This book provides an overview of the ACCESS program, a mental health program that has been developed and tested as an efficacious treatment for college students with ADHD. This program is at the cutting edge of clinical research, incorporating treatment strategies that allow for dissemination in real world settings in order to effectively assist college students experiencing difficulties in their academic, personal, social, and emotional functioning. As cognitive behavioral approaches have proved to be the most successful psychological treatments to date, the techniques in this volume follow that model in a detailed and nuanced fashion. The authors provide a week by week breakdown of the program, supplemented by handouts and worksheets designed to facilitate better understanding of the areas targeted by the program. Filling a notable gap in research addressing the ADHD college student population, CBT for College Students with ADHD is a crucial resource for campus mental health practitioners as well as a broad range of clinicians dealing with emerging adults.

A food crop. Its nation. Their new history. Coffee Story: Ethiopia, a tale from the country where coffee began. It's the twenty-first century and Ethiopia, in the global consciousness, is shedding its history of drought, famine, and war. It's doing so by embracing the heritage and potential of its defining crop, coffee, a plant first accounted for in legend more than three thousand years ago and that now ranks among the world's ten most-valued commodities. Coffee Story: Ethiopia is the recounting of that process: a visual and narrative tale of opportunity, resources, education, and tradition.

Hapgood's tour de force is back in print! This riveting account of how earth's poles have flipped positions many times is the culmination of Hapgood's extensive research of Antarctica, ancient maps and the geological record. This amazing book discusses the various pole shifts in earth's history -- occurring when earth's crust slips in the inner core -- and gives evidence for each one. It also predicts future pole shifts: a planetary alignment will cause the next one on 5 May 2000! Packed with illustrations, this book is the reference other books on the subject cite over and over again. With millennium madness in full swing, this is just the book to generate even more excitement at the unknown possibilities.

Welcome to the Great White North as the King of Obsolete calls it. The King of Obsolete is known in Computer Land for his stories on his website and making a living with old style equipment. So he decided to put his stories into a book for everyone to laugh at and enjoy. Cat Train Newsletters is about the King of Obsolete reading a book on cat trains and deciding to become a Cat Skinner in the Great White North (Northern Manitoba). It is a humorous account of trails and errors of living in the Great White North as well as telling how much he had to learn about winter freighting. He had to learn how to "make do" with whatever was available. He modifies, creates and recycles metals to make a living and with old style equipment. Living in the North means everything is South of here. Supplies and almost everything you use daily has to be shipped in and so this means you will get your supplies anytime past tomorrow. But as he always says, he chose to live here. The King of Obsolete continues on even when the going gets tough but he always says his cup is half full and manages to make the best out of the situation.

100 Simple Ways How to Manage a Successful Property and Evidence Room is just that. One hundred simple ways of doing old business through new ways that can lead to real success. After almost seventeen years of frustration and trying to get it right, a new roadmap is finally here in this book and has one hundred simple ways of doing it. It's simple, no-nonsense, real-world situations with real-world solutions from someone that does it every day from nine to five, with sometimes twenty-four hours being on call, and loves doing it while giving real advice that works. It's a fun read from start to finish that will have you saying, "Why didn't I think of that. Makes sense to me"—or better yet—"Wow." Leadership from the bottom up. Many organizations are merely successful surviving off of antiquated policies and procedures that create long term ineffectiveness. It has become far too common to pass down the worst practices to our new joins under the banner of "It's always been done this way." Over the past seventeen years of faithful service within the New Bern Police Department's Forensics and Evidence Unit, I have been able to deploy transcending strategies that have made me one of the leading evidence specialist throughout North Carolina. 100 Simple Ways How to Manage a Successful Property and Evidence Room is a practical and systematic guide that is a must-have for law enforcement departments of all sizes. Many departments struggle daily with the nagging questions of how to properly store evidence, as well as what are the best practices, and how should a property and evidence room be set up and maintained. In this practical and engaging book, these and many more questions are answered with clarity, accuracy, brevity, and even a splash of levity. It is not because I say so, but because my ideals really do work, and they can work for you in your evidence room. 100 Simple Ways How to Manage a Successful Property and Evidence Room is the culmination of trial and error from things that work versus things that will not work and is finally captured in a "how-to," fun, easy-to-read book that is sure to revolutionize your department's management of property and evidence.
