
the product in the
locations described

below. All products state "Model:" followed by the model number.

Customer Reviews: Sharp AQUOS / 60" Class / 1080p / 120Hz ...

The manual that came with the TV is next to worthless, with no tech specs. The set is good value for the money. Picture is good, but not great. ("Great" would cost twice as much money.) Blu Ray movies look outstanding, which is to be expected. I have been watching them with the 120 Hz interpolation turned on. Support Details
