A Guide to Using Out-of-Body Experiences for Spiritual Development The Astral Codex is an effective, practical, and comprehensive guide to what out-of-body experiences are, what to see and do in the astral plane, how it fits into the structure of life, and how to use it for spiritual development. Throughout history, seekers of spiritual wisdom have traveled beyond the body into other dimensions to explore a wider reality. Their experiences formed the basis of otherworldly

accounts found in many of the world's sacred teachings. Drawing on decades of out-of-body experiences, Belsebuub explains how someone can use astral travel to seek out spiritual knowledge today. The Astral Codex is based on the popular "A Course in Astral Travel and Dreams" by Belsebuub-a course created in 2001 that was studied online and in-person, and taken by tens of thousands of people worldwide. 67% of people surveyed who took the course reported having an out-of-body experience as a result of it. The Astral Codex includes sections with detailed Q&As from the course. Find out what lucid dreaming and astral projection is. Learn about the multi-dimensional nature of reality. Learn about what the astral plane is and how to travel there. Discover what dreams mean and how to remember them. Learn how to explore destinations in the astral plane. Discover how to become successful at astral projection. Overcome common obstacles to conscious astral travel. Find out how the mind and emotions affects our ability to perceive other dimensions. Learn about how we leave our body every night with sleep. Discover how dreams and the astral plane are connected. Learn about the different ways someone can have an out-of-body experience (OBE). Discover the stages and sensations of having an OBE. Learn exercises to help train the mind to stay focused on astral techniques. Find out why we have bad dreams and nightmares and where they come from. Discover the reasons why science is limited in its studies on OBEs. Learn how to use astral travel for gaining spiritual knowledge. Learn about the symbolic language of higher dimensions and how to interpret it. And much, much more... Mark Pritchard (writing with the name Belsebuub) is the author of a number of books on out-of-body experiences, dreams, self-discovery, and esoteric wisdom including A Course in Astral Travel and Dreams which became a bestseller in its genre, and Gazing into the Eternal which was a finalist in the Best Book Awards 2009 in spirituality. Using approaches from the Hebrew interpretive tradition to discern the actual events surrounding Jesus' death, Bishop Spong questions the hitorical validity of literal narrative concerned the Ressurrection. He asserts that the resurrection story was born in an experience that opened the disciples' eyes to the reality of God and the meaning of Jesus of Nazareth. Spong traces the Christian origins of anti-Semitism to the Church's fabrication of the ultimate Jewish scapegoat, Judas Iscariot. He affirms the inclusiveness of the Christian message and emphasizes the necessity of mutual integrity and respect among Christians and Jews.

Walter McCloud is a boy with dreams unlike most. Introduced as a child to the genius of Balanchine and the lyricism of Tchaikovsky, Walter has always aspired to be a dancer. As he grows older, it becomes clear that despite his desire, he lacks the talent, and he faces the painful knowledge that his more gifted friends have already surpassed him. Soon, however, that pain is overshadowed when his older brother, Daniel, finds a strange lump on his neck and Walter realizes that a happy family can change overnight. The year that follows transforms the McClouds, as they try to hold together in the face of the fearful consequences of Daniel's illness, and Walter makes discoveries about himself and his friendships that will change him forever. Decades later, after Walter has left home and returned, he must come to terms with the memories of that year, and grapple once and for all with the challenge of carving out a place for himself in this all-too-familiar world. A moving story of the torments of sexuality and the redemptive power of family and friendship, The Short History of a Prince confirms Jane Hamilton's place as a preeminent novelist of our time.
