What are the realities and possibilities of utilizing on-line virtual worlds as teaching tools for specific literary works? Through engaging and surprising stories from classrooms where virtual worlds

are in use, this book invites readers to understand and participate in this emerging and valuable pedagogy. It examines the experience of high school and college literature teachers involved in a pioneering project to develop virtual worlds for literary study, detailing how they created, utilized, and researched different immersive and interactive virtual reality environments to support the teaching of a wide range of literary works. Readers see how students role-play as literary characters, extending and altering character conduct in purposeful ways, and how they explore on-line, interactive literature maps, museums, archives, and game worlds to analyze the impact of historical and cultural setting, language, and dialogue on literary characters and events. This book breaks exciting ground, offering insights, pedagogical suggestions, and ways for readers to consider the future of this innovative approach to teaching literary texts.

Keri knows words have power. That's why she believes the man who put the engagement ring on her finger loves her enough to spend his entire life with her. It takes a trip to a premarital retreat and a chance encounter with a handsome stranger that opens her eyes to the true power of commitment and what it really means to exchange vows. Fairytale endings and happily ever after's... the series that challenged it all.

IncrediBuilds: Star Wars: Rogue One: Death Star Deluxe Book and Model Set Routledge

Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like The Joy of Origami and Origami on the Go, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers The Strange Case of Origami Yoda and Darth Paper Strikes Back, and is scheduled to be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee.

R2-D2 and C-3PO's Guide to the Galaxy Gamer Guides

Lego Star Wars III Tia Kelly
"THAT'S NO MOON." –Obi-Wan Kenobi The Death Star's name says it all, with bone-chilling accuracy. It is a virtual world unto itself—equipped with uncanny power for a singularly brutal purpose: to obliterate entire planets in the blink of an eye. Its annihilation of the planet Alderaan, at the merciless command of Grand Moff Tarkin, lives in infamy. And its own ultimate destruction, at the hands of Luke Skywalker, is the stuff of legend. But what is the whole story, and who are the players, behind the creation of this world-killing satellite of doom? The near extermination of the Jedi order cleared the way for Palpatine—power-hungry Senator and Sith

Lord—to seize control of the Republic, declare himself Emperor, and usher in a fearsome, totalitarian regime. But even with the dreaded Darth Vader enforcing Palpatine’s sinister will, the threat of rebellion still looms. And the Emperor knows that only abject fear—and the ability to punish dissent with devastating consequences—can ensure his unchallenged control of the galaxy. Enter ambitious and ruthless government official Wilhuff Tarkin, architect of the Emperor’s terrifying dream come true. From inception to completion, construction of the unprecedented Death Star is awash in the intrigues, hidden agendas, unexpected revelations, and daring gambits of those involved on every level. The brightest minds and boldest egos, the most ambitious and corrupt, the desperate and the devious, all have a stake in the Death Star—and its potential to control the fate of the galaxy. Soldiers and slaves, loyalists and Rebels, spies and avengers, the innocent and the evil—all their paths and fates will cross and intertwine as the Death Star moves from its maiden voyage to its final showdown. And a shadowy chapter of Star Wars history is stunningly illuminated in a thrilling, unforgettable adventure. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
