This book focuses on Spanish-speaking emergent bilingual learners, as they constitute over 70% of the English learners in American schools. Also included are activities designed for students who speak only English or languages other than Spanish. We provide teachers with practical tools for achieving translanguaging goals through a method called Cognate Strategy Instruction (CSI). The goal is to teach upper elementary and secondary students to unlock academic texts and meet Common Core Standards. This approach has been classroom-tested and validated by research in English immersion and bilingual classroom settings.
