Bringing new insights from genre theory to bear on the work of the journalist and novelist Rebecca West, this study explores how West's use of and combinations of multiple genres (often in single works) was informed and furthered by her subversive

feminist goals. Rebecca West's *Subversive Use of Hybrid Genres* analyzes West's sense of genres as dynamic and strategic processes with transgressive political ends rather than as fixed and reified taxonomies, a radical new approach at the time that is now mirrored in much contemporary theory. Surveying her oeuvre from this point of view, the book goes on to examine systematically West's writing from 1911-1941, including her

early journalism and criticism, such novels as *The Return of the Soldier* and her controversial multi-genre epic *Black Lamb and Grey Falcon*. *Airman's Guide National Aquarium in Baltimore* Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals July - December)

This book divides central Rome into 16 areas and has further sections for sights on the outskirts of the city; including some day trips as well as some suggested walks. Each of the main areas has its own chapter and contains a selection of sights that convey some of its history and distinctive character. The bird's-eye view maps, photographs, 3-D aerial views of Rome's most interesting districts, the floor plans

of all the major sights and the huge selection of hotels, restaurants, shops and entertainment venues separate this guide from all of the rest. The Eyewitness Travel Guide helps you to get the most from your stay in Rome. Annually revised and updated with beautiful new full-color photos, illustrations, and maps, this guide includes information on local customs, currency, medical services, and transportation. Consistently chosen over

the competition in national consumer market research. The best keeps getting better! The Official Railway Guide Copyright Office, Library of Congress Community policing, as a philosophy, supports the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues, including crime, social disorder, and fear of crime—as opposed to responding to crime after

it occurs. Community policing expands the traditional police mandate. It broadens the focus of fighting crime to include solving community problems and forming partnerships with people in the community so average citizens can contribute to the policing process. Originating during police reform efforts of the 1970s, the philosophy of community policing is currently widespread and embraced by many citizens, police administrators, scholars,

and local and federal politicians. What sorts of collaborative partnerships have evolved between policing agencies and the individuals and communities they serve? How do police departments engage in systematic examination of identified problems to develop effective responses? How have police departments aligned their organizational structures to best support community partnerships and proactive problem

solving? Just how effective have efforts at community policing been? These questions and more are explored within the pages of this new reference work. Features: A collection of 150 to 175 entries are organized in A-to-Z fashion in one volume available in both electronic and print formats. Signed entries, authored by significant figures in the field, each conclude with Cross-References and Suggestions for Further Readings to guide

students to in-depth resources. Brief "What Works" case studies within appropriate entries profile community policing programs and strategies as tried in various cities and communities. Although organized in A-to-Z fashion, a thematic "Reader's Guide" in the front matter groups related entries by broad topic areas (e.g., Foundations; Methods & Practices; Legislation & National Organizations; Changing Agency Culture;

Planning & Implementation; Training & Curriculum; Assessment & Evaluation; etc.). Also included in the front matter, a Chronology provides students with historical perspective of the development of community policing. The entire work concludes with a Resources appendix listing classic books, journals, and associations, followed by a comprehensive Index. Makers and Users Oxford University Press

Comprehensive manual for understanding and carrying out marine mammal rescue activities for stranded seals, manatees, dolphins, whales, or sea otters. Litigation Manual Outline and Litigation Manual, 1956-1971 "This report summarizes the history of job evaluation and gives a critical review of the technical literature as a background for the Air Force job evaluation plan. The Air Force plan is described with the rationale for each phase. A discussion of unsolved problems includes an

outline of research needed to discover solutions of these problems. An Appendix lists a 200-item bibliography with abstracts." -- page iii. The Julius Cahn-Gus Hill Theatrical Guide and Moving Picture Directory This fully updated Second Edition offers an unflinching and comprehensive overview of the full range of both practical and theoretical issues facing educational leadership today. Editor Fenwick W. English and 30 renowned authors boldly address the most

fundamental and contested issues in the field, including culturally relevant and distributed leadership; critical policy and practice issues predicting the new century's conflict; the paradox of changes; and the promises, paradoxes, and pitfalls of standards for educational leaders. The Official Guide of the Railways and Steam Navigation Lines of the United States, Porto Rico, Canada, Mexico and Cuba This authoritative

handbook examines the community, district, and teacher leadership roles that affect urban schools. It will serve as a foundation for pedagogical and educational leadership practices that foster social justice, equity, and advocacy for those who have been traditionally and historically underserved in education. The handbook 's ten sections cover topics as diverse as curriculum, instruction, and educational outcomes;

gender, race, and class; higher education; and leadership preparation and support. Its twenty-nine chapters offer both American and international perspectives.

Index Catalog of the Library of the Surgeon General's Office

Guide, the industry standard. • Tips to help you accurately grade and value your records--including promo pressings. • An easy-to-use, well-organized format. Whether you're new to the scene or a veteran collector, Goldmine Record Album Price Guide is here to help! Index-catalogue of the Library of the Surgeon General's Office, United States Army (Army Medical Library)

Paul Revere's midnight ride looms as an almost mythical event in American history--yet it has been largely ignored by scholars and left to patriotic writers and debunkers. Now one of the foremost American historians offers the first serious look at the events of the night of April 18, 1775--what led up to it, what really happened, and what followed--uncovering a truth far more remarkable than the myths of tradition. In Paul Revere's

Ride, David Hackett Fischer fashions an exciting narrative that offers deep insight into the outbreak of revolution and the emergence of the American republic. Beginning in the years before the eruption of war, Fischer illuminates the figure of Paul Revere, a man far more complex than the simple artisan and messenger of tradition. Revere ranged widely through the complex world of Boston's revolutionary movement--from

organizing local mechanics follows him to Lexington to mingling with the likes of John Hancock and Samuel Adams. When the fateful night arrived, more than sixty men and women joined him on his task of alarm--an operation Revere himself helped to organize and set in motion. Fischer recreates Revere's capture that night, showing how it had an important impact on the events that followed. He had an uncanny gift for being at the center of events, and the author

Green--setting the stage for a fresh interpretation of the battle that began the war. Drawing on intensive new research, Fischer reveals a clash very different from both patriotic and iconoclastic myths. The local militia were elaborately organized and intelligently led, in a manner that had deep roots in New England. On the morning of April 19, they fought in fixed positions and close formation, twice breaking the British regulars. In

the afternoon, the American officers switched tactics, forging a ring of fire around the retreating enemy which they maintained for several hours--an extraordinary feat of combat leadership. In the days that followed, Paul Revere led a new battle--for public opinion--which proved even more decisive than the fighting itself.] When the alarm-riders of April 18 took to the streets, they did not cry, "the British are coming," for most of them

still believed they were British. Within a day, many began to think differently. For George Washington, Thomas Jefferson, John Adams, and Thomas Paine, the news of Lexington was their revolutionary Rubicon. Paul Revere's Ride returns Paul Revere to center stage in these critical events, capturing both the drama and the underlying developments in a triumphant return to narrative history at its finest.
