Grown-up Faith Rowman & Littlefield
Nostalgic Generations and Media: Perception
of Time and Available Meaning argues that the
cultural rise in nostalgic media has the multi-
generational impact of making the subjective
experience of time speed up for those who are
nostalgic, as well as create a surrogate nostalgic
identity for younger generations by continually
feeding them the content of their elders. This
book is recommended for scholars interested in
communication, media studies, and
memory/nostalgia studies.

"Littlecock is like a white Maya Angelo. If he had a pussy, I'd definitely grab it. -Donald J. Trump "I normally only read books about lesbian stuff, but this book was so funny it might have turned me straight." -Ellen DeGeneres "Littlecock's writing is so profound and insightful. He almost made me stop hating white people." -Ibram X. Kendi. "Littlecock gives me a boner, and I am not even supposed to have a dick. -Caitlyn Jenner I read this entire book cover to cover while I was taking a shit. Diarrhea has never been so much fun!" -Michelle Obama Truindenashendubbabapresser!" -Joe Biden "With his signature humor, heartfelt honesty, and intimate true-life stories, bestselling author, Dr. A.J. Littlecock discusses everything from the body-positive movement to male feminism, LGBTQ, Black Lives

Matter, and even his own children. If you love laughing at woke culture and politically correct bullshit, then you will enjoy reading these essays.

-Times Review "I knew I was politically homeless but I didn't quite believe I was up to reading this book ("") and then I just spent a half hour laughing my way through it. It's quite ... entry-level snark, shall we say, the kind of prog-critical memes that you cycle through on Twitter (only in essay form) before really sinking your teeth into the reality of the problems they've set up for the rest of the world (aka reality). Anyway, I nearly pissed myself." -Amazon Reviewer

The Woke Republican McFarland

How profound is a little plastic building block? It turns out the answer is "very"! 22 chapters explore philosophy through the world of LEGO which encompasses the iconic brick itself as well as the animated television shows, feature films, a vibrant adult fan base with over a dozen yearly conventions, an educational robotics program, an award winning series of

videogames, hundreds of books, magazines, and comics, a team-building workshop program for businesses and much, much more. Dives into the many philosophical ideas raised by LEGO bricks and the global multimedia phenomenon they have created Tackles metaphysical, logical, moral, and conceptual issues in a series of fascinating and stimulating essays Introduces key areas of philosophy through topics such as creativity and play, conformity and autonomy, consumption and culture, authenticity and identity, architecture, mathematics, intellectual property, business and environmental ethics Written by a global group of esteemed philosophers and LEGO fans A lively philosophical discussion of bricks, minifigures, and the LEGO world that will appeal to LEGO fans and armchair philosophers alike
Star Wars: Imperial Handbook Bloomsbury Publishing USA

A compendium of the first two books in the New York Times bestselling Rush Revere series—the perfect gift for young history buffs—from America’s #1 radio talk-show host Rush Limbaugh. Meet Rush Limbaugh’s really good pal Rush Revere! Okay, okay, my name’s really Rusty—but my friends call me Rush Revere because I’ve always been the #1 fan of the coolest colonial dude ever, Paul Revere. Talk about a rock star—this guy wanted to protect young America so badly, he rode through those bumpy, cobblestone-y streets warning everyone that “the British are coming!” On a horse. Top of his lungs. Wind blowing, rain streaming... Well, you get the picture. But what if you could get the real picture—by actually going back in time and seeing with your own eyes how

our great country came to be and meeting the very people who made it all happen? Hold on to your pointy triangle hats, because you can—with me as your tour guide across time. First, we’ll join a shipload of brave families journeying on the Mayflower in 1620. Then we’ll head to Boston in 1765 as cries for revolution are growing louder and louder. With plenty of fascinating facts and thrilling action, these books are perfect for exceptional young patriots just like you!

Codes & Cheats Spring 2008 Edition
Penguin

The newest edition in the line of Amazon deluxe Star Wars titles — The Jedi Path, Book of Sith, and The Bounty Hunter Code — brings the sinister and yet functional details of the Empire to light in the form of

an Imperial handbook. As the Imperial Empire expands, high-ranking officials from each branch of the Imperial Military have set down tactical guidelines and procedures for all newly ascending commanders. Set in this universe, this compendium of ordinance, mission reports, and Imperial philosophy was intercepted by members of the Rebel Alliance, some of whom also left commentary scribbled in the margins. Housed in a deluxe case that opens with lights and sounds, this never-before-seen Imperial Handbook is perfect for Star Wars fans—on both sides of the Rebellion. Explore how service aboard the Death Star differs from service aboard a Destroyer. Learn what the Empire's standard procedures were for dealing with smugglers. Discover what long-term

Imperial plans the Rebellion thwarted. Find out what the role of the 501st Legion really was.

LEGO and Philosophy Yale University Press

Substitute middle-school history teacher Rush Revere takes his students back in time to eighteenth-century Boston to experience the start of the American Revolution as it happens.

The Promise of Despair Simon and Schuster

numerical lesson you'll never forget!

Death Star: Star Wars Legends Abingdon Press

Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like *Star Wars® Scanimation®* and *Star Wars® Fandex®*, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces

origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. *Star Wars Origami* includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami Yoda* and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

[Death Star Manual](#) Penguin

"The Astronaut Instruction Manual is a fantastic and vibrant preparatory guide for today's youth — whether their futures are off in space or right here...on Earth." — Lori Garver, Former NASA Deputy Administrator Endorsed by authors,

teachers, and congressman alike, Mike Mongo's Astronaut Instruction Manual excites a new generation of space explorers. The book, designed for children between the ages of 6 and 13, is a functioning, interactive instruction manual. Using mad-lib-style fill-in-the-blanks, Mongo encourages his readers to articulate and illustrate their own vision of next-generation space travel. The Astronaut Instruction Manual captures a new era of enthusiasm for space exploration, driven in part by new space celebrities (Commander Chris Hadfield, Elon Musk), and in part by a shift in popular interest in space (SpaceX rockets, The Mars Colonial Transporter, Kerbal).

New York Magazine St. Martin's Press
The Death Star is a spherical space station,

the size of a small moon, highly armoured and armed to destroy anything from enemy spaceships to whole planets. Using cutaway drawings, exploded diagrams and photographs, backed by detailed technical specifications and descriptions of the onboard systems, this owner's manual reveals the technology contained within and lays bare the awesome power (and weaknesses) of the Empire's ultimate weapon.

Star Wars Origami Edinburgh University Press

Childhood by Design Inkshares

Why isn't life everything we expected it to be? And why doesn't our faith resolve our frustrations and problems? Kevin Myers, the founding pastor of 12Stone Church, a congregation of more than 30,000 active attenders near Atlanta, believes the reason we don't experience a transformed life is that we fail to grow up spiritually. We focus on developing physically, intellectually, emotionally,

and financially, yet our faith remains immature and anemic. In this powerful new book, Myers offers a deep yet simple roadmap to a grown-up faith through understanding the whole context of the Bible, developing spiritual intimacy with God, and gratefully embracing holy obedience. As you understand the Bible and the big picture of God's story with humanity, you begin to find answers to life's most compelling questions. As you begin to understand God more, your longing and ability to experience spiritual intimacy with him increases, as does your desire to obey what God asks of you and your ability to follow through. This is the way to the bigger life, a life even better than you

expected--or even dreamed possible. *Kiplinger's Personal Finance* Penguin
In 1965, 53 men died in a Titan II missile silo in rural Arkansas, the deadliest nuclear accident ever in a U.S. facility. This book provides an analysis of the event and post-disaster life for their children, who share stories on what went wrong and how they keep moving forward.

Quest for the Kyber Saber Scholastic Incorporated

The sociology of childhood and youth has sparked international interest in recent years, and yet a reader highlighting Canadian work in this field has been long overdue. Filling this gap in the literature, *The Sociology of*

Childhood and Youth in Canada brings together cutting-edge Canadian scholarship in this important and growing discipline. Thought-provoking and timely, this edited collection explores a breadth of essential topics, including research on and with children and youth, the social construction of childhood and youth, intersecting identities, and citizenship, rights, and social engagement. With a focus on social justice, the contributing authors critically examine various sites of inequality in the lives of children and young people, such as gender, sexuality, colonialism, race, class, and disability. Encouraging further development of Canadian scholarship in

the sociology of childhood and youth, this unique collection ensures that young people's voices are heard by involving them in the research process. Pedagogical supports—including learning objectives, study questions, suggested research assignments, and a comprehensive glossary—make this volume an invaluable resource for students of childhood and youth studies in Canada.

The 53 Rush Revere and the First Patriots
“THAT’S NO MOON.” –Obi-Wan Kenobi
The Death Star’s name says it all, with bone-chilling accuracy. It is a virtual world unto itself—equipped with uncanny power for a singularly brutal purpose: to obliterate entire planets in the blink of an eye. Its

annihilation of the planet Alderaan, at the merciless command of Grand Moff Tarkin, lives in infamy. And its own ultimate destruction, at the hands of Luke Skywalker, is the stuff of legend. But what is the whole story, and who are the players, behind the creation of this world-killing satellite of doom? The near extermination of the Jedi order cleared the way for Palpatine—power-hungry Senator and Sith Lord—to seize control of the Republic, declare himself Emperor, and usher in a fearsome, totalitarian regime. But even with the dreaded Darth Vader enforcing Palpatine’s sinister will, the threat of rebellion still looms. And the Emperor knows that only abject fear—and the ability to punish dissent with devastating consequences—can ensure his unchallenged control of the galaxy. Enter ambitious and ruthless government official Wilhuff Tarkin, architect of the Emperor’s terrifying dream come true. From inception to completion, construction of the unprecedented Death Star is awash in the intrigues, hidden agendas, unexpected revelations, and daring gambits of those involved on every level. The brightest minds and boldest egos, the most ambitious and corrupt, the desperate and the devious, all have a stake in the Death Star—and its potential to control the fate of the galaxy. Soldiers and slaves, loyalists and Rebels, spies and avengers, the innocent and the evil—all their paths and fates will cross and intertwine as the Death Star moves from its maiden voyage to its final showdown. And a shadowy chapter of

Star Wars history is stunningly illuminated in a thrilling, unforgettable adventure.

Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
