Skills theory had grown from the flaws of the traits theory. The trait theory remained fixed on specific traits due to which it proved to be of no use when it came to developing leaders from the

---

non-leaders. This theory highlights five important skills that are important characteristics of leadership. They include – competencies, individual attributes, leadership outcomes, career experiences and environmental influences. Skills theory thus showed leadership is not meant only for the gifted.

**Leadership: Theory, Application, & Skill Development 6th ...**

The interaction between purpose, direction, and motivation create a variety of situations that require specific leader and follower behaviors to accomplish the mission; therefore, the BE, KNOW, DO Leadership Framework can be applied to both leader and follower. The role of the leader and follower in a specific situation is seen in Figure 1.1.1.
