seminal writers of  
the twentieth  
century. Included  
are "The  
Judgment", "A  
Country Doctor",  
and "A Hunger  
Artist". New  
Foreword by Anne  
Rice.

Letters to Milena

Wordsworth Editions  
The aphorism eludes  
definition: it can  
appear to be a  
random jotting or a  
more polished  
observation. Whether  
arbitrary fragment or  
crystalline shard, an  
aphorism captures  
the inception of a  
thought. Franz Kafka  
composed aphorisms  
during two periods in  
his life. A series of  
109 was written  
between September  
1917 and April 1918,

in Z ü rau, West  
Bohemia, while Kafka  
was on a visit to his  
sister Ottla, hoping  
for a brief respite  
following the  
diagnosis of the  
tuberculosis virus that  
would eventually  
claim his life. They  
were originally  
published in 1931,  
seven years after his  
death by his friend  
and literary executor  
Max Brod, under the  
title Betrachtungen  
ü ber S ü nde,  
Hoffnung, Leid, und  
den wahren Wag  
(Reflections on Sin,  
Hope, Suffering, and  
the True Way). The  
second sequence of  
aphorisms, numbering  
41, originally  
appeared as entries in  
Kafka ' s diary from  
January 6 to February  
29, 1920. They, too,  
were published  
posthumously, under  
the title " Er " :

Aufzeichnungen aus  
dem Jahr 1920  
( " He " : Reflections  
from the Year 1920).  
Kafka ' s aphorisms  
are fascinating  
glimpses into the lure  
and the enigma of the  
form itself.

Franz Kafka How  
did Kafka become  
Kafka? This  
eagerly  
anticipated third  
and final volume  
of Reiner Stach's  
definitive  
biography of the  
writer answers  
that question with  
more facts and

---

insight than ever before, describing the complex personal, political, and cultural circumstances that shaped the young Franz Kafka (1883–1924). It tells the story of the years from his birth in Prague to the beginning of his professional and literary career in 1910, taking the reader up to just before the breakthrough that resulted in his first masterpieces, including "The Metamorphosis." Brimming with vivid and often startling details, Stach's narrative invites readers deep inside this neglected period of Kafka's life. The book's richly atmospheric portrait of his German Jewish merchant family and his education, psychological development, and sexual maturation draws on numerous sources, some still unpublished, including family letters, schoolmates' memoirs, and early diaries of his close friend Max Brod. The biography also provides a colorful panorama of Kafka's wider world, especially the convoluted politics and culture of Prague. Before World War I, Kafka lived in a society at the threshold of modernity but torn by conflict, and Stach provides poignant details of how the adolescent Kafka witnessed violent outbreaks of anti-Semitism and nationalism. The reader also learns how he developed a passionate interest in new technologies, particularly movies and airplanes, and why another interest—his predilection for the back-to-nature movement—stemmed

---

from his “nervous” surroundings rather than personal eccentricity. The crowning volume to a masterly biography, this is an unmatched account of how a boy who grew up in an old Central European monarchy became a writer who helped create modern literature. Kafka Abrams "These magnificent letters, meticulously set up and annotated, show us aspects of Kafka that were only

hinted at in earlier collections and help us trace his development from unhappy young law student and insurance administrator to novelist and short-story writer of originality and genius." --Publishers Weekly "When we turn from Kafka's books to his letters we have a series of self-portraits desperate and courageous, always eager and warm in

feeling; the self is lit by fantasy and, of course, by drollery. His candor is of the kind that flies alongside him in the air. He was a marvelous letter writer." --V.S. Pritchett, The New York Review of Books "These letters are like messages from the underground, from the dark side of the moon, presenting aspects of Kafka that would have died with his

---

friends. We meet alternately Kafka the artist, friend, son, father figure, marriage counselor, literary critic, insurance official. . . . A full portrait, and a significant contribution to Kafka scholarship." --Smithsonian Magazine "An inside view of a writer who, perhaps more than any other novelist or poet in our century, stands at the center of our

culture." --Robert Alter, The New York Times Book Review Penguin UK The idea of Into the Woods is not to supplant works by Aristotle, Lajos Egri, Robert McKee, David Mamet, or any other writers of guides for screenwriters and playwrights, but to pick up on their cues and take the reader on a historical, philosophical, scientific, and psychological

journey to the heart of all storytelling. In this exciting and wholly original book, John Yorke not only shows that there is truly a unifying shape to narrative—one that echoes the great fairytale journey into the woods, and one, like any great art, that comes from deep within—he explains why, too. With examples ranging from The Godfather to True Detective, Mad Men to

---

Macbeth, and fairy tales to Forbrydelsen (The Killing), Yorke utilizes Shakespearean five-act structure as a key to analyzing all storytelling in all narrative forms, from film and television to theatre and novel-writing—a big step from the usual three-act approach. Into the Woods: A Five-Act Journey Into Story is destined to sit alongside David Mamet's Three Uses of the Knife, Robert McKee's Story, Syd Field's Screenplay, and Lajos Egri's The Art of Dramatic Writing as one of the most original, useful, and inspiring books ever on dramatic writing. Piero Sraffa, Unorthodox Economist (1898-1983) Schocken A superb new translation by Michael Hofmann of some of Kafka's most frightening, strange and visionary short fiction After Franz Kafka's death, in perhaps the most important of all acts of literary disobedience, his executor refused to agree to Kafka's wish that his great mass of unpublished fiction be destroyed. This fiction included not only The Castle and The Trial but also the amazingly varied, chilling and ingenious short works collected in The Burrow and Other

---

Stories. These tales, some little more than a page, others much more substantial, are among the greatest works of Central European literature. They vary from the tiny and horrifying 'Little Fable' to the elaborate waking nightmares of 'Building the Great Wall of China' and the title story 'The Burrow', where an unidentified creature describes its creation of an endlessly

elaborate burrow to protect itself from unidentified enemies, but with every trap or tunnel only creating further terrors and uncertainty. The Trial Simon & Schuster I have only one request," Kafka wrote to his publisher Kurt Wolff in 1913. "'The Stoker,' 'The Metamorphosis,' and 'The Judgment' belong together, both inwardly and outwardly.

There is an obvious connection among the three, and, even more important, a secret one, for which reason I would be reluctant to forego the chance of having them published together in a book, which might be called 'The Sons.'" The Unabridged Journals of Sylvia Plath Boydell & Brewer Felice Bauer was Kafka's first great love and the inspiration for his first great fiction. Six weeks

---

after they met, he wrote "The Judgment" for her in one night of feverish activity. Kafka always inferred to the traumatic, public breaking-off of their engagement as his "tribunal," and indeed he began work on The Trial within a month of that event. Kafka's letters to Felice offer rare insights into the writer's life and art. Elias Canetti's brilliant and sensitive examination of this moving correspondence to shows is the origins of Kafka's voice as a writer and his torment as a man.

Letters to Felice ECW

Press  
This book proposes a new departure point for the investigation of transnational literary alliances: the traumatic constellation of translatio imperii, which followed the dissolution of the East-Central European empires in the 1920s and the crumbling of the West European colonial empires in the 1950s. To prevent their breakdown, the former transitioned from a

‘ sovereign ’ to  
‘ disciplinary ’

mode of administration of their peripheries, the latter from the merciless assimilation of their colonial constituencies to their affirmative regeneration. This book treats Franz Kafka as the writer of the first transition, prefiguring J. M. Coetzee as the writer of the second. In a series of close readings, it investigates the particular ways in which the restructuring of power relations between the agencies in their fictions is a response to the

---

delineated post-imperial reconfiguration of the new countries ' governmental techniques. By displacing their narrative authority beyond the reach of their readers, they laid bare the sudden withdrawal of transcendental guarantees from the world of human commonality. This entailed an unstable and elusive configuration of their fictional worlds as a key feature of post-imperial literature. Aphorisms

Schocken  
New essays by leading scholars on the most perplexing of modern writers, Franz Kafka. Diaries of Franz Kafka Getty Publications  
This gritty chronicle illustrates the emergence of punk rock in Toronto for the first time. The visionary bands that brought the original scene to life?and who still maintain loyal fans across North America?are documented in detail, from the Diodes, Viletone, and Teenage Head to the B-Girls, Forgotten Rebels, Johnny & the G-

Rays, and more. Full of chaos, betrayal, failure, success, and pure rock 'n' roll energy, this layered history is assembled from interviews with those now recognized as innovators, pioneers, and outright legends in their genre. Their accounts go beyond run-of-the-mill anecdotes, venturing into the uncharted territory of sex, drugs, murder, conspiracy, violence, criminals, and biker gangs. Bold and brazen, this compilation also includes a wealth of previously unpublished photographs as well as one of the

---

last interviews with the late Frankie Venom, lead singer of Teenage Head. The Transnational History of a Chinese Family Oxford [Oxfordshire] : Clarendon Press ; New York : Oxford University Press This edition contains the English translation and the original text in German. "The Trial" (original German title: "Der Process", later "Der Prozess", "Der Proceß" and "Der Prozeß") is a novel

written by Franz Kafka in 1914 and 1915 but not published until 1925. One of Kafka's best-known works, it tells the story of a man arrested and prosecuted by a remote, inaccessible authority, with the nature of his crime revealed neither to him nor the reader. Like Kafka's other novels, "The Trial" was never completed, although it does include a chapter which brings the story to an end. Because of this, there are some inconsistencies and

discontinuities in narration within the novel, such as disparities in timing. After Kafka's death in 1924 his friend and literary executor Max Brod edited the text for publication by Verlag Die Schmiede. The original manuscript is held at the Museum of Modern Literature, Marbach am Neckar, Germany. In 1999, the book was listed in "Le Monde"'s 100 Books of the Century and as No. 2 of the Best German Novels

business and asparagus farming, the younger generation crossed back and forth between China and America, pursuing proper education, good careers, and a meaningful life during a difficult period of time for Chinese Americans. When social instability in China and hostile racial environment in America prevented the family from being rooted in either side of the Pacific, transnational family life

became a focal point of their social existence. This well-documented and illustrated family history makes it clear that, for many Chinese immigrant families, migration does not mean a break from the past but the beginning of a new life that incorporates and transcends dual national boundaries. It convincingly shows how transnationalism has become a way of life for Chinese American families. Into the Woods

Penguin  
Proceedings of a May 1994 symposium held to present cutting edge multidisciplinary work on the characterization of ancient materials; the technologies of selection, production, and usage by which materials are transformed into the objects and artifacts we find today; the science underlying their deterioration, preservation, and conservation;

---

and sociocultural interpretation derived from an empirical methodology of observation, measurement, and experimentation. Over 70 contributions discuss topics that include the visual appearance and the imitation of one material by another; stable protective coatings and materials stability; resource surveying, source characterization, and cultural implications;

and process reconstruction as essential to understanding of condition and conservation. Annotation copyright by Book News, Inc., Portland, OR  
The Metamorphosis, in the Penal Colony and Other Stories  
Everyman's Library  
Translated by PEN translation award-winner Joachim Neugroschel, The Metamorphosis, In the Penal Colony, and Other Stories has garnered critical acclaim and is widely recognized as the preeminent

English-language anthology of Kafka's stories. These translations illuminate one of this century's most controversial writers and have made Kafka's work accessible to a whole new generation. This classic collection of forty-one great short works -- including such timeless pieces of modern fiction as "The Judgment" and "The Stoker" -- now includes two new stories, "First Sorrow" and "The Hunger Artist."  
The Periodic Table

selection from Rilke's large and extraordinary correspondence provides a kind of spiritual autobiography of the poet. The period here covered reflects all the great experiences of Rilke's early adult life: his difficult beginnings, his relationships with Lou Andreas-Salome and with his wife Clara, his two journeys to Russia, his contact with the Worpswede artists, the influence of Paris, the revelation of Cezanne. Many of the letters are psychologically revealing; many touch upon characteristic themes, or freshly

transcribe experience that sooner or later passes into the poetry. The Sons Simon and Schuster This volume contains the great works of fiction as well as the complete diaries and thus gives the reader considerable insight into the mind of this strange and powerful man. Treat Me Like Dirt Vintage Published together for the first time are selections from all Kafka's writings: The Metamorphosis, Josephine The Singer, plus his short stories,

parables, and his personal diaries and letters. The Loves of Franz Kafka Macmillan On the day after his thirtieth birthday, Josef K, a bank teller, is arrested by two mysterious agents of an unspecified organization. Confused and shocked, Josef inquires about the crime he is being accused of, but the agents will not answer, leaving Josef to decide what he feels most guilty for. Though he is not imprisoned, Josef is told to await further

---

instructions. Tortured by the unknown, Josef returns to his home and tries to guess what he could be charged for. His landlady, Frau Grubach, feels amicably about Josef despite the arrest and wishes to help. She speculates that he is likely being punished for his promiscuous behavior involving one of his neighbors. Josef is unable to confirm this, but he does go to his neighbor, Fraulien, for comfort. While she does accept his affection and kiss at first, Fraulien later rejects Josef's advances. When he returns home, he is given unclear instructions for his court appearance. With an address, but not a specific report time, Josef arrives late to his trial, angering the assembly. When Josef vents his frustrations about the absurdity of the trial, he upsets the court even more. Still unclear on the charges he faces and the possible punishment, Josef feels the weight of guilt and the immeasurable high stakes as the trial proceeds. While he is thrown in a whirlwind of chaos and uncertainty, Josef pleads his innocence as he still investigates what crime he is being tried for. Through brilliant symbolism and excellent characterization, *The Trial* by Franz Kafka is an intelligent and intriguing perspective on the innerworkings of the justice system, told from the point of view of the

---

guilty or accused. Published posthumously in 1925, *The Trial* has become one of Franz Kafka's most popular works, and has been adapted for film, radio, and theater. With several interpretations and possible meanings, Franz Kafka's *The Trial* provides a thrilling and thought-provoking reading experience for contemporary audiences. This edition of *The Trial* by Franz Kafka is accessible for modern readers with features such as its new, striking cover design and the stylish, readable font it is printed in.
