"A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational." Kirkus Review, Starred Review American Angie Donovan has never wanted much. When you grow up getting bounced from foster home to foster home, you learn not to become attached to anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months. Especially if he's as hot and funny as her next-door neighbor... Jace Walters has never wanted much—except a bathroom he didn't have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He's finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she'll be gone in a few months... Except now she's determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs? Eliza Knight's bestselling Scottish historical romance series, *The Stolen Bride Series*, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn once in marriage, she is devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite feelings inside her she thought long since buried, desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish—whichever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots,

and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Fifteen before-and-after furniture projects to create statement pieces—and tips on how to build a room around them: "As useful as it is beautiful." —Justina Blakeney, New York Times—bestselling author of *Jungalow* Knack Studio founder Barb Blair is famous for her knack with furniture—spotting classic pieces and transforming them into modern showstoppers. In this inspiring book, Blair goes beyond the nuts and bolts of furniture refinishing to show how to style rooms with each customized piece. For instance, she transforms a well-worn coffee table with a painted ombré design, and then reveals how to incorporate it into a bright and sunny den, a cozy reading nook, and a cheerful bedroom. With instructions for fifteen before-and-after furniture projects—dressers, tables, beds, armoire, and more—in Blair's signature bold style, a "toolbox" section detailing her favorite techniques and materials, and photos of dozens of inspiring interiors, *Furniture Makes the Room* unlocks the secrets to decorating livable rooms around statement pieces.

To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

Rethink: The Way You Live inspires and challenges. Filled with evocative images of homes around the globe, the book illustrates how design game-changers are weaving age-old resourcefulness with new technology, creativity with sustainability to construct a more meaningful existence. We can think small (bringing more nature inside) or big (installing moving walls for multifunctional spaces), but the point is to rethink our design choices today for a more sustainable tomorrow. Beautiful and informative, Rethink reveals how to build a better world from the inside out.

Exploring the Questions of Today Identity & Inequality Race, Class, & Gender Multiculturalism Globalization Sociology Now reflects the discipline today and explores the big questions about multiculturalism and globalization that sociologists ask. It explains how the classic concerns of sociology--social order, social conflict, social interaction--have been reshaped by new insights about multiculturalism and globalization. Sociology has always offered a way to make sense of the complex and sometimes contradictory forces that shape our social lives in any era. As *Sociology Now* explains sociology as both a body of knowledge and a "way of seeing," it shows how two such forces in particular have come to preoccupy sociologists and influence the way they look at the events and experiences of the early twenty first century: The first is globalization--the economic, political, cultural, and social interconnections among people and institutions all over the world. The second is multiculturalism--the recognition that race, ethnicity, class, gender, sexuality, religion, and other statuses are sources of social inequality, but also the foundations of our identities. Michael Kimmel, a leading sociologist and gender researcher, and co-author Amy Aronson, a journalist and media scholar, address these questions head-on as they make a compelling case for the importance of sociology in the contemporary world. While there are books that address the integration of technology into teaching curricula, very few address the process for teacher education faculty and the systemic reform of a teacher education program. Integrating Information Technology into the Teacher Education Curriculum: Process and Products of Change provides practical examples and suggestions for teacher education departments striving to integrate new technologies into their curriculum. It will help in the effort to motivate faculty to make utilizing new technology a natural strategy for the teachers they are educating. It describes the creation

of Design Teams at Brigham Young University's McKay School of Education (funded by a PT3 grant) and how these teams worked to successfully reconfigure the school's teacher preparation curricula.
