Pope Benedict XVI is widely
considered to be the greatest
theologian and Catholic
thinker of our time. In these

pages, author James Day unpacks the voluminous teachings of Pope Benedict and presents his remedies for the many ills afflicting the Church and our culture, including individualism, materialism, secularism, and godlessness. At a time when the many “isms” of our day are pulling people away from the Faith, Father Benedict presents a hope-filled future, but only if we are to follow the guidance of Pope Benedict and the path he presents to us in every aspect of life: the formation of the Christian faith, in loving others, in personal vocation, in

education, and in how we see the natural world. Pope Benedict XVI offers our generation one of the clearest understandings of our world today, tirelessly championing the New Evangelization and a sacramental return to Christ and His Church. Father Benedict offers a compelling case for the Christian way, guiding us through the thoughts and writings of the Bavarian priest who became the Holy Father, and who now simply wishes to be called “Father Benedict.” Legacy of Prayer Oxford University Press

The most important parenting skill to hone is prayer. Prayer has no boundaries. It is bound neither by time nor geography. The power of prayer can reach across the miles and can extend into the future. Author Jennifer Kennedy Dean offers principles for praying for our children, our grandchildren, and our descendants. In candid descriptions of her own life as the beneficiary of generations of prayer, she acknowledges that prayer

for our children will not insure a smooth road but instead will insure that " . . . nothing will happen to our children that God cannot use as the raw material from which to create a vessel for His mercy." With characteristically clear and precise writing, she leads us into the Scripture to discover the power of prayer that reaches into the lives of generations not yet born.

The first in-depth

look at the spiritual path of legendary storyteller Laura Ingalls Wilder. With her extraordinary God-given pluck, the creator of the epic Little House series survived the harshness of frontier life—from the heartbreak of sudden crop losses to murderous storms to unrelenting loneliness. Yet in

every season, Laura found strength through her relationship with God. Now, several generations later, Laura's insights about work and rest, trust in the face of hardship, and the value of faith are more relevant than ever. Through Laura's discerning newspaper pieces as an early advice columnist,	interviews with people who knew her personally, and extensive investigation by Stephen Hines, we witness an authentic faith that comes not from pretending all is well but from growing through difficult times. With photos and authentic recipes from the Little House era, A Prairie Girl's	Faith also opens a wider window into the lives of pioneers as it offers a revealing look at the beliefs, character, and culture into which Laura was born and grew to maturity. <i>Tapping the Wisdom and Power of Our Heart Energy</i> Cumberland House Publishing Hope for American democracy in an era

The Spiritual and Intellectual Legacy of Pope Benedict XVI Simon and Schuster This remarkable book is more than the dramatic account of how a red-haired, freckle-faced girl from concordia, Missouri, became "the most prominent woman evangelist who ever lived." It is also the story of how God used her life and teaching to influence Benny Hinn. By tracing her fifty	extraordinary years of ministry, Benny Hinn offers revealing insights into the spiritual life of one of God's choice servants as she took the saving and healing message of Jesus Christ to her generation - often in the midst of personal struggles and disappointing heartbreaks. <i>John Cage, Zen Buddhism, and the Inner Life of Artists</i> Sacred Women's

Christians are not immune to mood swings, emotional upheavals, feeling burned out and

burned up. But you are mysteriously and uniquely designed with a high degree of spiritual sensitivity. Because of this, you are one who can join Jesus in the work He began and continues to do in the earth today. Author Carol Brown explains The Mystery of Spiritual Sensitivity- what this sensitivity looks like and what it feels like, how this sensitivity affects you, and the common, human reflex reactions to this sensitivity. You will be excited and	relieved to discover that God gave you this spiritual awareness to develop spiritual maturity-yours and others. So release yourself to the Spirit of God, and learn how to respond to this most precious gift we have received from our heavenly Father! <i>"The Kingdom of God is Within You"</i> Harmony In today's world, with its relentless emphasis on success and productivity, we have lost the necessary rhythm of life, the balance	between work and rest. Constantly striving, we feel exhausted and deprived in the midst of great abundance. We long for time with friends and family, we long for a moment to ourselves. Millennia ago, the tradition of Sabbath created an oasis of sacred time within a life of unceasing labor. Now, in a book that can heal our harried lives, Wayne Muller, author of the spiritual classic <i>How, Then, Shall We Live?</i> , shows us how to create a special time

of rest, delight, and renewal--a refuge for our souls. We need not even schedule an entire day each week. Sabbath time can be a Sabbath afternoon, a Sabbath hour, a Sabbath walk. With wonderful stories, poems, and suggestions for practice, Muller teaches us how we can use this time of sacred rest to refresh our bodies and minds, restore our creativity, and regain our birthright of inner happiness. Turnaround at Home Bluebridge What's the secret to living a spiritual life? So much is happening in our world that we often get distracted and listen to voices other than the voice of God. "If	we want to be disciples of Jesus, we have to live a disciplined life," Nouwen asserts. In the spiritual life, discipline requires conscious effort to keep every area in life from being filled up. It means creating space in our life for God to act and speak. Nouwen identifies 3 essential disciplines for maintaining a life
