An illustrated A-to-Z guide to amps from the award-winning author of *Guitar Encyclopedia!* This book is for fans of guitar amplifiers and the history that lies behind them. Starting with early amp models like the Gibson EH-150 that was first

used with Gibson's EH-150 lap-steel guitar and later the Charlie Christian ES-150 guitar, it then delves into the development of Fender, Vox, and Orange amps, and goes right up to the modern boutique designers like Industrial, Dr. Z, Fargen, and Fuchs. Other amp designers profiled include: Carvin \* Danelectro/Silvertone \*

Engel \* Epiphone \* Line 6 \* MESA/Boogie\* Pignose \* Paul Reed Smith \* Premier \* Roland \* Seymour Duncan \* and many, many more! There is a limiting belief around in vitro fertilization (IVF) that must be reframed: the idea that it is only a technical, difficult, painful and artificial process. IVF is another one of those

wonderful proofs of God's love towards us. Therefore, it is nothing but a christic alternative to enable men and women to achieve their paternity and maternity dreams. It was from this perspective that the author, Gabriela Lacerda, a former trying woman and mother of two children via assisted reproductions, shares with her readers a spiritual perspective about the most advanced treatment for couples who have difficulty to get pregnant. In this book, she talks about the

metaphysical teachings that were essential to achieve her much-dreamed-of positive in her first in vitro fertilization attempt, giving life to her son Gael, and again, three years later, from the transfer of a single frozen embryo that enabled the arrival of her second son, Benício. What may be seen as good fortune from a distance, for her, who experienced it with a lot of energy, it was the certainty that there was a spirituality watching over every detail of her journey as a conscious trying woman. The one that

---

goes beyond physical symptoms and scarcity thoughts. The one that acknowledges that life goes beyond the visible, the material world. Welcome to the wonderful world of assisted reproduction from a spiritual perspective. Read each page with an open heart. It is safe to get pregnant easily via in vitro fertilization.

A singular life often circles around a singular moment, an occasion when one's life in the world is defined forever and the emotional vocabulary set. For the extraordinary writer James Salter, this moment was contained in the fighter planes

over Korea where, during his young manhood, he flew more than one hundred missions.

James Salter is considered one of America's greatest prose stylists. "The Arm of Flesh" (later revised and retitled "Cassada") and his first novel, "the Hunters," are legendary in military circles for their descriptions of flying and aerial combat. A former Air Force pilot who flew F-86 fighters in Korea, Salter writes with matchless insight about the terror and exhilaration of the pilot's life.
