Beast Academy Guide 2A At-Home Tutor

A Full School Year of Lesson Plans for Kindergartners Designed by experts in elementary education, this valuable resource offers a full school year in six curriculum areas—everything you need to teach your child at home or supplement your child's school curriculum. This comprehensive Kindergarten resource includes: --36 weeks of lesson plans for Kindergartners --Weekly lesson plans at a glance --Instruction in Reading, Language Skills, Spelling, Math, Science, and Social Studies --Art, Music, and Movement activities integrated into the curriculum --Extension activities to support each week's lessons --Explanations of concepts, skills, and teaching strategies --Step-by-step instructions --Full-color, ready-to-use activity sheets --384 pages Your child needs to build a strong academic foundation. With the Learn At Home series, your child will be well on the way to success *Language Arts, Grades K - 1* Carson-Dellosa Publishing Have you ever noticed that we tend to compartmentalize when teaching our children? In real life, there aren't artificial barriers between "subjects." For example, when you are cooking or baking, you have to use the skills of reading, logical thinking, and measuring, just to name a few. In driving a car, you see and read road signs, read maps, and count miles. It has become quite clear that there is an abundance of math curriculums available that are nothing but monotonous drill sheets dressed up in pretty colors. Pretty colors do not make a living book. Content, story, and the ability to show math in real life make a living math book. Math

Level 1: Teach math lessons through the creative means of a life story. Provides a link for the downloadable answer key. Has a scope and sequence that contains learning numbers 0 to 100, circles and patterns, counting and addition, days of the week, and telling time. This book was written to be used by you and your young student together. It is the story of a twin brother and sister, Charlie and Charlotte, who are visiting their grandparents' farm. They soon learn that the farm is full of learning opportunities! As you read their story, your students will be drawn into the adventure along with the twins. They will learn about numbers, shapes, place value, adding, and subtracting. They will also learn about gardening, baby animals on the farm, nature, and the love of family. They will hear exciting stories from Grandpa and Grandma, and they will be invited to join the twins on their living math adventures. We hope you have a grand time on this adventure!
