The IAME Parilla Leopard 125 is one of the premier and most popular TaG racing engines in the United States, and it has been for over a decade. Woltjer Leopards rank second-to-none in terms of horsepower, reliability and performance.

**LEOPARD 125cc ENGINE ASSEMBLY | [chris.chemidl.in](http://chris.chemidl.in)**

Page 3 GENERAL DESCRIPTION OF THE "LEOPARD" ENGINE This engine of the "TaG" series (Touch and Go) has been expressly designed and developed for the powering of karts for hobby racing on closed tracks, destined for this specific purpose. When designing this new line of engines, the technical solutions already adopted for the high performance engines were used, in order to guarantee the highest reliability of components, when the operating limitations are respected.

I just picked up a tag kart with a Leopard MY09 engine on it and am hooked! Once I started to drive the kart harder into the corners I noticed a hesitation when getting back into the throttle. Just to get everyone up to speed, the motor fires right up, low end pulls good, mid power is good, and top end is good.

"You guys are the only people I order from and I appreciate all your help the last year, especially from Holden and Curtis. I went from a newbie last year with a 20 year old kart to now being able to hit podiums on the local levels on a newer and much more competitive CR125; you guys have been instrumental in helping me with my progression and journey.
