Heart of Darkness is a short novel by Polish novelist Joseph Conrad, written as a frame narrative, about Charles Marlow's life as an ivory transporter down the Congo River in Central Africa. The river is "a mighty big river, that you could see on the map, resembling an immense snake uncoiled, with its head in the sea, its body at rest curving afar over a vast country, and its tail lost in the depths of the land." In the course of his travel in central Africa, Marlow becomes obsessed with Mr. Kurtz. The story is a complex exploration of the attitudes people hold on what constitutes a barbarian versus a civilized society and the attitudes on colonialism and racism that were part and parcel of European imperialism. Originally published as a three-part serial story, in *Blackwood's Magazine*, the novella *Heart of Darkness* has been variously published and translated into many languages. In 1998, the Modern Library ranked *Heart of Darkness* one of the hundred best novels in English of the twentieth century.

Picture-Book Professors Penguin

How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

The New York Times – bestselling author's Whitbread Prize – winning debut— "Winterson has mastered both comedy and tragedy in this rich little novel" (*The Washington Post Book World*). When it first appeared, Jeanette Winterson's extraordinary debut novel received unanimous international praise, including the prestigious Whitbread Prize for best first fiction. Winterson went on to fulfill that promise, producing some of the most dazzling fiction and nonfiction of the past decade, including her celebrated memoir *Why Be Happy When You Can Be Normal?*. Now required reading in contemporary literature, *Oranges Are Not the Only Fruit* is a funny, poignant exploration of a young

girl ' s adolescence. Jeanette is a bright and rebellious orphan who is adopted into an evangelical household in the dour, industrial North of England and finds herself embroidering grim religious mottoes and shaking her little tambourine for Jesus. But as this budding missionary comes of age, and comes to terms with her unorthodox sexuality, the peculiar balance of her God-fearing household dissolves. Jeanette ' s insistence on listening to truths of her own heart and mind—and on reporting them with wit and passion—makes for an unforgettable chronicle of an eccentric, moving passage into adulthood. “ If Flannery O ' Connor and Rita Mae Brown had collaborated on the coming-out story of a young British girl in the 1960s, maybe they would have approached the quirky and subtle hilarity of Jeanette Winterson ' s autobiographical first novel. . . . Winterson ' s voice, with its idiosyncratic wit and sensitivity, is one you ' ve never heard before. ” —Ms. Magazine
