Do You Control Your Phone—Or Does Your Phone Control You? Within a few years of its unveiling, the smartphone had become part of us, fully integrated into the daily patterns of our lives. Never offline, always within reach, we now wield in our hands a magic wand of technological power we have only begun to grasp. But it raises new enigmas, too. Never more connected, we seem to be growing more distant. Never more efficient, we have never been more distracted. Drawing from the insights of numerous

A #1 New York Times, #1 Publishers Weekly, and USA Today bestseller. Never mix business with pleasure. Never bring politics into the bedroom. In a way I did both when I took Jackson Rutledge as a lover. I can't say I wasn't warned. Two years later, he was back. Walking into a deal I'd worked hard to close. Under the tutelage of Lei Yeung, one of the sharpest businesswomen in New York, I had picked up a thing or two since Jax walked away. I wasn't the girl he once knew, but he hadn't changed. Unlike the last time we'd drifted into each other's lives, I knew exactly what I was dealing with... and how addictive his touch could be. The inner circle of glamour, sex, and privilege was Jax's playground—but this time, I knew the rules of the game. In the cutthroat business world, one adage rules all: keep your enemies close and your ex-lovers closer...

É My life is a lovely story, happy and full of incident. If, when I was a boy, and went forth into the world poor and friendless, a good fairy had met me and said, "Choose now thy own

course through life, and the object for which thou wilt strive, and then, according to the development of thy mind, and as reason requires, I will guide and defend thee to its attainment," my fate could not, even then, have been directed more happily, more prudently, or better. The history of my life will say to the world what it says to me Ñ There is a loving God, who directs all things for the best. My native land, Denmark, is a poetical land, full of popular traditions, old songs, and an eventful history, which has become bound up with that of Sweden and Norway. The Danish islands are possessed of beautiful beech woods, and corn and clover fields: they resemble gardens on a great scale. Upon one of these green islands, Funen, stands Odense, the place of my birth. Odense is called after the pagan god Odin, who, as tradition states, lived here: this place is the capital of the province, and lies twenty-two Danish miles from Copenhagen. In the year 1805 there lived here, in a small mean room, a young married couple, who were extremely attached to each other; he was a shoemaker, scarcely twenty-two years old, a man of a richly gifted and truly poetical mind. His wife, a few years older than himself, was ignorant of life and of the world, but possessed a heart full of love. The young man had himself made his shoemaking bench, and the bedstead with which he began housekeeping; this bedstead he had made out of the wooden frame which had borne only a short time before the coffin of the deceased Count Trampe, as he lay in state, and the remnants of the black cloth on the wood work kept the fact still in remembrance. Instead of a noble corpse, surrounded by crape and wax-lights, here lay, on the second of April, 1805, a living and weeping child, Ñ that was myself, Hans Christian Andersen. During the first day of my existence my father is said to have sate by the bed and read aloud in Holberg, but I cried all the time. "Wilt thou go to sleep, or listen quietly?" it is reported that my father asked in joke; but I still cried on; and even in the church, when I was taken to be baptized, I cried so loudly that the preacher, who was a passionate man, said, "The young one screams like a cat!" which words my mother never forgot. A poor emigrant, Gomar, who stood as godfather, consoled her in the mean time by saying that the louder I cried as a child, all the more beautifully should I sing when I grew older.

Opera Stories from Wagner Philadelphia : Jewish Publication Society of America Little Ida liked the student, who always had a tale to tell, a lot. So, one morning, when little Ida's flowers had all withered, she asked the student what could have happened to them. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children ' s literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book

examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts. Guy Bourdin, who died in 1991, was a legend in the world of fashion photography. He was the most radical and audacious photographer of his generation but his reputation has been surrounded in secrecy - he rarely allowed his photographs to appear outside the pages of French Vogue. No book of his work has previously been published. His estate was frozen by the courts until 1997, after which his son, Samuel, gained control of his work as a result of which this long-awaited book can be published. Bourdin was originally a painter and a friend of Man Ray. His fashion photographs began to incorporate his surrealist influences. Fashion photography became an arena for his personal obsessions. The results are as shocking and astonishing as any commercial photograph ever published. They were executed meticulously. Despite his intense eroticism, subversion and, as Cecil Beaton described, 'his grotesque little gamines', Beaton referred to him in 1975 as 'unquestionably the most interesting fashion photographer in Paris today'. His work was said to have represented 'the look of an era -glamorous, hard-edged, cleverly spiced with vulgarity...rich with implied narratives and strong erotic undercurrents'

How are we as Christians called to respond when cancer invades our lives, whether our

own bodies or those of our friends and family? On the eve of his own cancer surgery, John Piper writes about cancer as an opportunity to glorify God. With pastoral sensitivity, compassion, and strength, Piper gently but firmly acknowledges that we can indeed waste our cancer when we don ' t see how it is God ' s good plan for us and a hope-filled path for making much of Jesus. Don ' t Waste Your Cancer is for anyone touched by a life-threatening illness. It first appeared as an appendix in *Suffering and the Sovereignty of God*. Repackaged and republished, it will serve as a hope-giving resource for healthcare workers, pastors, counselors, and others caring for those with cancer and other serious illnesses. The booklets are also available in packs of ten. Silence within and beyond Pedagogical Settings Taylor & Francis

Three beautifully illustrated classic Polish tales that will enchant the young readers of today In the late 1930s renowned Polish poet Julian Tuwim, was asked to write three poems for children. The publisher Przeworski connected the three poems into one book, *Locomotive*, and commissioned illustrations from celebrated Polish illustration duo Lewitt and Him. *Locomotive* was the beginning of a creative partnership that lasted many years. Featuring the original three poems, *Locomotive*, *The Turnip*, and *The Bird ' s Broadcast*, children learn what ' s inside each train carriage as it chugs along, how many people, animals, and friends it takes to pull a turnip from the ground, and what happens when birds of all kinds gather for a meeting in the woods. After its original publication in 1939 in Polish, *Locomotive* was swiftly translated into French and English the next year, appearing at a time when it would have been a surprise and a joy to encounter bright colors and modernist- inflected imagery. Both classic and modern, its imaginative storytelling and appeal has endured and will delight children today as much as it did eighty years ago.

It's not every day that a 16 year old writes a book. In fact, girls and boys of that age are supposed to spend their time studying what other people write. It is pre-sumed that at that age they do not themselves have anything significant or interesting to say. And the education system guarantees just that. The best rewards go to those who can parrot set answers to set questions in examination halls. Those who try to use their imagination or reply differently are often punished with low grades.

"Zinoviev's new book is less gargantuan (how could it not be?) than the enormous *The Yawning Heights*. And though it has a central metaphor--a crumbling, vandalized, massive sign placed in Moscow's Cosmonaut Square that reads "Long Live Communism--The Radiant Future of All Mankind"--realism and philosophy are more in

evidence than comic allegory. The narrator is the Head of the Department of Theoretical Problems of the Methodology of Scientific Communism at The Human Sciences Institute of the Academy of Sciences. He has an estranged wife (with whom he lives, Moscow housing-arrangements being what they are), two teenaged children, a mother-in-law, and a burning itch to be elected an Academician. But, complicatingly, he also has friends, one who's trying to get an exit visa and another, Anton Zimin, who has written a book which postulates, for instance: "I believe that the brightest dreams and ideals of mankind, when they are realized in concrete form, produce the most disastrous consequences." Anton's totally subversive view of Soviet life is focused on the "horrific normality" of it; he is totally non-ideological, hence clear-sighted enough to cause anything he looks at to shrivel up. And the narrator, egged on by his more or less dissident children, finds himself more and more in agreement with his dangerous friends: he never does make Academician, of course, as the complementary forces of his mediocrity and his self-disgust conspire to leave him stranded. The narrator's dilemma and his Russian schlemiel-dom, however, are the least distinctive aspects of this second, smaller, less exuberant Zinoviev book. What counts instead here is the pure play of ideas: weaving in great chunks of both official (canned) and truly biting social philosophy, Zinoviev has created a kind of divorced, muffler-ed intellectual comedy--which will be most clear and satisfying to veterans of *The Yawning Heights*."--Kirkus.
