Transform your company the Toyota way! Two essential guides streamlined into a SINGLE EBOOK PACKAGE Toyota. The name says it all: Innovation. Efficiency. Quality. Excellence. The Toyota Way—Management Principles and Fieldbook explains how the legendary automaker

consistently achieves the highest levels of manufacturing and business success—and how you can achieve similar results with your own organization, regardless of your industry. Discover Toyota's methods then learn how to put them to practical use with these groundbreaking books: The Toyota Way—INTERNATIONAL BESTSELLER! The Toyota Way reveals the management principles behind Toyota's worldwide reputation for quality and reliability. Dr. Jeffrey Liker, the global expert on Toyota's Lean methods, explains how you can implement the company's principles to:

Double or triple the speed of any business process Build quality into workplace systems Eliminate the huge costs of hidden waste Turn every employee into a quality-control inspector Dramatically improve your products and services The Toyota Way Fieldbook Written as a companion volume to The Toyota Way, this hands-on guide takes the lessons of Toyota to the next level. Liker teams up with Toyota veteran David Meier to provide the diagnostic tools, worksheets, and exercises you need to craft the most effective approach for your organization. Learn how to: Develop leaders that “live” your system

---

Transform your company into a true lean learning organization  
Create a culture of continuous improvement and innovation  
Meet all the needs of your customers  
Position your company for long-term success

*Manual Dundurn*  
As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious

help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

This updated edition integrates ethical theory and practice to help strengthen readers' awareness, judgment, and action in organizations by exploring ethical dilemmas in a diverse range of well-known business cases. This volume explores a range of complex issues in today's organizations, addresses ethical concerns, and investigates the fundamentals that enable organizations to be

simultaneously productive and ethical. Compiled with a variety of important examples of organizational communication ethics of today, case studies include the discussion of ethical dilemmas faced by Walmart, Toyota, Enron, Mitsubishi, BP, Arthur Andersen, Google, college athletics, and the pharmaceutical industry, among others. Through these case studies, students are able to directly assess ethical and unethical decision making in a rich, diverse, and complex manner that moves beyond

simple explanations of ethics. This book is an invaluable resource for students and those interested in organizational communication ethics. [Response by Toyota and NHTSA to Incidents of Sudden Unintended Acceleration](#) Motorbooks This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. “ Dr. Phil, ” Canada ’ s best-known automotive expert for more than forty-five years, pulls no

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. [Update on Toyota and NHTSA's Response to the Problem of Sudden Unintended Acceleration](#)  
Crossroad Press  
Terrorists, drug traffickers, mafia members, and corrupt corporate executives have one thing in common: most are conspirators subject to federal prosecution. Federal conspiracy laws rest on

---

the belief that criminal schemes are equally or more reprehensible than are the substantive offenses to which they are devoted. The essence of conspiracy is an agreement of two or more persons to engage in some form of prohibited misconduct. The crime is complete upon agreement, although some statutes require prosecutors to show that at least one of the conspirators has taken some concrete steps or committed some overt act in furtherance of the scheme. There are dozens of federal conspiracy statutes. This book examines conspiratorial crimes and related federal criminal law with a focus on the federal Racketeer Influenced and Corrupt Organization (RICO)

provision of the Organized Crime Control Act of 1970; money laundering and the 18 U.S.C. 1956 statute; mail and wire fraud; and an overview of federal criminal law.

Improve your company's ability to avoid or manage crises Managing the Unexpected, Third Edition is a thoroughly revised text that offers an updated look at the groundbreaking ideas explored in the first and second editions. Revised to reflect events emblematic of the unique challenges that organizations have faced in recent years, including bank failures, intelligence failures, quality failures, and other organizational misfortunes, often sparked by organizational actions, this critical book focuses on why some organizations are better able to sustain high performance in the face of unanticipated change. High reliability organizations (HROs), including commercial

---

aviation, emergency rooms, aircraft carrier flight operations, and firefighting units, are looked to as models of exceptional organizational preparedness. This essential text explains the development of unexpected events and guides you in improving your organization for more reliable performance. "Expect the unexpected" is a popular mantra for a reason: it's rooted in experience. Since the dawn of civilization, organizations have been rocked by natural disasters, civil unrest, international conflict, and other unexpected crises that impact their ability to function. Understanding how to maintain function when catastrophe strikes is key to keeping your

organization afloat. Explore the many different kinds of unexpected events that your organization may face Consider updated case studies and research Discuss how highly reliable organizations are able to maintain control during unexpected events Discover tactics that may bolster your organization's ability to face the unexpected with confidence Managing the Unexpected, Third Edition offers updated, valuable content to professionals who want to strengthen the preparedness of their organizations—and confidently face unexpected challenges.

Editors of the Automobile  
Protection Association, pull no  
punches.  
The Toyota Way - Management  
Principles and Fieldbook  
(EBOOK BUNDLE) John Wiley  
& Sons Incorporated  
Unfiltered is a satirical and raw  
discussion about anti-corruption  
in the Middle East. While  
informative, it is written in a dark

and somewhat rough voice that the  
author refers to as the pirate.  
Pirates are not known for their  
good manners. Unfiltered defines  
and explains what constitutes a  
robust anti-corruption program  
for the Middle East, but it includes  
some personal anecdotes from the  
authors twenty years of experience  
in Saudi Arabia. Unfiltered says  
things that many in the corporate  
world can dare to only think about  
but can never say out loud without  
risking the unemployment line,  
court, or jail.  
Automotive News Dundurn  
"The automotive maven and  
former Member of Parliament  
might be the most trusted man in  
Canada, an inverse relationship  
to the people he writes about." –
