"Non-fans regard Dion as ersatz and plastic, yet to those who love her, no one could be more real, with her impoverished childhood, her (creepy) manager-husband's struggle with cancer, her knack for howling out raw emotion. There's nothing cool about Dion, and nothing clever. That's part of her appeal as an object of love or hatred - with most critics and committed music fans taking pleasure (or at least geeky solace) in their lofty contempt. This book documents Carl Wilson's brave and unprecedented year-long quest to find his inner Dion fan, and explores how we define ourselves in the light of what we call good and bad, what we love and what we hate."--Bloomsbury Publishing.

Conversations are broken. While effective dialogue is supposed to lead to greater fulfilment in our personal and professional lives, all the scientific evidence points towards us sharing fewer interactions than previous generations. From ever decreasing face-to-face meetings to echo chambers online, we no longer have the necessary tools to talk to each other. Nihal Arthanayake is bucking this trend. He wants to know what it really means to have a 'great conversation' and, most importantly, how he can teach us to have better interactions in our everyday lives. [Let's Talk](#) blends Nihal's experiences as an acclaimed interviewer with expert opinion on the secrets and psychology behind successful communication. From tracing the evolution of dialogue to discovering what lights up in the brain when we're enjoying a good discussion, Nihal speaks to conversational authorities including Lorraine Kelly, former president of Ireland Mary McAleese, Professor Tanya Byron, internationally bestselling author Johann Hari, Matthew Syed, and many more, to find out why good conversation has eroded over time and how we can fix it. Part how-to and part manifesto, [Let's Talk](#) is Nihal's accessible, anecdotal and invigorating toolkit to having better conversations with anyone, any time.

Major writers from Mexico weigh in on U.S. immigration policy, from harrowing migrant journeys to immigrant detention to the life beyond the wall. Despite the extensive coverage in the U.S. media of the southern border and Donald Trump's proposed wall, most English speakers have had little access to the multitude of perspectives from Mexico on the ongoing crisis. Celebrated novelist Carmen Boullosa (author of *Texas and Before*) and Alberto Quintero redress this imbalance with this collection of essays—translated into English for the first time—drawing on writing by journalists, novelists, and documentary-makers who are Mexican or based in Mexico. Contributors include the award-winning author Valeria Luiselli, whose *Tell Me How It Ends* is the go-to book on the child migrant crisis, and the novelist Yuri Herrera, author of the highly acclaimed *Signs Preceding the End of the World*. *Let's Talk About Your Wall* uses Trump's wall as a starting point to discuss important questions, including the history of U.S.-Mexican relations, and questions of sovereignty, citizenship, and borders. An essential resource for anyone seeking to form a well-grounded opinion on one of the central issues of our day, *Let's Talk About Your Wall* provides a fierce and

compelling counterpoint to the racist bigotry and irrational fear that consumes the debate over immigration, and a powerful symbol of opposition to exclusion and hate.
