We travel to grow -our Adventure Guides show you how. Experience the places you visit more directly, freshly, intensely than you would otherwise -sometimes best done on foot, in a canoe, or through cultural adventures like art courses, cooking classes, learning the language, meeting the people, joining in the festivals and celebrations. This can make your trip life-changing, unforgettable. All of the detailed information you need is here about the hotels, restaurants, shopping, sightseeing. But we also lead you to new discoveries, turning corners you haven't turned before, helping you to interact with the world in new ways. That's what makes our Travel Adventure Guides unique. The author is fascinated with these islands and her passion comes across in the text, which is lively, revealing and a pleasure to read. Detailed town and regional maps make planning day-trips or city tours easy.

Adventures covered range from town sightseeing tours and nature watching to sea kayaking and mountain climbing excursions. Travelers looking for a more relaxed vacation may want to sign up for dance lessons and take part in the local Carnaval or join a local cycling club and tackle some of Aruba's most scenic areas - these cultural adventures will introduce you to the people and afford you a truly unique travel experience. This guide focuses on Aruba primarily and is based on material found in our larger book, Aruba, Bonaire & Curacao Pocket Adventures.

The purpose of this document is to identify and provide design guidelines for bridge scour and stream instability countermeasures that have been implemented by various State departments of transportation (DOTs) in the United States. Countermeasure experience, selection, and design guidance are consolidated from other FHWA publications in this document to support a comprehensive analysis of scour and stream instability problems and provide a range of solutions to those problems. The results of recently completed National Cooperative Highway Research Program (NCHRP) projects are incorporated in the design guidance, including: countermeasures to protect bridge piers and abutments from scour; riprap design criteria, specifications, and quality control, and environmentally sensitive channel and bank protection measures. Selected innovative countermeasure concepts and guidance derived from practice outside the United States are introduced. In addition, guidance for the preparation of Plans of Action ...
