Alzheimer's takes an confronting  
up close and personal look at  
the progression and common problems of  
Alzheimer's from the perspective of  
the caretaker.

Joanne Koenig Coste takes the reader  
into the lives of caregivers and  
patients to share real-life stories  
which represent some of the most  
common challenges faced when

Alzheimer's and dementia.

**LEARNING TO SPEAK -  
Nova Southeastern  
University**

Speak slowly and clearly, using simple sentences. Even if a person with Alzheimer's can't always understand what we're saying, she explains, they do pick up on our body language and tone of voice. A gentle look or loving hug can make a big difference

as words and comprehension begin to fail. 3. Focus on remaining skills.
