This tub is becoming a

nightmare. New panel new

heater and something in the electrical panel keeps tripping.

The gfci and main breaker

aren't tripping. Fast ...

Troubleshooting your hot tub

| Leisure Bay Spas

The resistance can also be

found in the manual, so the two values can be compared to see if there is any discrepancy.

If the electrical equipment has no problem, check for other parts now. Try to look at the filter if it still works, maybe it is already ripped off that it already needs replacement.

Hot tub troubleshooting is advisable to be done by experts because there are lots of areas where ...
