Many teachers are trained to approach their work with a set of teaching strategies and lessons that changes little over time. Because they are focused on how they teach, rather than on how their students learn, they use the same techniques day after day, making no adjustments for students' different learning needs. In *Learning-Driven Schools: A Practical Guide for Teachers and Principals*, Barry Beers shows how

teachers can plan, teach, and assess for student learning--and how principals can support teachers in their efforts. The book includes * An overview of the research on knowledge retention; * Real-life samples of lesson plans that address state and local standards; * Strategies on accurately assessing student learning; * Advice for teachers on addressing the needs of struggling, intermediate, and advanced students at the same time; and * Advice for administrators on conducting effective classroom observations. A rallying cry and how-to guide rolled into one, this book is an invaluable resource for anyone passionate about learning. Having served as a veteran teacher and principal himself, Barry Beers brings his own experience and understanding to bear on the essential task of ensuring that student learning remains the clear focus of our schools.

The founders and forerunners of the Southern Baptist Convention were fundamentally shaped by the thought of Puritan theologian Jonathan Edwards and his theological successors. While Baptists in the antebellum South boasted a different theological pedigree than Presbyterians or Congregationalists, and while they inhabited a Southern landscape unfamiliar to the bustling cities and tall forests of New England, they believed their similarities

with Edwards far outweighed their differences. Like Edwards, these Baptists were revivalistic, Calvinistic, loosely confessional, and committed to practical divinity. In these four things, Southern Edwardseanism lived, moved, and had its being. In the nineteenth-century, when so many Presbyterians scoffed at Edwards's "innovation" and Methodists scorned his Calvinism, Baptists found in Edwards a man after their own heart. By 1845, at the first Southern Baptist Convention, Southern Edwardseans had laid the groundwork for a convention marked by the theology of Jonathan Edwards.

The adventurous Countess Harleigh finds out just how far some will go to safeguard a secret in Dianne Freeman's latest witty and delightful historical mystery . . . Though American by birth, Frances Wynn, the now-widowed Countess of Harleigh, has adapted admirably to the quirks and traditions of the British aristocracy. On August twelfth, otherwise known as the Glorious Twelfth, most members of the upper class retire to their country estates for grouse-shooting season. Frances has little interest in hunting—for birds or a second husband—and is expecting to spend a quiet few months in London with her almost-engaged sister, Lily, until the throng returns. Instead, she's immersed in a shocking mystery when a friend, Mary Archer, is found murdered. Frances had hoped Mary might make a suitable bride for her cousin, Charles, but their courtship recently fizzled out. Unfortunately, this puts Charles in the spotlight—along with dozens of others. It seems Mary had countless notes hidden in her home, detailing the private indiscretions of society's elite. Frances can hardly believe that the genteel and genial Mary was a blackmailer, yet why else would she horde such juicy tidbits? Aided by her gallant friend and neighbor, George Hazelton, Frances begins assisting the police in this highly sensitive case, learning more about her peers than she ever wished to know. Too many suspects may

be worse than none at all—but even more worrying is that the number of victims is increasing too. And unless Frances takes care, she'll soon find herself among them . . . “Engrossing . . . Freeman takes a witty look at Victorian polite society. Historical mystery fans will be delighted.” —Publishers Weekly
