Contact Information To be specific, this manual is designed for adult learners as an instructional guide for the development of reading comprehension strategies and skills. This book offers reading strategies to help adult learners become more active, strategic, and purposeful readers. The use of these strategies will also help learners understand and remember what they read. Reading is an active and thinking process. Therefore, this book encourages learners to actively engage with texts (technical, scientific, social studies, and literary) by predicting, making connections and inferences, asking and answering questions, and completing the comprehension activities, and from

Comprehending to Critiquing. Reading Strategies There are a variety of research-based strategies presented in this manual: Identifying Primary and Secondary Sources, Message and Theme, How to Evaluate an Argument, Vocabulary Acquisition and Reading Comprehension, Activating background or prior knowledge, Making inferences and prediction, Using visual imagery, Using context clues to build vocabulary, Reading for main ideas, Patterns for Organizing Text, Understanding Figurative Language, Denotation and Connotation of Words, and Summarizing. In addition to the eight reading strategies, the reader is introduced to figurative language such as simile and metaphor. Understanding their use in reading is an aid to comprehending text. Understanding theme, or the author's message about human nature or life, is also

discussed. Text structure, or organizational pattern--chronology, comparison and contrast, cause and effect, and problem-solution--is also presented in this manual. Knowledge of text structure can help learners understand and remember what they read. Examples of the various structures are provided in this book. Finally, all the reading strategies or techniques are presented with examples that include both pictures and text. These examples will help you to understand the strategy, show you how it works, and give you concrete experience and practice. As you read, study, and work through these examples, you will build the confidence to succeed. You will become a purposeful, strategic, critical reader. Learning to read and write Chinese requires lots of practice. This unique practice guide can be used with any Chinese textbook or on its own to enhance your proficiency in reading and writing Mandarin Chinese. Intermediate Written Chinese Practice Essentials offers a wealth of carefully-designed exercises and activities to help you develop every aspect of your reading and writing ability. This workbook has been designed so it can be used either in a class with an instructor or by independent learners working on their own. Both simplified and traditional characters are taught and practiced in the same volume. This means students can learn either or both kinds of characters without having to purchase another book, and instructors have the flexibility to teach a combined class where some students read and write one

type of characters and other students the other type. This workbook provides character practice sheets for the 336 characters introduced in Intermediate Written Chinese, with complete information on stroke order and direction for both the simplified and traditional forms of the characters. Reading and writing exercises are included, such as those involving dictation and the answering of questions based on the content of each lesson. English-Chinese translation exercises are provided for each unit. The Downloadable content provides: Native-speaker audio recordings for dictation practice. Printable flash cards for all the new characters and words, with Chinese characters on one side and Pinyin and English on the other. Printable pdf files with additional exercises and activities. Together with this book, you can use Intermediate Spoken Chinese if you want to learn fluent spoken Mandarin.

About the Series: Respected Chinese language expert Dr. Cornelius Kubler, who has taught diplomats, business people and students, presents a learning system

that uses separate but integrated "tracks" to help you efficiently master the basics of spoken and written Chinese. The materials in the Basic Chinese series allow you to move from complete beginner level to basic fluency.

Students will move beyond pages of text to make real-world connections as this exciting new series guides your young learner toward mastery of reading, grammar, and vocabulary, as well as the mechanics of communication and writing.

Utilizing phonics, observation, and reading comprehension through poems, stories, and real books as the foundation, your student will start forming basic sentences. This story-based approach, focused on young students Claire and Micah, uses Charlotte Mason ideas for the modern homeschool student with character building themes.

Each quarter has five stories, two picture studies (one of

which is Bible-based), and two poems (one of which is a Psalm). Using the spelling words and the Dictionary Worksheets student will create their very own dictionary as they move week by week through the material. Developing early reading and narration skills, by the end of the course, students should be able to comfortably write up to three sentences at a time.
