Really Easy Piano - Movie Musicals

Hal Leonard Corporation

At once joyous and somber, this thoughtful gathering of new and selected essays spans Kathleen Dean Moore's distinguished career as a tireless advocate for environmental activism in the face of climate change. In this meditation on the music of the natural world, Moore celebrates the call of loons, howl of wolves, bellow of whales, laughter of children, and shriek of frogs, even as she warns of the threats against them. Each group of essays moves, as Moore herself has been moved, from celebration to lamentation to bewilderment and

finally to the determination to act in defense of wild songs and the creatures who sing them. Music is the shivering urgency and exuberance of life ongoing. In a time of terrible silencing, Moore asks, who will forgive us if we do not save nature's songs?

All quiet is not created equal. In this irresistibly charming picture book, many different quiet moments are captured, from the anticipation-heavy “Top of the roller coaster quiet” to the shocked-into-silence “First look at your new hairstyle quiet.” The impossibly sweet bears, rabbits, fish, birds, and iguanas are all rendered in soft pencils and colored digitally, and, as in all of the best picture books, the illustrations propel the story far beyond the words. A sure-to-be-a-classic bedtime favorite.
