Windsor Laferrière is an exiled Haitian writer, forced to flee his homeland as a political dissident. He has lived in Montreal for thirty-three years and now suffers from writer's block. His father of the same name has just died in New York, where he himself lived as an émigré for the fifty years. Windsor decides to travel to Haiti via New York to attend the funeral and inform his mother of the death. Leaving behind the freezing winter of Montreal-something he has never gotten used to-for the wet heat of Haiti, Windsor is faced with the grim truth of life in his homeland-the endemic poverty and starvation, the thwarted ambitions and broken dreams. But only here can he become a writer again.

Toulouse, la nuit. Une femme sort d'un bar. Elle ne sait pas encore que son destin et sa vie vont basculer. Une rencontre sous le clair de lune, d'abord tragique, qui deviendra magique. Les méandres de la destinée d'un homme et d'une femme vont se croiser, s'entrelacer, se mêler, pour ne plus jamais se séparer malgré les épreuves, les incertitudes, les doutes. Ils vont se découvrir au gré de leurs aventures, leurs passés se dévoilant, chaque fois, un peu plus. De page en page, d'épisode en épisode, les personnages passent d'émotion en émotion, d'intrigue en intrigue, nous entraînant dans leur sillage ensorcelant. "[A] satire of celebrity culture and the numbing effects of fame" by the international bestselling comedy writer and author of *Things Can Only Get Better* (Publishers Weekly). It's a big night at the London Palladium. Jimmy Conway is about to perform his stand-up comedy routine in front of two thousand invited guests and millions more watching the event live on TV. He steps into the spotlights and waits for the applause to die down. He tries to appear confident but he can't help wondering whether he should have shared his little secret with someone by now. Jimmy has never performed comedy, or anything, before. Ever. How did he get here? After convincing a naive journalist that he is the latest comedy phenomenon, the under-achieving Jimmy bluffs and stumbles his way up the celebrity ladder, discovering as he goes that in their desperation to be associated with the next big thing, nobody has bothered to check his credentials. Quicker than you can say "flavor of the month," Jimmy Conway becomes a bogus celebrity, winning an award for something he never did, and ultimately fooling the entire celebrity industry. "A wicked farce." —Daily Express

In more than ninety novels and novellas, Honoré de Balzac (1799–1850) created a universe teeming with over two thousand characters. *The Misfit of the Family* reveals how Balzac, in imagining the dense, vividly rendered social world of his novels, used his writing as a powerful means to understand and analyze—as well as represent—a range of forms of sexuality. Moving away from the many psychoanalytic approaches to the novelist's work, Michael Lucey contends that in order to grasp the full complexity with which sexuality was understood by Balzac, it is necessary to appreciate how he conceived of its relation to family, history, economics, law, and all the many structures within which sexualities take form. *The Misfit of the Family* is a compelling argument that Balzac must be taken seriously as a major inventor and purveyor of new tools for analyzing connections between the sexual and the social. Lucey's account of the novelist's deployment of "sexual misfits" to impel a wide range of his most canonical works—*Cousin Pons*, *Cousin Bette*, *Eugenie Grandet*, *Lost Illusions*, *The Girl with the Golden Eyes*—demonstrates how even the flexible umbrella term "queer" barely covers the enormous diversity of erotic and social behaviors of his characters. Lucey draws on the thinking of Michel Foucault and Pierre Bourdieu and engages the work of critics of nineteenth-century French fiction, including Naomi Schor, D. A. Miller, Franco Moretti, and others. His reflections on Proust as Balzac's most cannily attentive reader suggest how the lines of social and erotic force he locates in Balzac's work continued to manifest themselves in twentieth-century writing and

It all starts with a girl . . . because yes, there's always a girl. Jason Priestley (not that one) has just seen her. They shared an incredible, brief, fleeting moment of deep possibility, somewhere halfway down Charlotte Street. And then, just like that, she was gone—accidentally leaving him holding her old-fashioned disposable camera, chock full of undeveloped photos. And now Jason—ex-teacher, ex-boyfriend, part-time writer and reluctant hero—faces a dilemma. Should he try to track The Girl down? What if she's The One? But that would mean using the only clues he has, which lie untouched in the beaten-up camera.

Throughout this book, the concept of framing is used to look at art, photography, scientific drawings and cinema as visually constituted, spatially bounded productions. The way these genres relate to that which exists beyond the frame, by means of plastic, chemically transposed, pencil-sketched or moving images allows us to decipher the particular language of the visual and at the same time circumscribe the dialectic between presence and absence that is proper to all visual media. Yet, these kinds of re-framing owe their existence to the ruptures and upheavals that marked the demise of certain discursive systems in the past, announcing the emergence of others that were in turn overturned.

### **The Post Card** Albin Michel

17 November 1979 You were reading a somewhat retro loveletter, the last in history. But you have not yet received it. Yes, its lack or excess of address prepares it to fall into all hands: a post card, an open letter in which the secret appears, but indecipherably. What does a post card want to say to you? On what conditions is it possible? Its destination traverses you, you no longer know who you are. At the very instant when from its address it interpellates, you, uniquely you, instead of reaching you it divides you or sets you aside, occasionally overlooks you. And you love and you do not love, it makes of you what you wish, it takes you, it leaves you, it gives you. On the other side of the card, look, a proposition is made to you, S and p, Socrates and plato. For once the former seems to write, and with his other hand he is even scratching. But what is Plato doing with his outstretched finger in his back? While you occupy yourself with turning it around in every direction, it is the picture that turns you around like a letter, in advance it deciphers you, it preoccupies space, it procures your words and gestures, all the bodies that you believe you invent in order to determine its outline. You find yourself, you, yourself, on its path. The thick support of the card, a book heavy and light, is also the specter of this scene, the analysis between Socrates and Plato, on the program of several others. Like the soothsayer, a "fortune-telling book" watches

over and speculates on that-which-must-happen, on what it indeed might mean to happen, to arrive, to have to happen or arrive, to let or to make happen or arrive, to destine, to address, to send, to legate, to inherit, etc., if it all still signifies, between here and there, the near and the far, da und fort, the one or the other. You situate the subject of the book: between the posts and the analytic movement, the pleasure principle and the history of telecommunications, the post card and the purloined letter, in a word the transference from Socrates to Freud, and beyond. This satire of epistolary literature had to be farci, stuffed with addresses, postal codes, crypted missives, anonymous letters, all of it confided to so many modes, genres, and tones. In it I also abuse dates, signatures, titles or references, language itself. J. D. "With *The Post Card*, as with *Glas*, Derrida appears more as writer than as philosopher. Or we could say that here, in what is in part a mock epistolary novel (the long section is called "Envois," roughly, "dispatches" ), he stages his writing more overtly than in the scholarly works. . . . *The Post Card* also contains a series of self-reflective essays, largely focused on Freud, in which Derrida is beautifully lucid and direct."—Alexander Gellay, *Library Journal*
