March: Book One A&C Black

A Muslim immigrant teen struggles to hold her family together in the wake of 9/11 in this poignant novel from acclaimed author Marina Budhos. You forget. You forget you don't really exist here, that this isn't your home. Since emigrating from Bangladesh, fourteen-year-old Nadira and her family have been living in New York City on expired visas, hoping to realize their dream of becoming legal US citizens. But after 9/11, everything changes. Suddenly being Muslim means you are dangerous, a suspected terrorist. When Nadira's father is arrested and detained at the US-Canada border, Nadira and her older sister, Aisha, are told to carry on as if everything is the same. The teachers at Flushing High don't ask any questions, but Aisha falls apart. Nothing matters to her anymore—not even college. It's up to Nadira to be the strong one and bring her family back together again.

Written by respected scholars and experienced educators, this book showcases rules and doctrine of civil procedure at work in the practice of law. The book focuses on civil rights both to engage student's by focusing on issues they care out and to illustrate the impact of procedure on real people's experience with the legal system. The cases are framed in their historical and social context. Each chapter contains a well-written introduction, cases, and clear explanations of the doctrine, supported by readings highlighting the context of the case as well as review questions and comments which deepen students' understanding and clarify key concepts, and offers more than forty well-crafted problems (both for class use and review), to help students solidify their understanding of the materials whether used in class or as out-of-class assignments. In-class exercises and simulations based on a sample case file are integrated throughout. Pleadings, memoranda, transcripts, exhibits, motions, and more — all taken from a real case — appear in the Appendix. *Civil Procedure: Doctrine, Practice, and Context* consistently emphasizes the skills and values of lawyering as it offers a consideration of social responsibility. New to the 7th Edition: The inclusion of more examples and problem sets to make the materials more accessible and the concepts more concrete The addition of more practice exercises, with a focus on one set of Case Files throughout the book, rather than the two that were used in prior editions With the removal of Warner v. City of New York case files (because most professors did not have time to use the Warner case files into their courses), issues that are unique to public law litigation are woven throughout the book with practice problems, examples, comments, and questions. This revision will make it easier for professors to incorporate these issues into the course. Professors and students will benefit from: Practice exercises allow students to learn by doing — integrating doctrine, practice, and context. These exercises can be covered in class or, instead, recommended as content for study groups. Topics that are especially hard to teach (like discovery) and those that require a lot of time to teach have been rewritten to respond to adopters' requests. A case file involving a car accident that is both accessible to first year students and provides good teaching tools for procedure professors to show how a case is litigated from complaint through trial. Because the case file involves a relatively simple state court case, it provides an opportunity to compare state and federal procedural regimes. Review questions focus on student comprehension; broader critical questions are separated out in "questions to ponder" sections. Questions are answered in the teacher's manual. Background material has been integrated to promote critical thinking and engage students with the latest debates over civil procedure. New practice problems promote engagement with cutting edge issues like Multidistrict Litigation. The authors are developing an online community for adopters — in addition to the teacher's manual -- to help better facilitate the learning and teaching process for this book.

More than fifty years ago, Dr. Martin Luther King, Jr. wrote his Letter from a Birmingham Jail. Much has transpired in the half-century since, and progress has been made in the issues that were close to Dr. King's heart. Thankfully, the burning crosses, biting police dogs, and angry mobs of that day are long gone. But in their place, passivity has emerged. A passivity that must be addressed. That's the aim of

Letters to a Birmingham Jail. A collection of essays written by men of various ethnicities and ages, this book encourages us to pursue Christ exalting diversity. Each contribution recognizes that only the cross and empty tomb of Christ can bring true unity, and each notes that the gospel demands justice in all its forms. This was a truth that Dr. King fought and gave his life for, and this is a truth that these modern day "drum majors for justice" continue to beat.

On growing up in the American South of the 1960s—an all-American white boy—son of a long line of Methodist preachers, in the midst of the civil rights revolution, and discovering the culpability of silence within the church. By the Pulitzer Prize-winning journalist and columnist for *The Birmingham News*. "My dad was a Methodist preacher and his dad was a Methodist preacher," writes John Archibald. "It goes all the way back on both sides of my family. When I am at my best, I think it comes from that sermon place." Everything Archibald knows and believes about life is "refracted through the stained glass of the Southern church. It had everything to do with people. And fairness. And compassion." In *Shaking the Gates of Hell*, Archibald asks: Can a good person remain silent in the face of discrimination and horror, and still be a good person? Archibald had seen his father, the Rev. Robert L. Archibald, Jr., the son and grandson of Methodist preachers, as a moral authority, a moderate and a moderating force during the racial turbulence of the '60s, a loving and dependable parent, a forgiving and attentive minister, a man many Alabamians came to see as a saint. But was that enough? Even though Archibald grew up in Alabama in the heart of the civil rights movement, he could recall few words about racial rights or wrongs from his father's pulpit at a time the South seethed, and this began to haunt him. In this moving and powerful book, Archibald writes of his complex search, and of the conspiracy of silence his father faced in the South, in the Methodist Church and in the greater Christian church. Those who spoke too loudly were punished, or banished, or worse. Archibald's father was warned to guard his words on issues of race to protect his family, and he did. He spoke to his flock in the safety of parable, and trusted in the goodness of others, even when they earned none of it, rising through the ranks of the Methodist Church, and teaching his family lessons in kindness and humanity, and devotion to nature and the Earth. Archibald writes of this difficult, at times uncomfortable, reckoning with his past in this unadorned, affecting book of growth and evolution.

A revealing collection that restores Dr. King as being every bit as radical as Malcolm X "The radical King was a democratic socialist who sided with poor and working people in the class struggle taking place in capitalist societies. . . . The response of the radical King to our catastrophic moment can be put in one word: revolution—a revolution in our priorities, a reevaluation of our values, a reinvigoration of our public life, and a fundamental transformation of our way of thinking and living that promotes a transfer of power from oligarchs and plutocrats to everyday people and ordinary citizens. . . . Could it be that we know so little of the radical King because such courage defies our market-driven world?" —Cornel West, from the Introduction Every year, Dr. Martin Luther King, Jr., is celebrated as one of the greatest orators in US history, an ambassador for nonviolence who became perhaps the most recognizable leader of the civil rights movement. But after more than forty years, few people appreciate how truly radical he was. Arranged thematically in four parts, *The Radical King* includes twenty-three selections, curated and introduced by Dr. Cornel West, that illustrate King's revolutionary vision, underscoring his identification with the poor, his unapologetic opposition to the Vietnam War, and his crusade against global imperialism. As West writes, "Although much of America did not know the radical King—and too few know today—the FBI and US government did. They called him 'the most dangerous man in America.' . . . This book unearths a radical King that we can no longer sanitize."

"You'll find hope in these pages." —Jonathan Eig, author of *Ali: A Life* *Letters to Martin* contains twelve meditations on contemporary political struggles for our oxygen-deprived society. Evoking Martin Luther King Jr.'s "Letter from Birmingham Jail," these meditations, written in the form of letters to King, speak specifically to the many public issues we presently confront in the United States—economic inequality, freedom of assembly, police brutality, ongoing social class conflicts, and geopolitics. Award-winning author Randal Maurice Jelks invites readers to reflect on US history by centering on questions of democracy that we must grapple with as a society. Harkening to the era when James Baldwin, Dorothy Day, Reinhold Niebuhr, and Richard Wright used their writing to address the internal and external conflicts that the United States faced, this book is a contemporary revival of the literary tradition of meditative social analysis. These meditations on democracy provide spiritual oxygen to help readers endure the struggles of rebranding, rebuilding, and reforming our democratic institutions so that we can all breathe.

"Help students shine on the written portion of any standardized test by teaching the skills they need to craft powerful, compelling arguments using rhetorical devices. Students will learn to accurately identify and evaluate the effectiveness of rhetorical devices in not only famous speeches, advertisements, political campaigns, and literature, but also in the blog, newspaper, and magazine entries they read in their daily lives. Students will then improve their own writing strategy, style, and organization by correctly and skillfully using the devices they have learned. Each device is illustrated with clear, real-life examples to promote proper usage and followed up with meaningful exercises to maximize understanding. Pointers are provided throughout this book to help your students develop a unique writing style, and cumulative exercises will help students retain what they have learned."--

PULITZER PRIZE FINALIST • A "provocative and deeply reported look into the emerging field of deradicalization" (*Esquire*), told through the stories of former militants and the people working to bring them back into society What are the roots of radicalism? Journalist Carla Power came to this question well before the January 6, 2021, attack in Washington, D.C., turned our country's attention to the problem of domestic radicalization. Her entry point was a different wave of radical panic—the way populists and pundits encouraged us to see the young people who joined ISIS or other terrorist organizations as simple monsters. Power wanted to chip away at the stereotypes by focusing not on what these young people had done but why: What drew them into militancy? What visions of the world—of home, of land, of security for themselves and the people they loved—shifted their thinking toward radical beliefs? And what visions of the world might bring them back to society? Power begins her journey by talking to the mothers of young men who'd joined ISIS in the UK and Canada; from there, she travels around the world in search of societies that are finding new and innovative ways to rehabilitate former extremists. We meet an American judge who has staked his career on finding new ways to handle terrorist suspects, a Pakistani woman running a game-changing school for former child soldiers, a radicalized Somali American who learns through literature to see beyond his Manichean beliefs, and a former neo-Nazi who now helps disarm white supremacists. Along the way Power gleans lessons that get her closer to answering the true question at the heart of her pursuit: Can we find a way to live together? An eye-opening, page-turning investigation, *Home*,

Land, Security speaks to the rise of division and radicalization in all forms, both at home and abroad. In this richly reported and deeply human account, Carla Power offers new ways to overcome the rising tides of extremism, one human at a time.

'The publication of Martin Buber's *I and Thou* was a great event in the religious life of the West.' Reinhold Niebuhr Martin Buber (1897-19) was a prolific and influential teacher and writer, who taught philosophy at the Hebrew University in Jerusalem from 1939 to 1951. Having studied philosophy and art at the universities of Vienna, Zurich and Berlin, he became an active Zionist and was closely involved in the revival of Hasidism. Recognised as a landmark of twentieth century intellectual history, *I and Thou* is Buber's masterpiece. In this book, his enormous learning and wisdom are distilled into a simple, but compelling vision. It proposes nothing less than a new form of the Deity for today, a new form of human being and of a good life. In so doing, it addresses all religious and social dimensions of the human personality. This book offers a groundbreaking examination of citizenship education programs that serve contemporary youth in schools and communities across the United States. These programs include social studies classes and curricula, school governance, and community-based education efforts. The book takes an interdisciplinary approach to exploring the experiences and perspectives of educators and youth involved in these civic education efforts. The contributors offer rich analyses of how mainstream and alternative programs are envisioned and enacted, and the most important factors that shape them. A variety of theoretical lenses and qualitative methodologies are used, including ethnography, focus group interviews, and content analyses of textbooks.

Congressman John Lewis (GA-5) is an American icon, one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Now, to share his remarkable story with new generations, Lewis presents *March*, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and New York Times best-selling artist Nate Powell (winner of the Eisner Award and LA Times Book Prize finalist for *Swallow Me Whole*). *March* is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. Book One spans John Lewis' youth in rural Alabama, his life-changing meeting with Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. Many years ago, John Lewis and other student activists drew inspiration from the 1958 comic book *Martin Luther King and the Montgomery Story*. Now, his own comics bring those days to life for a new audience, testifying to a movement whose echoes will be heard for generations.

BAYARD RUSTIN POSTHUMOUSLY AWARDED THE 2013 PRESIDENTIAL MEDAL OF FREEDOM A master strategist and tireless activist, Bayard Rustin is best remembered as the organizer of the 1963 March on Washington, one of the largest nonviolent protests ever held in the United States. He brought Gandhi's protest techniques to the American civil rights movement and played a deeply influential role in the life of Martin Luther King, Jr., helping to mold him into an international symbol of nonviolence. Despite these achievements, Rustin often remained in the background. He was silenced, threatened, arrested, beaten, imprisoned, and fired from important leadership positions, largely because he was an openly gay man in a fiercely homophobic era. Here we have Rustin in his own words in a collection of over 150 of his eloquent, impassioned letters; his correspondents include the major progressives of his day — including Eleanor Holmes Norton, A Philip Randolph, Roy Wilkins, Ella Baker, and of course, Martin Luther King Jr. Bayard Rustin's ability to chart the path "from protest to politics" is both timely and deeply informative. Here, at last, is direct access to the strategic thinking and tactical planning that led to the successes of one of America's most transformative and historic social movements. "Rustin was a life-long agitator for justice. He changed America — and the world — for the better. This collection of his letters makes his life and his passions come vividly alive, and helps restore him to history, a century after this birth. *I Must Resist* makes for inspiring reading." —John D'Emilio, author of *Lost Prophet: The Life and Times of Bayard Rustin* "A vital addition to the history of the civil rights movement by an exceptionally determined, vital and creative force who was invaluable to Martin Luther King Jr and A. Philip Randolph among many others." -- Nat Hentoff "Bayard Rustin's

courageously candid letters, most of which have never before been available to researchers, provide fascinating glimpses into the private life of one of history's most reticent public figures." -- Clayborne Carson, Founding Director of the Martin Luther King Jr. Research and Education Institute at Stanford University "Bayard Rustin was a committed but very complicated person. This marvelously annotated collection of letters explain the spirit, and evolution of the thoughts and actions of an often overlooked key figure in the 20th century civil and human rights movement." -- Mary Frances Berry, Geraldine Segal Professor of American Social Thought, University of Pennsylvania, and former Chair United States Commission on Civil Rights "All aspects of Rustin's experiences are captured in these letters, including his struggles with opponents dedicated to silencing him as an international symbol of nonviolent protests against racial injustice. This remarkable and deeply moving publication is a must-read." -- William Julius Wilson, Lewis P. and Linda L. Geysler University Professor, Harvard University Bayard Rustin (March 17, 1912 – August 24, 1987) was an American leader in social movements for civil rights, socialism, pacifism and non-violence, and gay rights.

In 1967, Dr. Martin Luther King, Jr., isolated himself from the demands of the civil rights movement, rented a house in Jamaica with no telephone, and labored over his final manuscript. In this significantly prophetic work, which has been unavailable for more than ten years, we find King's acute analysis of American race relations and the state of the movement after a decade of civil rights efforts. Here he lays out his thoughts, plans, and dreams for America's future, including the need for better jobs, higher wages, decent housing, and quality education. With a universal message of hope that continues to resonate, King demanded an end to global suffering, powerfully asserting that humankind-for the first time-has the resources and technology to eradicate poverty.
