Powerful lessons in forward-thinking leadership from the global business pioneer who turned IDG into a \$3 billion technology media and venture capital empire Like Steve Jobs, Patrick McGovern created a worldwide multibillion-dollar industry by thinking differently, disrupting old business models, and embracing new global trends. He drove the future forward and never looked back. His company, International Data Group (IDG), quickly became a global powerhouse with information technology publications in markets around the world. IDG broke new ground in the 1980s by opening offices in China, the Soviet Union, Eastern Europe, and other markets deemed off-limits. IDG thrived across a series of technology and media industry shifts— from mainframe computers to minicomputers to personal computers, from print to digital, and through into the age of the Internet and smartphones—that upended many rivals. Living at the intersection of these classic disruptions, McGovern never missed a beat. And he understood well before most that a revolution in information technology was underway and not only was there money to be made but that this business would soon become the world's largest industry. His leadership in the creation of one of the world's leading brain research institutes at MIT only served to cement his legacy. His bold vision and fearless risk-taking made McGovern a legend among leaders. In today's ever-changing global marketplace, his leadership lessons are

more timely and important than ever. In Future Forward, leaders will find 10 essential lessons that can be easily applied to any business, from small startups to giant corporations. These include: "Let's try it. Encourage entrepreneurial behavior and back it up with serious commitment." "Decentralize. When building a global empire, every market is local." "Love your employees. Adore your customers." Leaders at every level will discover outside-the-box approaches to employee engagement, entrepreneurial commitment, and radical innovation. These are the lessons of a true visionary. This is how successful leaders take risks, take charge, and take the future by storm.

Springer Nature

"I dream, I test my dreams against my beliefs, I dare to take risks, and I execute my vision to make those dreams come true." -Walt Disney. Walt Disney's dreams, beliefs, and daring gave birth to captivating characters, thrilling theme park attractions, and breathtaking tales that have inspired the imaginations of generations of children and adults. Disney also launched an entertainment and marketing empire whose influence is felt around the world, and whose success provides a model of business excellence that can guide any company. Each principle is then examined in detail by illustrating the principle at work at Disney as well as at other successful companies. Capodagli and Jackson have spent their careers studying Disney and teaching this unique management method to others. As consultants to companies ranging from Illinois Power to Bristol-Myers Squibb and Whirlpool, they have used the Disney principles again and again, and have seen them yield startling performance improvements. They have distilled this wisdom in THE DISNEY WAY. In this book, you'll learn how to: Give every member of your organization the chance to dream, and tap into the creativity those dreams embody; Treat your customers like guests; Build long-term relationships with key suppliers and partners; Dare to take calculated risks in order to bring innovative ideas to fruition; Align long-term vision with short-term execution. And more. No fairy dust. No magic wands. No wishing on a star. Just sound, effective management principles that stem from Walt Disney's values, vision, and philosophy. Lists of questions to ask and actions to take, along with real-life examples, will help you adapt the Disney Way to suit your company's needs. From the hiring and training of

employees to the realization of a creative concept to exceptional customer service, every aspect of the Walt Disney Company is linked to Walt Disney's vision.

The Wisdom of Walt Random House A former Senior VP of Apple shares how Steve Jobs motivated people to do the best work of their lives Jay Elliot was hired personally by Steve Jobs, just in time to accompany him on the last of his historic visits to Xerox's Palo Alto Research Center, the visits that changed the course of computing. As Senior VP of Apple, Jay served as Steve's right-handman and trouble-shooter, overseeing all corporate operations and business planning, as well as software development and HR. In Leading Apple with Steve Jobs, Jay details how Steve managed and motivated his people—and what every manager can learn from Jobs about motivating people to do the best work of their lives. Steve Jobs used the phrase "Pirates! Not the Navy" as a rallying cry—a metaphor to "Think Different." In the days of developing the Macintosh, it became a four-word mission statement. It expresses the heart of Apple and Steve. The management principles that grew out of that statement form the backbone of this book. Explains how to find talented people who will understand your objectives and be able to make a contribution to that effort Lists traits that can determine whether a person will be so committed to the vision that they will provide their own motivation Explains how to ensure that your employees hold an allegiance to the captain and to his/her shipmates, and also possess the ability to come up with original, unique ways to approach a problem, and be self-

guided with a strong sense of direction. *Leading Apple with Steve Jobs* will shift your thought paradigm and inspire you to assemble and lead innovative teams.

Think Like Zuck: The Five Business Secrets of Facebook's Improbably Brilliant CEO

Mark Zuckerberg John Wiley & Sons

What is it about McDonald's that has enabled it to produce more millionaires from within its ranks than any company in history? What earns the undying respect and loyalty of its franchisees, vendors, and 47 million customers served daily, from Moscow to Evansville to Rio de Janeiro? And how does it continue to expand its products, retool its image, and become more popular with each passing year? Few authors are as qualified to answer those questions as company insider Paul Facella. Beginning behind the counter at age 16, Paul literally grew up at McDonald's. From counter, to grill, to Regional Vice President, he has, over the course of his distinguished 34-year career, developed an intimate knowledge of the fast-food giant's management practices and culture. He's also forged personal ties to its legendary leaders, including founder Ray Kroc and CEOs Fred Turner, Mike Quinlan, Jack Greenberg, former President Ed Rensi, and current CEO Jim Skinner. *Everything I Know About Business I Learned at McDonald's* delivers an up-close-and-personal look at a company where talent is cultivated and encouraged to thrive, from the individual restaurant to the corner office. With the help of in-depth interviews and "in their own words" commentaries from company executives, franchisees, and vendors, he explores McDonald's result-driven culture, and reveals the core principles, first laid down by founder Ray Kroc in 1955, that have successfully guided the company for more than five decades. Finally, Paul distills all that knowledge and experience into powerful lessons on teamwork, leadership, integrity, communication, and relationship building that you'll use to achieve stellar results in your company—whether your goal is to build an international business empire of your own, or just the best darned shop in town.

Leading Apple With Steve Jobs
Harvard Business Press

On the field of life, we all experience setbacks: bad decisions, job loss, divorce, health problems. Even countries around the world have experienced an economic setback due to the recession. Though we all experience setbacks, no one wants to take a step back. The good news is that a comeback is possible for anyone. Rick McDaniel will show you causes

for your setbacks and lessons you can learn from them. He will help you to get ready for your comeback and guide you to the components and steps needed to make it happen. Along the way, he will share many inspiring stories of comebacks. Too many people allow their setback to be a step back. McDaniel will teach you setbacks do not control your life. If you have experienced a setback and are ready for your comeback, then this is for you.

Lessons from the Legends of Wall Street
New Word City

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. *THE WARREN BUFFETT PORTFOLIO* will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. *THE WARREN BUFFETT PORTFOLIO* introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and

manage a portfolio to achieve the best possible results.

Damn Right! Leadership Lessons: Warren Buffett, Walt Disney, Thomas Edison, Katharine Graham, Steve Jobs, and Ray Kroc

Volume 27 continues the diversity and inclusivity of the Research in Organizational Change and Development series through insightful, thought provoking chapters with new conceptual insights and robust empirical studies. This volume includes contributions from Australia, Canada, France, Ireland, Italy, United Kingdom and United States.

The Magic Kingdom Simon & Schuster

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. Media coverage is available at the following links:

[50 Berkshire Hathaway Letters to Shareholders 1965-2014](#) University of Missouri Press Leadership has gone through many changes in the last couple of decades. We have realized that outstanding leadership is not about being authoritarian and exercising control. It is not only about the intelligence quotient (IQ) but also about emotional intelligence. To be an exceptional leader, you need several essential skills, all of which you can learn. The skills are nuanced with emotional intelligence, which you can gain. This book is unique: the author weaves leadership ideas with the song titles of The Beatles, making this book fun, playful, thoughtful, and valuable. Each chapter is organized with the key message on a leadership attribute prompted by a Beatles' song title, tips on

becoming better on the topic, a practice suggestion, questions to ask yourself to think about the message, and resources for more reading. The author begins each chapter with how and why she chose the song and includes fun facts. It's an engaging book that blends the words of perhaps the greatest rock band ever-The Beatles-with the basic principles for becoming a better leader.

Leadership Macmillan

This book - Will Peters's second volume of leadership lessons - puts the spotlight on six great political leaders whose lives offer endless lessons for people who aim to lead, whether they want to go into politics, start a business, or take over the local school board. Every leader is unique, and these six - Winston Churchill, Dwight Eisenhower, John Kennedy, Abraham Lincoln, Ronald Reagan, and Margaret Thatcher - each faced his or her own problems and found creative ways to deal with them. But they also shared qualities vital to any leader, and their stories will both inspire readers and teach practical ways to succeed and win loyalty.

[The Disney Way](#) New Word City Warren Buffett is a legend primarily for his investment philosophy. He isn't concerned about the intricacies of the market, but instead focuses on the quality of the companies Berkshire Hathaway stands behind. Yet we know little about the leaders of the companies that Buffett handpicks. In *Behind the Berkshire Hathaway Curtain: Lessons from Warren Buffett's Top Business Leaders*, author Ronald W. Chan - founder and CEO of Chartwell Capital - offers a behind-the-scenes look into the careers of Berkshire Hathaway executives who have both directly and indirectly contributed to the conglomerate's success. Drawing on exclusive interviews from Berkshire leaders, Chan vividly describes how an exceptional group of managers has built a culture of achievement. With a keen eye for detail, he shows how their lessons can be

applied for career success and personal fulfillment. Brimming with practical advice, the book will appeal to both executives and employees wanting to improve their leadership skills and work performance. Covering the career and life decisions of David Sokol of MidAmerican Energy, Cathy Baron-Tamraz of Business Wire, Dennis Knautz of Acme Brick, Randy Watson of Justin Brands, Stan Lipsey of Buffalo News, and many more, the book offers a wide range of business insights, philosophies, and strategies directly from leaders at the top of their fields.

Everything I Know About

Business I Learned at McDonalds HarperCollins Leadership The Magic Kingdom sheds new light on the cultural icon of "Uncle Walt." Watts digs deeply into Disney's private life, investigating his roles as husband, father, and brother and providing fresh insight into his peculiar psyche-his genuine folksiness and warmth, his domineering treatment of colleagues and friends, his deepest prejudices and passions. Full of colorful sketches of daily life at the Disney Studio and tales about the creation of Disneyland and Disney World, *The Magic Kingdom* offers a definitive view of one of the most influential Americans of the twentieth century.

Leadership Lessons: Warren Buffett, Walt Disney, Thomas Edison, Katharine Graham, Steve Jobs, and Ray Kroc McGraw Hill Professional Praise for *Damn Right!* From the author of the bestselling *WARREN BUFFETT SPEAKS*. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the

iconoclastic genius and subtle tolerant solutions by learning charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE

CUNNINGHAM, Cardozo Law School, Author of *The Essays of Warren Buffett: Lessons for Corporate America* "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of *The Warren Buffett Way* "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful." -TIMOTHY P. VICK, Money Manager and Author of *How to Pick Stocks Like Warren Buffett*

This book will show you how to create robust, scalable, highly available and fault-

different aspects of Solution architecture and next-generation architecture design in the Cloud environment.

The Snowball Tyndale House Publishers, Inc.

A comprehensive value investing framework for the individual investor In a straightforward and accessible manner, *The Dhandho Investor* lays out the powerful framework of value investing. Written with the intelligent individual investor in mind, this comprehensive guide distills the Dhandho capital allocation framework of the business savvy Patels from India and presents how they can be applied successfully to the stock market. The Dhandho method expands on the groundbreaking principles of value investing expounded by Benjamin Graham, Warren Buffett, and Charlie Munger. Readers will be introduced to important value investing concepts such as "Heads, I win! Tails, I don't lose that much!," "Few Bets, Big Bets, Infrequent Bets," Abhimanyu's dilemma, and a detailed treatise on using the Kelly Formula to invest in undervalued stocks. Using a light, entertaining style, Pabrai lays out the Dhandho framework in an easy-to-use format. Any investor who adopts the framework is bound to improve on results and soundly beat the markets and most professionals.

[The Making of a Leader](#) Wiley Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 *The Snowball* is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, *The Snowball* is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling

Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. *The Snowball* provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

Leadership Lessons: Henry Ford, Reed Hastings, Alfred Sloan, Sam Walton, Oprah Winfrey John Wiley & Sons

Great leaders have a great deal to teach those of us who aspire to leadership. But their lessons are as diverse and sometimes contradictory as the leaders themselves; we have to pick and choose among them, matching our own talents, temperament, and shortcomings with those of the models we aim to copy. Here are studies of six business titans of the recent past who offer a wide range of precepts for leadership: Warren Buffett, the most successful investor in history, who combines vast wealth with honesty, unfeigned modesty, and self-deprecating wit; Walt Disney, the great entertainer, who promoted family values but was also a tyrannical micro-manager; Thomas Alva Edison, the world's most prolific inventor, who gave us the phonograph, the incandescent light, the electric generator, and motion pictures; Katharine Graham, who earned world fame as the courageous publisher whose *Washington Post* led the fight to uncover the Watergate scandal that drove Richard Nixon from the White House; Steve Jobs, the Apple co-founder and genius who dazzled the world with the revolutionary iMac, iPod, iPhone, and iPad; and Ray Kroc, the late-blooming entrepreneur who built McDonald's into the

world's biggest fast-food restaurant chain. No reader will follow all of their precepts, but all six offer vital lessons for anyone who wants to be a leader.

Solutions Architect's Handbook
Hardie Grant Publishing

PUT WALT TO WORK FOR YOU! How do you go from dreaming of a theme park to building one? Walt Disney laid the blueprint. Learn how he did it, and how his wisdom can guide you toward achieving the things that you dream of. The experts told Walt it'd never work. A giant theme park, where parents and children could play together? Crazy! So Walt put all of his money into this crazy dream of his. He put his reputation on the line. Anyone else would have quit, discouraged and disillusioned, but Walt built Disneyland. How did he go from dreaming to doing? And how can you do the same, no matter what your goal? In The Wisdom of Walt, Professor Jeffrey Barnes distills Walt Disney's vision, his knowledge, and his methods into a series of actionable lessons. Through historical vignettes about Disneyland, as well as plentiful examples and exercises, Barnes creates a framework through which you can apply Walt's wisdom to improve your career, your company, and your life. Learn to: -Listen to your "Walter ego" and start trusting yourself -Go "beyond the berm" with the secrets of Disneyland's success -Make a "Main Street impression" on everyone you meet -Create "E-ticket experiences" that keep them coming back for more

WITH THE WISDOM OF WALT, YOUR SUCCESS IS JUST A DREAM AWAY!

Leader-Member Exchange and Organizational Communication

New Word City
After examining the lives of hundreds of historical, biblical, and contemporary leaders, Dr. J. Robert Clinton gained perspective on how leaders develop over a lifetime. By studying the six distinct stages he identifies, you will learn to: Recognize and respond to God's providential shaping in your life Determine where you are in the leadership development

process Identify others with leadership characteristics Direct the development of future leaders This revised and updated edition includes several new appendixes and expanded endnotes, as well as an application section at the end of each chapter.

Steve Jobs Penguin
Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. Starting from scratch, simply by picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century—an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett's investment strategy—a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces—and shows how it is a reflection of his inner self.
