Why They Do It Public Affairs

Toyota's legendary FJ40, the rugged off-road two-door Landcruiser introduced in 1960, sold more than one million models in its lifetime--and is still in service in the roughest parts of the world, nearly a quarter of a century after the last one rolled off the assembly line. As Toyota prepares to roll out its new version of this classic, this book offers a close-up, behind-the-scenes look at the development and production of the new FJ Cruiser, a retro 4x4 that combines its famous predecessor's unparalleled style with solid off-road capabilities and all the convenience and comfort that today's technology offers. With interviews from the designers, engineers, and executives involved in making the FJ Cruiser, as well as more than 150 photos of the new vehicle and details on the 4x4's specifications, this book puts readers into the driver's seat of Toyota's next classic Cruiser.

BUYING GUIDE ALL NEW FOR 2005 MacLehose Press

Lent, a holy time of introspection and penance in preparation for the passion, death, Resurrection, and Ascension of Jesus Christ, can be further enriched with Sacred Space for Lent 2019, a daily prayer experience from Sacred Space, the internationally known online prayer guide. Sacred Space for Lent invites readers to develop a closer relationship with God during this season of prayer, fasting, and almsgiving. What we know and trust about the Sacred Space online prayer experience is now available in a compact print format to heighten our Lent prayer practice in a way that is accessible, engaging, and meaningful to daily life. Throughout the Lenten season, each day includes a Scripture reading and points of reflection, as well as a weekly topic enhanced by six steps of prayer and meditation. With its small size and meaningful message, Sacred Space for Lent is a simple way to build a richer relationship with God and embrace the Lenten season as a sacred space.

Annual Report to the Governor...on Employment Security in Montana: 1964 Consumer Reports Books

Coeur d'Alene's love/hate relationship with boat racing is at the center of this comprehensive history of the Diamond Cup race for unlimited hydroplanes. The early origins of competitive boat racing on Coeur d'Alene Lake, the backstory of the how the small lakeside community came to host ten years of the Diamond Cup, the true story of the civil disturbances that would cast a lasting pawl on the event, the real reasons behind the decision to stop hosting the races, and the drama and controversy that led to the races being banned from the city are all covered in depth. The stories of the civic leaders, race volunteers, boat owners, drivers, and other key individuals that came together to put on the exciting spectacle that was the Diamond Cup are lovingly recounted. Of interest to boat racing fans and those curious about one of the premier sporting events in the history of North Idaho. Illustrated with over 100 photographs.

The Devil's Mercedes Pebble

Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

It is intended for students in information studies and disciplines interested in research on information activities. Now co-authored, this new text includes significant structural and content changes from earlier editions. Crazy the Cat Haynes Publications

A behind-the-scenes look at Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.

Crazy the Cat is a story about a silly and adventurous cat that lives his life to the fullest, even if it means getting in trouble.

Lexus Haynes Manuals N. America, Incorporated

In 1938, Mercedes-Benz began production of the largest, most luxurious limousine in the world. A machine of frightening power and sinister beauty, the Grosser 770K Model 150 Offener Tourenwagen was 20 feet long, seven feet wide, and tipped the scales at 5 tons. Its supercharged, 230-horsepower engine propelled the beast to speeds over 100 m.p.h. while its occupants reclined on glove-leather seats stuffed with goose down. Armor plated and equipped with hidden compartments for Luger pistols, the 770K was a sumptuous monster with a monstrous patron: Adolph Hitler and the Nazi party. Deployed mainly for propaganda purposes before the war, the hand-built limousines—in which Hitler rode standing in the front seat—motored through elaborate rallies and appeared in countless newsreels, swiftly becoming the Nazi party's most durable symbol of wealth and power. Had Hitler not so thoroughly dominated the scene with his own megalomania, his opulent limousine could easily have eclipsed him. Most of the 770Ks didn't make it out of the rubble of World War II. But several of them did. And two of them found their way, secretly and separately, to the United States. In The Devil's Mercedes, author Robert Klara uncovers the forgotten story of how Americans responded to these rolling relics of fascism on their soil. The limousines made headlines, drew crowds, made fortunes and ruined lives. What never became public was how both of the cars would ultimately become tangled in a web of confusion, mania, and opportunism, fully entwined in a story of mistaken identity. Nobody knew that the limousine touted as Hitler's had in fact never belonged to him, while the Mercedes shrugged off as an ordinary staff car—one later abandoned in a warehouse and sold off as government surplus—turned out to be none other than Hitler's personal automobile. It would take 40 years, a cast of carnies and millionaires, the United States Army, and the sleuthing efforts of an obscure Canadian librarian to bring the entire truth to light. As he recounts this remarkable drama, Klara probes the meaning of these haunting hulks and their power to attract, excite and disgust. The limousines' appearance collided with an American populous celebrating a victory even as it sought to stay a step ahead of the war's ghosts. Ultimately, The Devil's Mercedes isn't only the story of a rare and notorious car, but what that car taught postwar America about itself.

"POWERFUL AND ORIGINAL." --THE TIMES "REWARDING AND WHOLLY ENGAGING." --HISTORICAL NOVEL SOCIETY "ONE OF THE MOST IMPORTANT AND POWERFUL NOVELS OF RECENT GERMAN LITERATURE." --DEUTSCHLANDRADIO KULTUR Hypnotically lyrical and intensely moving, Steven Uhly's epic novel set in the wake of World War II is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejzenstain. In retaliation, his commander orders the execution of thirty-seven Poles--one for every year of the dead man's life. First hidden by a sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. Kingdom of Twilight

follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it.

[The Everything Car Care Book](#) Createspace Independent Publishing Platform

This text provides reports on all aspects of BEM calculations in acoustics. Special attention is paid to efficiency and accuracy issues, frequency and time domain procedures, direct and indirect formulations, hybrid as well as inverse techniques. Emphasis is also placed on applications in different fields, such as vehicle acoustics, engine noise, electroacoustic transducers, optimization of musical instruments and underwater acoustics.

[Auto Repair For Dummies](#) Wit Pr/Computational Mechanics

"Rarely does a week go by without a well-known executive being indicted for engaging in a white-collar crime. Perplexed as to what drives successful, wealthy people to risk it all, Harvard Business School professor Eugene Soltes took a remarkable journey deep into the minds of these white-collar criminals, spending seven years in the company of the men behind the largest corporate crimes in history—from the financial fraudsters of Enron, to the embezzlers at Tyco, to the Ponzi schemers Bernie Madoff and Allen Stanford. Drawing on intimate details from personal visits, letters, and phone calls with these former executives, as well as psychological, sociological, and historical research, *Why They Do It* is a breakthrough look at the dark side of the business world. Soltes refutes popular but simplistic explanations of why seemingly successful executives engage in crime. White-collar criminals, he shows, are not merely driven by excessive greed or hubris, nor do they usually carefully calculate the costs and benefits before breaking the law and see it's worth the risk. Instead, he shows that most of these executives make decisions the way we all do—on the basis of their intuitions and gut feelings. The trouble is, these gut feelings are often poorly suited for the modern business world. Based on extensive interaction with nearly fifty former executives—many of whom have never spoken about their crimes—Soltes provides insights into why some saw the immediate effects of misconduct as positive, why executives often don't feel the emotions (angst, guilt, shame) most people would expect, and how acceptable norms in the business community can differ from those of the broader society"--
