Goodreads.com lists the sole author of Learning from Las Vegas as Robert Venturi but, in fact, it was co-authored with Denise Scott Brown and Steven Izenour. Don't be surprised if Jack Reacher suddenly shows up at the goodreads.com headquarters and sees that justice is served in the name of the overlooked authors.

*Robert Venturi - Wikipedia*

In Learning from Las Vegas, architecture appears as "decorated shed" or "duck". The former relies on imagery and signage to convey its program. The latter expresses its program and meaning in its form. If much of the then-dominant "late Modernism" eschewed ornament, prior architectures acted more as "ducks".
