Index Catalog of the Library of the Surgeon General's Office SAGE Publications Paul Revere's midnight ride looms as an almost mythical event in American history--yet it has been largely

---

ignored by scholars and left to patriotic writers and debunkers. Now one of the foremost American historians offers the first serious look at the events of the night of April 18, 1775--what led up to it, what really happened, and what followed--unc	American republic. Beginning in the years before the eruption of war, Fischer illuminates the figure of Paul Revere, a man far more complex than the simple artisan and messenger of tradition. Revere ranged widely through the complex world of Boston's revolutionary movement--from organizing local mechanics to mingling with the likes of John Hancock and Samuel Adams. When the fateful night arrived, more than sixty men and women	joined him on his task of alarm--an operation Revere himself helped to organize and set in motion. Fischer recreates Revere's capture that night, showing how it had an important impact on the events that followed. He had an uncanny gift for being at the center of events, and the author follows him to Lexington Green--setting the stage for a fresh interpretation of the battle that began the war. Drawing on intensive new research, Fischer reveals a clash very different from both
--	---	---

---

patriotic and iconoclastic myths. The local militia were elaborately organized and intelligently led, in a manner that had deep roots in New England. On the morning of April 19, they fought in fixed positions and close formation, twice breaking the British regulars. In the afternoon, the American officers switched tactics, forging a ring of fire around the retreating enemy which they maintained for several hours--an extraordinary feat of combat leadership. In the days that followed,

Paul Revere led a new battle-- for public opinion--which proved even more decisive than the fighting itself. ] When the alarm-riders of April 18 took to the streets, they did not cry, "the British are coming," for most of them still believed they were British. Within a day, many began to think differently. For George Washington, Thomas Jefferson, John Adams, and Thomas Paine, the news of Lexington was their revolutionary Rubicon. Paul Revere's Ride

returns Paul Revere to center stage in these critical events, capturing both the drama and the underlying developments in a triumphant return to narrative history at its finest. Rebecca West's Subversive Use of Hybrid Genres Copyright Office, Library of Congress The controversial nationally syndicated radio talk show host presents a new work of fiction. Readers' Guide to Periodical Literature Penguin Bringing new insights from genre theory to bear on the work of the journalist and novelist Rebecca

---

<p>West, this study explores how West's use of and combinations of multiple genres (often in single works) was informed and furthered by her subversive feminist goals. Rebecca West's <i>Subversive Use of Hybrid Genres</i> analyzes West's sense of genres as dynamic and strategic processes with transgressive political ends rather than as fixed and reified taxonomies, a radical new approach at the time that is now mirrored in much contemporary theory. Surveying her oeuvre from this point of view, the book goes on to</p>	<p>examine systematically West's writing from 1911-1941, including her early journalism and criticism, such novels as <i>The Return of the Soldier</i> and her controversial multi-genre epic <i>Black Lamb and Grey Falcon</i>. <i>The American Contractor</i> Houghton Mifflin Harcourt A register of labor organizations which filed reports with the U.S. Department of Labor under the provisions of the Labor-Management Reporting and Disclosure Act, as amended, or the</p>	<p>Civil Service Reform Act of 1978. <u><a href="#">The SAGE Handbook of Educational Leadership</a></u> National Aquarium in Baltimore Just like you, Goldmine is passionate about vinyl. Community  
policing, as a  
philosophy,  
supports the

---

systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues, including crime, social disorder, and fear of crime—as opposed to responding to crime after it occurs. Community policing expands the traditional police mandate. It broadens the focus of fighting crime to include solving community problems and forming partnerships with people in the	community so average citizens can contribute to the policing process. Originating during police reform efforts of the 1970s, the philosophy of community policing is currently widespread and embraced by many citizens, police administrators, scholars, and local and federal politicians. What sorts of collaborative partnerships have evolved between policing agencies and the individuals and communities they serve? How	do police departments engage in systematic examination of identified problems to develop effective responses? How have police departments aligned their organizational structures to best support community partnerships and proactive problem solving? Just how effective have efforts at community policing been? These questions and more are explored within the pages of this new reference work. Features: A

collection of 150 to 175 entries are organized in A-to-Z fashion in one volume available in both electronic and print formats. Signed entries, authored by significant figures in the field, each conclude with Cross-References and Suggestions for Further Readings to guide students to in-depth resources. Brief "What Works" case studies within appropriate entries profile community policing programs and strategies as tried in various cities and communities.	Although organized in A-to-Z fashion, a thematic "Reader's Guide" in the front matter groups related entries by broad topic areas (e.g., Foundations; Methods & Practices; Legislation & National Organizations; Changing Agency Culture; Planning & Implementation; Training & Curriculum; Assessment & Evaluation; etc.). Also included in the front matter, a Chronology provides students with historical perspective of the development of	community policing. The entire work concludes with a Resources appendix listing classic books, journals, and associations, followed by a comprehensive Index. Clark's Boston Blue Book Rowman & Littlefield "This report summarizes the history of job evaluation and gives a critical review of the technical literature as a background for the Air Force job evaluation plan. The Air Force plan is described with the rationale for each phase. A

discussion of unsolved problems includes an outline of research needed to discover solutions of these problems. An Appendix lists a 200-item bibliography with abstracts." -- page iii.

### Makers and Users

This authoritative handbook examines the community, district, and teacher leadership roles that affect urban schools. It will serve as a foundation for pedagogical and educational leadership practices that foster social justice, equity, and advocacy for those

who have been traditionally and historically underserved in education. The handbook 's ten sections cover topics as diverse as curriculum, instruction, and educational outcomes; gender, race, and class; higher education; and leadership preparation and support. Its twenty-nine chapters offer both American and international perspectives.

### Airman's Guide

The daughter of Paul Revere tells of her father 's secret—and her own: “ A lively, exciting picture of Boston going to war ...excellent. ” —VO

YA Thirteen-year-old Sarah Revere knows her father is a Patriot hero, a champion of the Colonies against the British. But she also knows that Paul Revere guards a secret about the start of the Revolutionary War that he will tell no one—not his new wife, not his best friend, not even his trusted daughter. It seems everyone in her family has secrets. Sarah 's even got one of her own—and it's tearing her apart.... This is a “ beautifully crafted ” novel of a young girl growing up—and a country 's battle for independence (School Library Journal). “ As usual, Rinaldi has done her homework; the book is solidly researched and extremely well written. Readers will
