Daughter of Carmen, a Cuban immigrant, she is determined to learn more about her family history from her reticent mother and makes the snap decision to take in the daughter of a neighbor detained by ICE. Carmen, still wrestling with the trauma of displacement, must process her difficult relationship with her own mother while trying to raise a wayward Jeanette. Steadfast in her quest for understanding, Jeanette travels to Cuba to see

her grandmother and reckon with secrets from the past destined to erupt. From 19th-century cigar factories to present-day detention centers, from Cuba to Mexico, Gabriela Garcia's *Of Women and Salt* is a kaleidoscopic portrait of betrayals—personal and political, self-inflicted and those done by others—that have shaped the lives of these extraordinary women. A haunting meditation on the choices of mothers, the legacy of the memories they carry, and the tenacity of women who choose to tell their stories despite those who wish to silence them, this is more than a diaspora story; it is a story of America's most tangled, honest, human roots.

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-geniuses

everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she’s learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among *Grit*’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be

learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Wincingly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal).

Les Misérables John Wiley & Sons
#1 NEW YORK TIMES BESTSELLER • A deeply moving, gripping, and intelligent page-turner about a daughter's search for her mother, *Leaving Time* is Jodi Picoult at the height of her powers. Throughout her blockbuster career, Jodi Picoult has seamlessly blended nuanced characters, riveting plots, and rich prose, brilliantly creating stories that "not only provoke the mind but touch

the flawed souls in all of us" (The Boston Globe). Now, in *Leaving Time*, she has delivered a book unlike anything she's written before. For more than a decade, Jenna Metcalf has never stopped thinking about her mother, Alice, who mysteriously disappeared in the wake of a tragic accident. Refusing to believe she was abandoned, Jenna searches for her mother regularly online and pores over the pages of Alice's old journals. A scientist who studied grief among elephants, Alice wrote mostly of her research among the animals she loved, yet Jenna hopes the entries will provide a clue to her mother's whereabouts. Desperate to find the truth, Jenna enlists two unlikely allies in her quest: Serenity Jones, a psychic who rose to fame finding missing persons, only to later doubt her gifts, and Virgil Stanhope, the jaded private detective who'd originally investigated Alice's case along with the strange, possibly linked death of one of her colleagues. As the three work together to uncover what happened to Alice, they realize that in asking hard questions, they'll have to face even harder answers. As Jenna's memories dovetail with the events in her mother's journals, the story races to a mesmerizing finish. Praise for *Leaving Time* "Piercing and uplifting . . . a smart, accessible yarn with a suspenseful puzzle at its core."—The Boston Globe "Poignant . . . an entertaining tale about parental love, friendship, loss."—The Washington Post "A riveting drama."—Us Weekly "[A] moving tale."—People "A fast-paced, surprise-ending mystery."—USA Today "In Jenna, [Jodi] Picoult has created an

A boy on the run. A girl determined to find him. A compelling fantasy looks at issues of privilege, protest, and justice. All light in Chattanooga is created by one man — the Governor, who appeared after the Great Fire to bring peace and order to the city. For Pong, who was born in Namwon Prison, the magical lights represent freedom, and he dreams of the day he will be able to walk among them. But when Pong escapes from prison, he realizes that

the world outside is no fairer than the one behind bars. The wealthy dine and dance under bright orb light, while the poor toil away in darkness. Worst of all, Pong's prison tattoo marks him as a fugitive who can never be truly free. Nok, the prison warden's perfect daughter, is bent on tracking Pong down and restoring her family's good name. But as Nok hunts Pong through the alleys and canals of Chattana, she uncovers secrets that make her question the truths she has always held dear. Set in a Thai-inspired fantasy world, Christina Soontornvat's twist on Victor Hugo's *Les Misérables* is a dazzling, fast-paced adventure that explores the difference between law and justice — and asks whether one child can shine a light in the dark.

Valjean volunteers to execute Javert himself, and Enjolras grants permission. Valjean takes

Javert out of sight, and then shoots into the air while letting him go. Marius mistakenly believes that Valjean has killed Javert. As the barricade falls, Valjean carries off the injured and unconscious Marius. All the other students are killed. Valjean escapes through the sewers, carrying Marius's body. He evades a police patrol, and reaches an exit gate but finds it locked. Thénardier emerges from the darkness. Valjean recognizes Thénardier, but Thénardier does not recognize Valjean. Thinking Valjean a murderer lugging his victim's corpse, Thénardier offers to open the gate for money. As he searches Valjean and Marius's pockets, he surreptitiously tears off a piece of Marius's coat so he can later find out his identity. Thénardier takes the thirty francs he finds, opens the gate, and allows Valjean to leave, expecting Valjean's emergence from the sewer will distract the police who have been pursuing him.

Prize Named One of the Best Books of the Year by The New York Times • USA Today • Time • Los Angeles Times • San Francisco Chronicle • Essence • O: The Oprah Magazine • The Week • Kirkus Reviews *Kirkus Reviews (starred review) “We were eight years in power” was the lament of Reconstruction-era black politicians as the American experiment in multiracial democracy ended with the return of white supremacist rule in the South. In this sweeping collection of new and selected essays, Ta-Nehisi Coates explores the tragic echoes of that history in our own time: the unprecedented election of a black president followed by a vicious backlash that fueled the election of the man Coates argues is America’s “first white president.” But the story of these present-day eight years is not just about presidential politics. This book also examines the new voices, ideas, and movements for justice that emerged over this period—and the effects of the persistent, haunting shadow of our nation’s old and unreconciled history. Coates powerfully examines the events of the Obama era from his intimate and revealing perspective—the point of view of a young writer who begins the journey in an unemployment office in Harlem and ends it in the Oval Office, interviewing a president. *We Were Eight Years in Power* features Coates’s iconic essays first published in *The Atlantic*, including “Fear of a Black President,” “The Case for Reparations,” and “The Black Family in the Age of Mass Incarceration,” along with eight fresh essays that revisit each year of the Obama administration

through Coates’s own experiences, observations, and intellectual development, capped by a bracingly original assessment of the election that fully illuminated the tragedy of the Obama era. *We Were Eight Years in Power* is a vital account of modern America, from one of the definitive voices of this historic moment.
