In this bestselling new book, his first in seventeen years, Robert M. Pirsig, author of *Zen and the Art of Motorcycle Maintenance*, takes us on a poignant and passionate journey as mysterious and compelling as his first life-changing work. Instead of a motorcycle, a sailboat carries his philosopher-narrator Phaedrus down the Hudson River as winter closes in. Along the way he picks up a most unlikely traveling companion: a woman named Lila who in her desperate sexuality, hostility, and oncoming madness threatens to disrupt his life. In *Lila* Robert M. Pirsig has crafted a unique work of adventure and ideas that examines the essential issues of the nineties as his previous classic did the

The Man-eater of Malgudi Bantam

A deliciously funny, remarkably poignant "beach read to end all beach reads" (*Entertainment Weekly*) about the power of friendship, the lure of frenemies, and the importance of making peace with yourself through all of life's ups and downs—from the #1 New York Times bestselling author of *Good in Bed* and *Best Friends Forever*. Six years after the fight that ended their friendship, Daphne Berg is shocked when Drue Cavanaugh walks back into her life, looking as lovely and successful as ever, with a massive favor to ask. Daphne hasn't spoken one word to Drue in all this time—she doesn't even hate-follow her ex-best friend on social media—so when Drue asks if she will be her maid-of-honor at the society wedding of the summer, Daphne is rightfully speechless. Drue was always the one who had everything—except the ability to hold onto friends. Meanwhile, Daphne's no longer the same self-effacing sidekick she was back in high school. She's built a life that she loves, including a growing career as a plus-size Instagram influencer. Letting glamorous, seductive Drue back into her life is risky,

---

but it comes with an invitation to spend a weekend in a waterfront Cape Cod mansion. When Drue begs and pleads and dangles the prospect of cute single guys, Daphne finds herself powerless as ever to resist her friend's siren song. A sparkling, "insightful page-turner" (Real Simple) about the complexities of female relationships, the pitfalls of living out loud and online, and the resilience of the human heart, *Big Summer* is a witty, moving story about family, friendship, and figuring out what matters most.

Published twenty years ago, Leela Gandhi's *Postcolonial Theory* was a landmark description of the field of postcolonial studies in theoretical terms that set its intellectual context alongside poststructuralism, postmodernism, Marxism,

and feminism. Gandhi examined the contributions of major thinkers such as Edward Said, Gayatri Spivak, Homi Bhabha, and the subaltern historians. The book pointed to postcolonialism's relationship with earlier anticolonial thinkers such as Frantz Fanon, Albert Memmi, Ngũgĩ wa Thiong'o, and M. K. Gandhi and explained pertinent concepts and schools of thought—hybridity, Orientalism, humanism, Marxist dialectics, diaspora, nationalism, gendered subalternity, globalization, and postcolonial feminism. The revised edition of this classic work reaffirms its status as a useful starting point for readers new to the field and as a provocative account that opens up possibilities for debate. It includes substantial additions: A new preface and epilogue reposition postcolonial studies within evolving intellectual contexts and take stock of important critical developments. Gandhi examines recent alliances with critical race theory and Africanist postcolonialism, considers challenges from postsecular and postcritical perspectives, and takes into account the ontological, environmental, affective, and ethical turns in the changed

---

landscape of critical theory. She describes what is enduring in postcolonial thinking—as a critical perspective within the academy and as an attitude to the world that extends beyond the discipline of postcolonial studies.

Plantain follows a girl from elementary school to high school graduation as she navigates the tensions between mothers and daughters, second-generation immigrants experiencing first-generation cultural expectations, and Black identity in a predominantly white society. Kara Davis is a girl caught in the middle — of her North American identity and her desire to be a "true" Jamaican, of her mother and grandmother's rages and life lessons, of having to avoid being thought of as too "faas" or too "quiet" or too "bold" or too "soft." In these twelve interconnected stories, we see Kara on a visit to Jamaica, startled by the sight of a severed pig's head in her great-aunt's freezer; in junior high, the victim of a devastating prank by her closest friends; and as a teenager in and out of her grandmother's house, trying to cope with ongoing battles of unyielding authority. A rich and unforgettable portrait of growing up between worlds, Frying Plantain shows how, in one charged moment, friendship and love can turn to enmity and hate, well-meaning protection can become control, and teasing play can turn to something much darker.

My Sister Rosa Vintage Europeans and Americans tend to hold the opinion that democracy is a uniquely Western inheritance, but in *The Common Cause*, Leela Gandhi recovers stories of an alternate version, describing a transnational history of democracy in the first half of the twentieth century through the lens of ethics in the broad sense of disciplined self-fashioning. Gandhi identifies a shared culture of perfectionism across imperialism, fascism, and liberalism—an ethic that excluded the ordinary and unexceptional. But, she also illuminates an ethic of moral imperfectionism, a set of anticolonial, antifascist practices devoted to ordinariness and abnegation that ranged from doomed mutinies in the Indian military to Mahatma Gandhi's spiritual discipline. Reframing the way we think about some of the most consequential political events

of the era, Gandhi presents moral imperfectionism as the lost tradition of global democratic thought and offers it to us as a key to democracy's future. In doing so, she defends democracy as a shared art of living on the other side of perfection and mounts a postcolonial appeal for an ethics of becoming common.
