Nosich, G. M. (2012).
Learning to think things through: A ...
In Learning to Think Things Through, both elements and standards are applied to thinking within the discipline. Part of this, in any field, is learning to think the way someone in that discipline thinks. That means being able

to think in terms of specific systems taught in the discipline (Chapter 5). More than that, it means being able to

Learn to think intuitively. This is basically what it means to operate on gut instinct (you should only operate on gut instinct). Often your brain is processing more than you

realize, and that's gut instinct.

How to Think: 15 Ways to Sharpen Your Mind + Thinking Styles

To sort through this example requires thinking through the concept of love in a deeper way and distinguishing it from neediness and from a desire to mold the person according to an image. Part of loving someone, romantically or not, is seeing what that person is actually like, respecting his or her boundaries.
