Blessings is finally upon us. Keepsake Crimes Penguin For more than a decade, the United States has been fighting wars so far from the public eye as to risk being forgotten, the struggles and sacrifices of its volunteer soldiers almost ignored. Photographer and writer Ashley Gilbertson has been working to prevent that. His dramatic photographs of the Iraq war for the New York Times and his book Whiskey Tango Foxtrot took readers into the mayhem of

Baghdad, Ramadi, Samarra, and Fallujah. But with Bedrooms of the Fallen, Gilbertson reminds us that the wars in Afghanistan and Iraq have also reached deep into homes far from the noise of battle, down quiet streets and country roads—the homes of family and friends who bear their grief out of view. The book’s wide-format black-and-white images depict the bedrooms of forty fallen soldiers—the equivalent of a single platoon—from the United States, Canada, and several European

---

nations. Left intact by families of the deceased, the bedrooms are a heartbreaking reminder of lives cut short: we see high school diplomas and pictures from prom, sports medals and souvenirs, and markers of the idealism that carried them to war, like images of the Twin Towers and Osama Bin Laden. A moving essay by Gilbertson describes his encounters with the families who preserve these private memorials to their loved ones, and shares what he has

learned from them about war and loss. Bedrooms of the Fallen is a masterpiece of documentary photography, and an unforgettable reckoning with the human cost of war.

Over 70 Make-Ahead, Delicious Box Lunches

Springer Science & Business Media  
Do you want to understand Neural Networks and learn everything about them but it looks like it is an exclusive club? Are you fascinated by Artificial Intelligence but you think that it would be too difficult for you to

learn? If you think that Neural Networks and Artificial Intelligence are the present and, even more, the future of technology, and you want to be part of it... well you are in the right place, and you are looking at the right book. If you are reading these lines you have probably already noticed this: Artificial Intelligence is all around you. Your smartphone that suggests you the next word you want to type, your Netflix account that recommends you the series you may like or

---

Spotify's personalised playlists. This is how machines are learning from you in everyday life. And these examples are only the surface of this technological revolution. Either if you want to start your own AI enterprise, to empower your business or to work in the greatest and most innovative companies, Artificial Intelligence is the future, and Neural Networks programming is the skill you want to have. The good news is that there

is no exclusive club, you can easily (if you commit, of course) learn how to program and use neural networks, and to do that Neural Networks for Beginners is the perfect way. In this book you will learn: The types and components of neural networks The smartest way to approach neural network programming Why Algorithms are your friends The "three Vs" of Big Data (plus two new Vs) How machine learning will help you making predictions The three most

common problems with Neural Networks and how to overcome them Even if you don't know anything about programming, Neural Networks is the perfect place to start now. Still, if you already know about programming but not about how to do it in Artificial Intelligence, neural networks are the next thing you want to learn. And Neural Networks for Beginners is the best way to do it. Download Neural Network for Beginners now to get the best start for your journey to

Originally published by HarperCollins in 1992. The Book of Arabic Wisdom and Guile Pegasus Books In Everyday Harumi, now reissued as an attractive jacketed paperback, Harumi Kurihara, Japan's most popular cookery writer, selects her favourite foods and presents more than 60 new home-style recipes for you to make for family and friends. Harumi wants everyone to be able to make her recipes and she demonstrates

how easy it is to cook Japanese food for every day occasions without needing to shop at specialist food stores. Using many of her favourite ingredients, Harumi presents recipes for soups, starters, snacks, party dishes, main courses and family feasts that are quick and simple to prepare, all presented in her effortless, down-to-earth and unpretentious approach to stylish living and eating. Every recipe is photographed and includes beautiful step-by-step instructions that show key Japanese cooking techniques.

---

Texture and flavour are important to Japanese food and Harumi takes you through the basic sauces you can make at home and the staples you should have in your store cupboard. Photographed by award-winning photographer Jason Lowe, this warm and approachable cookbook invites you to cook and share Japanese food in a simple and elegant style. Bedrooms of the Fallen Simon and Schuster Bento includes over 70 quick, easy, and delicious box lunch ideas for your family.

From the author of the popular Tea Shop Mysteries comes the first in a cozy crafting mystery series! New Orleans scrapbooking shop owner Carmela Bertrand delights her customers with her stunning arrangements

of their scrapbooks. But among her clients’ keepsakes she finds a tip of her own—about a murder... Business is booming and life is cozy for Carmela at her scrapbooking shop, Memory Mine. But when one of the city’s elite dies during Mardi Gras, the police name Carmela’s estranged husband as their number one suspect. Although Carmela hasn’t forgotten how

---

he scrapped their marriage, she doesn't think he is cut out to be a killer. And if Shamus is being framed, Carmela might be the only one who can find the pattern and solve the case in time...

The Collected Poems

Skyhorse  
Rose is a princess, a Cinder, and half-human. She is the last one born of her kind, and on her twenty-first birthday, she must enter the woods and travel to find

her Prince, as her sisters did before her. ". . . And we will all dance at the Grand Ball," her sisters would always say. But the Human servants are keeping a secret that could prevent the Cinders from reaching their Happily Ever After....Hidden in Rose's dreams and vision are the answers of the past between Cinders and Humans, and she is quickly running out of time trying to solve their hidden messages. She knows the

answer lies in her first clue--identifying an animal she has never seen before--that persistent vision of a furry white animal, holding a gold metal object and exclaiming, "Oh dear! Oh dear! I shall be too late!"
