Two Views on Women in Ministry Iscast Leviticus used to be the first book that Jewish children studied in the synagogue. In the modern church it tends to be the last part of the Bible that anyone looks at seriously. Because Leviticus is largely concerned with subjects that seem incomprehensible and irrelevant today — rituals for sacrifice and regulations concerning uncleanness — it appears to have nothing to say to twenty-first-century Christians. In this excellent commentary on Leviticus, Gordon Wenham takes with equal seriousness both the plain original meaning of the text and its abiding theological value. To aid in reconstructing

the original meaning of the text, Wenham draws from studies of Old Testament ritual and sacrifice that compare and contrast biblical customs with the practices of other Near Eastern cultures. He also closely examines the work of social anthropologists and expertly utilizes the methods of literary criticism to bring out the biblical author's special interests. In pursuit of his second aim, to illumine the enduring theological value of Leviticus, Wenham discusses at the end of each section how the Old Testament passages relate to the New Testament and to contemporary Christianity. In doing so, he not only shows how pervasive Levitical ideas are in the New Testament but also highlights in very practical ways the enduring claim of God's call to holiness on the lives of Christians

today.

While many books are written on Jesus' death, a gap exists in writings about the theological significance of a believer's death, particularly in imitation of Jesus'. Paul, as a first apostolic witness who talked frequently about his own death, serves as a foundational model for how believers perceive their own death. While many have commented about Paul's stance on topics such as forensic righteousness and substitutionary atonement, less is written about Paul's personal experience and anticipation of his own death and the merit he assigned to it. Paul and His Mortality: Imitating Christ in the Face of Death explores how Paul faced his death in light of a ministry philosophy of imitation: as he sought to imitate Christ in his life, so he would imitate Christ as he faced his death. In his writings,

Paul acknowledged his vulnerability to passive death as a mortal, that at any moment he might die or come near death. He gave us some of the most mournful and vitriolic words about how death is God's and our enemy. But he also spoke openly about choosing death: "My aim is to know him . . . to be like him in his death." This study seeks to show that Paul embraced death as a follower and imitator of Christ because the benefits of a good death supersede attempts at self-preservation. For him, embracing death is gain because it is honorable, because it reflects ultimate obedience to God, and because it is the reasonable response for those who understand that only Jesus' death provides atonement. Studying mortality is paradoxically a study of life. Peering at the prospect of life's end energizes life in the present. This urgency focuses on living with

mission in step with God, the Creator and Sustainer of life, who is rightly referred to as Life itself. By focusing on mortality, we focus on Paul ' s theology of life in its practical aspects, in particular, living life qualitatively, aware of God ' s kingdom and mission and our limited quantity of days.

Left Behind and Loving It is a cheeky critique of popular writings about the end times. Rather than presenting a steroid-buffed Jesus wrapped in an American flag and "coming again in clouds of gunfire," Left Behind and Loving It invites readers to approach some of the most controversial and scary portions of the Scriptures with the utter confidence that "God's steadfast love

endures forever." Rather than asserting a hope premised on a few chosen ones escaping the world, Left Behind and Loving It argues that if it is Jesus who is to return (and not his evil twin), then the second coming has redemption written all over it. Many today cannot accept the escapist, violent, end-of-the-world scenario envisioned by "Left Behind" theology. Left Behind and Loving It invites readers not to fear but to trust in God's steadfast love and look at the finitude of the world with hope in an infinitely loving God.

Christians know the Psalms, sing the Psalms, and pray the Psalms more than any other book of the Bible. Yet, even as believers have grown more devoted to individual psalms, they have

lost the big picture-the single sense that unites all the psalms as one coherent book. Michael Barber is at the forefront of an emerging movement in biblical theology. With this book, he is recovering the narrative plot that was the common heritage of Jews and Christians in the ancient world. Barber shows how King David serves as an example for the chosen people as they struggled in exile. As David was rescued by the Lord, so would Israel be restored as a kingdom for all ages. This is the story of Christ as well, whom Barber reveals as the "new David." And, in Christ, it is the story of every Christian. The Psalms bring us-in our reading and in our prayer-from suffering and pleading to glory, triumph, and praise. Barber's analysis follows upon an extensive introduction by Scott Hahn, Ph.D., detailing the historical, cultural, and theological background of the Psalter.

Jesus was a Jew and not a Christian. That affirmation may seem obvious, but here an international cast of Jewish and Christian scholars spell out its weighty and often complex consequences for contemporary Jewish-Christian dialogue. Soundings in the Religion of Jesus contextualizes Jesus and the writings about him that set the stage for Jewish-Christian relations for the next two thousand years. Of equal importance, this book considers the reception, celebration, and (too often) the neglect of Jesus' Jewishness in modern contexts and the impact such responses have had for Jewish-Christian relations. Topics explored include the ethics of scriptural translation, the ideological motives of Nazi theologians and

other "quests" for the Historical Jesus, and the ways in which New Testament portraits of Jesus both help and hurt authentic Jewish-Christian dialogue.
